LP O POMAR

- 🔖 **TRIGGER** Leo Pando,2019-03-12 Roy Rogers’ golden palomino, Trigger, was the perhaps the most famous horse in film--more popular than the man himself among certain fans. In its expanded second edition, this detailed look at the animals and men who created the legend of the smartest horse in the movies examines the life story of the original Trigger--and his doubles, particularly Little Trigger, the extraordinary trick horse. Movies in which Trigger appeared without Rogers are discussed. More than 200 photographs (90 new to this edition) and 30,000 words of additional material are included, covering unresolved aspects of Trigger’s story, controversies surrounding the sale of the Roy Roger’s Museum collection and the fate of his legacy.

The merchandising history of Roy Rogers reveals that his marketing of character-related products was second only to that of Walt Disney; Roy Rogers memorabilia are still among the most popular items. - 🔖 **TYSON** Ellis Cashmore,2013-04-26 Beast. Monster. Savage. Psycho. The glowering menace of Mike Tyson has spooked us for almost two decades. And still we remain fascinated. Why? Ellis Cashmore’s answer is disturbing: white society has created Tyson as vengeance for the loss of privilege produced by civil rights. Cashmore’s eviscerating analysis of Tyson’s life and the culture in which he grew up, rose to prominence and descended into disgrace provokes the reader into re-thinking the role of one of the most controversial and infamous figures of recent history. Told as an odyssey-style homeward journey to Tyson’s multi-pathological origins in the racially-explosive ghettos of the 1960s, Tyson’s story is part biography, part tragedy and part exposition. His associations with people like Al Sharpton, Don King and Tupac Shakur shaped his life; and events, such as the O J Simpson trial and the Rodney King riots, formed a turbulent background for the Tyson psychodrama. Over the course of an epic boxing career, Tyson was transformed from the most celebrated athlete on earth to a primal, malevolent hate-figure. Yet, even after being condemned as a brute, Tyson retained a power - a power to captivate. Cashmore reveals that the sources of that power lie as much in us as in Tyson himself.
- 🔖 **TRAINER’S GUIDE** Jamie Waterman Purvis,1989
- 🔖 **THE HANDBOOK OF COMMUNICATION TRAINING** J D Wallace,Dennis Becker,2018-08-16 Communication remains a significant topic for job acquisition, development, and advancement. As such, there are no shortage of classes, seminars and books written on the subject. However, there are few designed for the corporate consultant that are not aligned with some proprietary system, traditional academic classrooms, or author’s speculation. These tend to be either inaccessible, questionable in their content, or specifically aligned with the producers’ interests. So where can the communication trainers and consultants go to focus on fundamental touchstone research and practices? The Handbook of Communication Training is a powerful template, and first of its kind, for communication practitioners and academicians who wish to strengthen their professional capabilities. It also acts as a guide and standard for consumers and clients of these services. The chapters within are an outgrowth of the National Communication Association’s Training & Development Division’s desire to provide guidance, structure, and support for members and non-members alike. It is specifically targeted at those pursuing best practices regarding communication consulting, coaching, teaching and training. The 7 best practices presented in this book represent capabilities that are foundational to the effective transfer of communication promotion and skill enhancement. As such, these practices, and supporting chapters, should appeal to novice and experts alike.
- 🔖 **THE DOG TRAINER’S RESOURCE 2** Mychelle Blake,2008-07-01 When the first volume of The Dog Trainer’s Resource was published in 2007, it became a resounding success among professional dog trainers and behaviorists. It also introduced a new generation of dog trainers to the profession and started them on the road to success with information from experts in the field. This new volume, The Dog Trainer’s Resource 2, contains more cutting edge information collected from dog training’s most influential magazine, The APDT Chronicle of the Dog, published by the Association of Pet Dog Trainers. Subjects covered in this book range from puppy training and socialization to working with veterinarians and how to run the business end of the leash. A special emphasis in this volume is on behavior problems including how to diagnose problem behaviors, training, and management strategies. It includes detailed case studies that give the reader insights from experts. Both new and seasoned dog trainers will benefit from the 73 articles written by 43 authors.

- 🔖 **DEVELOPING AN AUTOMATED TRAINING ANALYSIS AND FEEDBACK SYSTEM FOR TANK PLATOONS** Bill Brown (Cutlery collector),1997 The Army has adopted the After Action Review (AAR) process as the means of providing feedback after collective training exercises and the quality of AARs depends upon how well trainers can prepare and use data displays to show what happened during exercises and guide interactive discussions on how to improve unit performance. A previous report described a demonstration of the capability of the Automated Training Analysis and Feedback System (ATAFS) to automatically generate AAR aids after exercises in the networked simulator environment. This report describes the results of a follow-on effort to complete the development of the complete set of planned AAR capabilities and test the prototype ATAFS in a mix of Army National Guard training environments.--DTIC.
