Weekend Woodturning Projects Mark Baker,2014-09-04 Build your woodturning skills and confidence with this variety of projects that take between a couple of hours and a couple of days to complete. All of the 25 projects can be undertaken using a limited amount of tools and equipment. Making use of the six basic tools - spindle roughing gouge, spindle gouge, parting tool, bowl gouge, skew chisel and scrapers - the book will introduce a couple of carving tools and a boring tool and explain why and how to use them.Each project will have a list of tools and materials required, drawings with dimensions and a panel on the wood used. Sections on safety and seasoning wood are also included.

Build Stuff with Wood Asa Christiana,2017 A beginner's guide to woodworking, aimed at anyone who is interested in the craft but has only a few tools and no real idea where to start. The idea behind the book is to begin with a basic toolset (a circular saw, chop saw, cordless drill, jigsaw, and a few hand tools) and then add tools as you go

The Complete Book of Woodcarving Everett Ellenwood,2008-06-16 From making the first cut to applying the finish, this comprehensive resource covers every aspect of woodcarving. Everything is here for the beginning or advanced woodcarver, from choosing the appropriate wood; setting up a shop, selecting, using, and sharpening tools; and performing all the fundamental techniques, such as the push cut, pull cut, stop cut, and slicing cut. Every general carving style -- from classical to whimsical to rustic -- are detailed, as are the basic steps of power carving. Eight step-by-step projects designed to help newer woodcarvers build proficiency are included along with the plans for the rocking horse featured on the cover. Best of all, a handy resource section and a glossary round out this fully illustrated, must-have resource for all woodcarvers.

The Art and Craft of Wood Silas J. Kyler,2017-06-01 The Art and Craft of Wood shows you how to mill, stack, dry, and flatten a log into useable lumber and build a variety of household furnishings. Trees are all around us. They provide shade, beautify our neighborhoods, filter our water, and clean our air, but when they die, we often don't know what to do with them. Now you can learn the skills to reclaim those trees as lumber. Perfect for the woodworking hobbyist, The Art and Craft of Wood introduces readers to the basics of wood craft. The Art and Craft of Wood will inspire you to make something of your own through simple, step-by-step photos. As a reader, you will learn valuable skills, including: Where to find wood that you can reclaim for your own use How to mill, stack, dry, and flatten your log into useable lumber Create a variety of useful household furnishings in 7 step-by-step projects ranging in difficulty from novice to more complicated What to do with leftover material, such as making firestarters and animal bedding Authors Silas Kyler and David Hildreth are also the filmmakers behind the documentary Felled, a film about giving new life to urban trees; they have lived the process of refining wood. The Art and Craft of Wood is their guide to you!

The Art & Craft of Pyrography Lora S. Irish,2012-07-01 Although it is often referred to as woodburning, the art of pyrography can be worked on just about any natural surface, including gourds, leather, or cotton rag paper. Now Lora Irish, the author of the bestselling Great Book of Woodburning, offers thirty-five amazingly detailed new projects that explore the craft of pyrography across the full range of inventive pyro media. Inside her new book, readers will learn the basics of pyrography systems, tools, supplies and practice boards. Differences between the various substrates are examined and discussed, including both wood and non-wood working surfaces. Irish provides expert advice on temperature settings, fill patterns, hand positions, textures, stroke patterns and more. Chapters are included on creating tonal values, understanding shadows, adding color to your burnings, and finishing the work. Thirty-five new patterns illustrate the application of fine pyrography across a wide variety of imaginative media, including vegetable tanned leather, dried gourds, cotton fabric, artist paper, chipboard and papier-mâché. Irish is known for her amazingly detailed patterns that positively exude expression, and this book does not disappoint. Each fascinating project includes complete instructions plus photographs of both the finished piece and the work-in-progress across pale, medium, dark and detailed stages.
