Visions and Voice-Hearing in Medieval and Early Modern Contexts Hilary Powell, Corinne Saunders, 2020-12-11 This book examines how the experiences of hearing voices and seeing visions were understood within the cultural, literary, and intellectual contexts of the medieval and early modern periods. In the Middle Ages, these experiences were interpreted according to frameworks that could credit visionaries or voice-hearers with spiritual knowledge, and allow them to inhabit social roles that were as much desired as feared. Voice-hearing and visionary experience offered powerful creative possibilities in imaginative literature and were often central to the writing of inner, spiritual lives. Ideas about such experience were taken up and reshaped in response to the cultural shifts of the early modern period. These essays, which consider the period 1100 to 1700, offer diverse new insights into a complex, controversial, and contested category of human experience, exploring literary and spiritual works as illuminated by scientific and medical writings, natural philosophy and theology, and the visual arts. In extending and challenging contemporary bio-medical perspectives through the insights and methodologies of the arts and humanities, the volume offers a timely intervention within the wider project of the medical humanities. Chapters 2 and 5 are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

The Writings of Julian of Norwich Nicholas Watson, Jacqueline Jenkins, 2006 Julian of Norwich (ca. 1343–ca. 1416), a contemporary of Geoffrey Chaucer, William Langland, and John Wyclif, is the earliest woman writer of English we know about. Although she described herself as “a simple creature unlettered,” Julian is now widely recognized as one of the great speculative theologians of the Middle Ages, whose thinking about God as love has made a permanent contribution to the tradition of Christian belief. Despite her recent popularity, however, Julian is usually read only in translation and often in extracts rather than as a whole. This book presents a much-needed new edition of Julian’s writings in Middle English, one that makes possible the serious reading and study of her thought not just for students and scholars of Middle English but also for those with little or no previous experience with the language. • Separate texts of both Julian’s works, *A Vision Showed to a Devout Woman* and *A Revelation of Love*, with modern punctuation and paragraphing and partly regularized spelling. • A second, analytic edition of *A Vision* printed underneath the text of *A Revelation* to show what was left out, changed, or added as Julian expanded the earlier work into the later one. • Facing-page explanatory notes, with translations of difficult words and phrases, cross-references to other parts of the text, and citations of biblical and other sources. • A thoroughly accessible introduction to Julian’s life and writings. • An appendix of medieval and early modern records relating to Julian and her writings. • An analytic bibliography of editions, translations, scholarly studies, and other works. The most distinctive feature of this volume is the editors’ approach to the manuscripts. Middle English editions habitually retain original spellings of their base manuscript intact and only emend that manuscript when its readings make no sense. At once more interventionist and more speculative, this edition synthesizes readings from all the surviving manuscripts, with careful justification of each choice involved in this process. For readers who are not concerned with textual matters, the result will be a more readable and satisfying text. For Middle English scholars, the edition is intended both as a hypothesis and as a challenge to the assumptions the field brings to the business of editing.

Meanwhile, her teenage son is using the trunk of his car as a storage unit for strawberry -flavored vodka, sneaking out of the house and night and getting caught with smoking paraphernalia on Earth Day. As Wendy's desperation mounts, she discovers a tool that teaches her to trust her own instincts and learns that trying to find a solution often aggravates the problem. Her new found awareness opens the door as she learns how to deal with back pain and embrace her family.
