The Night Sister Jennifer McMahon,2015-08-04 The latest novel from New York Times best-selling author Jennifer McMahon is an atmospheric, gripping, and suspenseful tale that probes the bond between sisters and the peril of keeping secrets. Once the thriving attraction of rural Vermont, the Tower Motel now stands in disrepair, alive only in the memories of Amy, Piper, and Piper's kid sister, Margot. The three played there as girls until the day that their games uncovered something dark and twisted in the motel's past, something that ruined their friendship forever. Now adult, Piper and Margot have tried to forget what they found that fateful summer, but their lives are upended when Piper receives a panicked midnight call from Margot, with news of a horrific crime for which Amy stands accused. Suddenly, Margot and Piper are forced to relive the time that they found the suitcase that once belonged to Sylvie Slater, the aunt that Amy claimed had run away to Hollywood to live out her dream of becoming Hitchcock's next blonde bombshell leading lady. As Margot and Piper investigate, a cleverly woven plot unfolds—revealing the story of Sylvie and Rose, two other sisters who lived at the motel during its 1950s heyday. Each believed the other to be something truly monstrous, but only one carries the secret that would haunt the generations to come.

Immortal Blood drinkers Emily Rayven,2023-02-27 Quintus Aurelius has gone by many aliases over the passing centuries. Originating from ancient Rome now to over 2100 years later he's found home in a sleepy little beach town in New Zealand. It's 1986 and the world has changed a lot, being born totally deaf the road has been a hard one to live in with little communication with people over the passing centuries. Being totally estranged from his twin brother for the past millennium he has to cope with accidentally exposing himself as the vampire he is to a human, not just any human an employee that has been working for him for the last six years. With the immortals being a constant threat to vampires and their way of life, what happens when an immortal shows up who Quintus believed was dead from a time when he was still mortal. This book is written in New Zealand English and it is written more to the way New Zealanders speak, if you have never heard a kiwi speak the lingo in this book might not make sense to you. All of my books are written like this and I like to keep with my kiwi roots, in a sense it gives the characters each a character to them that they wouldn't have if they were American. I've based it at Kaiteriteri which is my most favourite beach in the world, it has a golden coarse sand that you don't see anywhere else with the clearest blue sea.

Living Dead in Dallas Charlaine Harris,2010 When a vampire asks Sookie Stackhouse to use her telepathic skills to find another missing vampire, she agrees under one condition: the bloodsuckers must promise to let the humans go unharmed. Easier said than done.

Club Dead Charlaine Harris,2003-04-29 Bon Temps's psychic waitress takes a dangerous road trip in the third novel in the #1 New York Times bestselling Sookie Stackhouse series—the inspiration for the HBO® original series True Blood. There's only one vampire Sookie Stackhouse is involved with (at least voluntarily) and it's Bill Compton. But recently he's been a little distant—in another state, distant. Then his sinister and sexy boss Eric Northman tells Sookie where she might find him. Next thing she knows, she's off to Jackson, Mississippi, to mingle with the under-underworld at Club Dead, a dangerous little haunt where the elite of vampire society can go to chill out and suck down some Type-O. But when Sookie finally finds Bill—caught in an act of serious betrayal—she's not sure whether to save him...or sharpen some stakes.

Dead and Gone Charlaine Harris,2010-04-06 The werewolves and shifters come out of the closet and throw the small town of Bon Temps into a tailspin in the ninth novel in the #1 New York Times bestselling Sookie Stackhouse series—the inspiration for the HBO® original series True Blood. Except for cocktail waitress Sookie Stackhouse, folks in Bon Temps, Louisiana, knew little about vamps—and nothing about Weres. Until now. The Weres and shifters have finally revealed their existence to the ordinary world, and the backlash may have claimed the life of someone Sookie knew. But her determination to find out who is responsible for the murder is put aside in

the face of a far greater danger. A race of unhuman beings—older, more powerful, and more secretive than vampires or werewolves—is preparing for war. And Sookie will find herself an all-too-human pawn in their battle...
