Dare Truth or Promise Paula Boock, 2013-12-16 A love story with a difference – girl meets girl, they fall in love. A powerful and turbulent novel about first love and crossing boundaries. Louie is a prefect at Woodhaugh High. She plays hockey, passes exams and acts in school plays. She's going to be a lawyer. Willa lives in a pub. She had an affair with the daughter of a preacher and was kicked out of Miller Park College. She just wants to get through her final exams and become a chef. Quietly. Then they fall in love – fast. And everything the girls were sure of – their families, their friends, their faith, their identities – are called into question. Willa and Louie face the consequences, difficulties and joys of their relationship. A fast-paced, turbulent but ultimately uplifting story of deep, painful, heart-wrenching first love. Written in Paula Boock's crisp, direct style this gripping book has a strong appeal for both adults and teenagers. '...an essential addition for all secondary school and public libraries.' Dr Elody Rathgen, Senior Lecturer in Education, University of Canterbury '...it has such a powerful and beautifully written message about the meaning of love.' Otago Daily Times 'I laughed, I cried, I held my breath, as Paula Boock's Willa and Louie fell in and out of love and dared to be true to themselves. Evening Post

You Gotta Want It Jake Paul, 2016-10-11 In this extremely positive, motivational, and often laugh-out-loud memoir, Jake Paul pauses long enough

from his supercharged day-to-day as a nineteen year old social media heartthrob and costar on the Disney Channel series Bizaardvark to share his takes on life, love, fame, and shooting for the moon. Growing up as a regular kid in Ohio, Jake Paul always knew he wanted to do something big, but he wasn't sure what that thing was—that is, until he found his calling as one of Vine's most famous comedians. As a high school sophomore, Jake began making comedy videos with his older brother, Logan, and posting them online. With every carefully staged prank, Jake and Logan's following grew—and after a few stumbling blocks, Jake finally forged his own way. Eventually, he traded his childhood home in Cleveland for sunny, sparkling Hollywood. In *You Gotta Want It*, Jake reflects on the path that led him to stardom. From learning the value of a disciplined work ethic, to achieving his goals and aspirations along the way to digital celebrity, to the crazy behind-the-scenes details of his journey as a creator and actor, Jake relates the most hysterical and intimate details of his life thus far—all with the signature humor, honesty, and unstoppable attitude that have won him millions of devoted followers.

Men Who Hate Women Laura Bates,2021-03-02 The first comprehensive undercover look at the terrorist movement no one is talking about. Men Who Hate Women examines the rise of secretive extremist communities who despise

women and traces the roots of misogyny across a complex spider web of groups. It includes eye-opening interviews with former members of these communities, the academics studying this movement, and the men fighting back. Women's rights activist Laura Bates wrote this book as someone who has been the target of many hate-fueled misogynistic attacks online. At first, the vitriol seemed to be the work of a small handful of individual men... but over time, the volume and consistency of the attacks hinted at something bigger and more ominous. As Bates went undercover into the corners of the internet, she found an unseen, organized movement of thousands of anonymous men wishing violence (and worse) upon women. In the book, Bates explores: Extreme communities like incels, pick-up artists, MGTOW, Men's Rights Activists and more The hateful, toxic rhetoric used by these groups How this movement connects to other extremist movements like white supremacy How young boys are targeted and slowly drawn in Where this ideology shows up in our everyday lives in mainstream media, our playgrounds, and our government By turns fascinating and horrifying, *Men Who Hate Women* is a broad, unflinching account of the deep current of loathing toward women and anti-feminism that underpins our society and is a must-read for parents, educators, and anyone who believes in equality for women. Praise for *Men Who Hate Women*: Laura Bates is showing us the path to both intimate and global survival.—Gloria Steinem Well-researched and meticulously documented, Bates's book on the power and danger of masculinity should be required reading for us all.—Library Journal *Men Who*

Pop Culture and Power Dawn H. Currie, Deirdre M. Kelly, 2022-03-01 Literacy education has historically characterized mass media as manipulative towards young people who, as a result, are in need of close-reading “skills.” By contrast, *Pop Culture and Power* treats literacy as a dynamic practice, shaped by its social and cultural context. It develops a framework to analyse power in its various manifestations, arguing that power works through popular culture, not as everyday media. *Pop Culture and Power* thus explores media engagement as an opportunity to promote social change. Seeing pop culture as a teaching opportunity rather than as a threat, Dawn H. Currie and Deirdre M. Kelly worked with K-12 educators to investigate how pop culture can support teaching for social justice. Currie and Kelly began the research for this project with a teacher education seminar in media analysis where participants designed classroom activities using board games, popular film, music videos, and advertisements. These activities were later piloted in participants’

classrooms, enabling the authors to identify and address practical issues encountered by student learners. Case studies describe the design, implementation, and retrospective assessment of activities engaging learners in media analysis and production. Following the case studies, the authors consider how their approach can foster ethical practices when engaging in the digital environment. Pop Culture and Power offers theoretically informed yet practical tools that can help educators prepare youth for engagement in our increasingly complex world of mediated meaning making.
