Lidia's Italy Lidia Matticchio Bastianich, Tanya Bastianich Manuali, 2010-08-18 Featuring 140 mouthwatering new recipes, a gastronomic journey of the Italian regions that have inspired and informed Lidia Bastianich's legendary cooking. For the home cook and the armchair traveler alike, Lidia's Italy offers a short introduction to ten regions of Italy—from Piemonte to Puglia—with commentary on nearby cultural treasures by Lidia's daughter Tanya, an art historian. · In Istria, now part of Croatia, where Lidia grew up, she forages again for wild asparagus, using it in a delicious soup and a frittata; Sauerkraut with Pork and Roast Goose with Mlinzi reflect the region's Middle European influences; and buzara, an old mariner's stew, draws on fish from the nearby sea. · From Trieste, Lidia gives seafood from the Adriatic, Viennese-style breaded veal cutlets and Beef Goulash, and Sacher Torte and Apple Strudel. · From Friuli, where cows graze on the rich tableland, comes Montasio cheese to make fricos; the corn fields yield polenta for Velvety Cornmeal-Spinach Soup. · In Padova and Treviso rice reigns supreme, and Lidia discovers hearty soups and risottos that highlight local flavors. · In Piemonte, the robust Barolo wine distinguishes a fork-tender stufato of beef; local white truffles with scrambled eggs is “heaven on a plate”; and a bagna cauda serves as a dip for local vegetables, including prized cardoons. · In Maremma, where hunting and foraging are a way of life, earthy foods are mainstays, such as slow-cooked rabbit sauce for pasta or gnocchi and boar tenderloin with prune-apple Sauce, with Galloping Figs for dessert. · In Rome Lidia revels in the fresh artichokes and fennel she finds in the Campo dei Fiori and brings back nine different ways of preparing them. · In Naples she gathers unusual seafood recipes and a special way of making limoncello-soaked cakes. · From Sicily's Palermo she brings back panelle, the delicious fried chickpea snack; a caponata of stewed summer vegetables; and the elegant Cannoli Napoleon. · In Puglia, at Italy's heel, where durum wheat grows at its best, she makes some of the region's glorious pasta dishes and re-creates a splendid focaccia from Altamura. There's something for everyone in this rich and satisfying book that will open up new horizons even to the most seasoned lover of Italy.

Who Do I Think I Am? Anjelah Johnson-Reyes, 2023-03-14 This hilarious and thoughtful memoir from comedy legend Anjelah Johnson-Reyes explores questions of identity, belonging, and her two dreams as a kid: to be an actress and to be a chola. You may know Anjelah Johnson-Reyes for her viral sketch Nail Salon (over 100 million views globally) or her beloved MadTV character Bon Qui Qui, but it's her clean humor and hilarious storytelling that make her one of the most successful stand-up comedians and actresses today. With her razor-sharp wit, Anjelah recounts funny stories from her journey—from growing up caught between two worlds (do chips and salsa go with potato salad?) to unexpectedly embracing faith (I love Jesus, but I will punch a 'ho) to her many adventures in dating (she may or may not have accepted dates simply for the food). Through it all, Anjelah transforms from a

suburban-adjacent kid with Aquanet-drenched hair into a devoted Christian who abstains from drinking and premarital sex, into a mall-famous Oakland Raiders cheerleader, and then an actually famous comedian traveling the world and meeting people from all-walks of life, including Oprah. No biggie. (Huge biggie.) As she travels the world, Anjelah has eye-opening experiences, and she morphs from square, rigid Anjelah into Funjelah, and learns that she can still ride with Jesus without squashing the other parts of her personality. Anjelah's stories explore subjects such as navigating your racial identity, finding your place in the world, chasing your crazy dreams, embracing the messiness of an evolving faith, and searching for belonging and meaning. Through her journey, Anjelah gets closer to discovering her true identity and encourages readers to have the audacity to dream big.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

I Will Survive Gloria Gaynor, 2014-03-11 I Will Survive is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including Honey Bee, I Got You Under My Skin, Never Can Say Goodbye, and the song that has immortalized her, I Will Survive, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and

never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

Tacky Rax King, 2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column *Store-Bought Is Fine*—Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to good taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, *Sex and the City*, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in *You Wanna Be On Top*, Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. The Meaning of Environmental Security Jon Barnett, 2001 This book is a comprehensive, critical discussion of the new idea of environmental security. Jon Barnett looks at links between environmental degradation and national security. But the meaning of the concept is ambiguous, and an examination of its various interpretations and applications reveals much about the state of global environmental politics. Barnett argues that environmental security is ultimately driven more by the power of security-makers than by the need to address environmental problems. By systematically uncovering the deficiencies of existing discourses, he develops an alternative, critical Green approach with practical implications.

The Black Image in the White Mind Robert M. Entman, Andrew Rojecki, 2010-02-15 Living in a segregated society, white Americans learn about African Americans not through personal relationships but through the images the media show them. *The Black Image in the White Mind* offers the most comprehensive look at the intricate racial patterns in the mass media and how they shape the ambivalent attitudes of Whites toward Blacks. Using the media, and especially television, as barometers of race relations, Robert Entman and Andrew Rojecki explore but then go beyond the treatment of African Americans on network and local news to incisively uncover the messages sent about race by the entertainment industry—from prime-time dramas and sitcoms to commercials and Hollywood movies. While the authors find very little in the media that intentionally promotes racism, they find even less that advances racial harmony. They reveal instead a subtle pattern of images that, while making room for Blacks, implies a racial hierarchy with Whites on top and promotes a sense of difference and conflict. Commercials, for example, feature plenty of Black characters. But unlike Whites, they rarely speak to or touch one another. In prime time, the few Blacks who escape sitcom buffoonery rarely enjoy informal, friendly contact with White colleagues—perhaps reinforcing social distance in real life. Entman and Rojecki interweave such astute observations with candid interviews of White Americans that make clear how these images of racial difference insinuate themselves into Whites' thinking. Despite its disturbing readings of television and film, the book's cogent analyses and proposed policy guidelines offer hope that America's powerful mediated racial separation can be successfully bridged. Entman and Rojecki look at how television news focuses on black poverty and crime out of proportion to the material reality of

black lives, how black 'experts' are only interviewed for 'black-themed' issues and how 'black politics' are distorted in the news, and conclude that, while there are more images of African-Americans on television now than there were years ago, these images often don't reflect a commitment to 'racial comity' or community-building between the races. Thoroughly researched and convincingly argued.—Publishers Weekly Drawing on their own research and that of a wide array of other scholars, Entman and Rojecki present a great deal of provocative data showing a general tendency to devalue blacks or force them into stock categories.—Ben Yagoda, New Leader Winner of the Frank Luther Mott Award for best book in Mass Communication and the Robert E. Lane Award for best book in political psychology.

Informing Decisions in a Changing Climate National Research Council,Division of Behavioral and Social Sciences and Education,Committee on the Human Dimensions of Global Change,Panel on Strategies and Methods for Climate-Related Decision Support,2009-06-04 Everyone-government agencies, private organizations, and individuals-is facing a changing climate: an environment in which it is no longer prudent to follow routines based on past climatic averages. State and local agencies in particular, as well as the federal government, need to consider what they will have to do differently if the 100-year flood arrives every decade or so, if the protected areas for threatened species are no longer habitable, or if a region can expect more frequent and more severe wildfires, hurricanes, droughts, water shortages, or other extreme environmental events. Both conceptually and practically, people and organizations will have to adjust what may be life-long assumptions to meet the potential consequences of climate change. How and where should bridges be built? What zoning rules may need to be changed? How can targets for reduced carbon emissions be met? These and myriad other questions will need to be answered in the coming years and decades. Informing Decisions in a Changing Climate examines the growing need for climate-related decision support-that is, organized efforts to produce, disseminate, and facilitate the use of data and information in order to improve the quality and efficacy of climate-related decisions. Drawing on evidence from past efforts to organize science for improved decision making, it develops guidance for government agencies and other institutions that will provide or use information for coping with climate change. This volume provides critical analysis of interest to agencies at every level, as well as private organizations that will have to cope with the world's changing climate.
