Tuning the Human Biofield Eileen Day McKusick, 2021-09-07 • Provides a precise map of the energetic biofield that surrounds the body, showing where specific emotions, memories, traumas, and pain are stored • Details how to locate stored trauma in the biofield with a tuning fork and clear it • Winner of the 2015 Nautilus Silver Award When Eileen McKusick began offering sound therapy in her massage practice she soon discovered she could use tuning forks to locate and hear disturbances in the energy field, or biofield, that surrounded each of her clients. Passing the tuning forks through these areas in the biofield not only corrected the distorted vibrational sounds she was hearing but also imparted consistent, predictable, and sometimes immediate relief from pain, anxiety, insomnia, migraines, depression, fibromyalgia, digestive disorders, and a host of other complaints. Now, more than 20 years later, McKusick has fully developed her sound healing method, which she calls Biofield Tuning, and created a map of the biofield, revealing the precise locations where specific emotions, memories, ailments, and traumas are stored. In this book, McKusick explains the basics of Biofield Tuning practice and provides illustrations of her Biofield Anatomy Map. She details how to use tuning forks to find and clear pain and trauma stored in the biofield and reveals how the traditional principles and locations of the chakras correspond directly with her biofield discoveries. Exploring the science behind Biofield Tuning, she examines scientific research on the nature of sound and energy and explains how experiences of trauma produce “pathological oscillations” in the biofield, causing a breakdown of order, structure, and function in the body. Offering a revolutionary perspective on mind, energy, memory, and trauma, McKusick’s guide to Biofield Tuning provides new avenues of healing for energy workers, massage therapists, sound healers, and those looking to overcome chronic illness and release the traumas of their past.

The Night in Lisbon Erich Maria Remarque,2014-02-04 History and fate collide as the Nazis rise to power in The Night in Lisbon, a classic tale of survival from the renowned author of All Quiet on the Western Front. With the world slowly sliding into war, it is crucial that enemies of the Reich flee Europe at once. But so many routes are closed, and so much money is needed. Then one night in Lisbon, as a poor young refugee gazes hungrily at a boat bound for America, a stranger approaches him with two tickets and a story to tell. It is a harrowing tale of bravery and butchery, daring and death, in which the price of love is beyond measure and the legacy of evil is infinite. As the refugee listens spellbound to the desperate teller, in a matter of hours the two form a unique and unshakable bond—one that will last all their lives. “The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure.”—The New York Times Book Review
