Reading Song Lyrics Lars Eckstein, 2010-01-01 Reading Song Lyrics offers the first systematic introduction to lyrics as a vibrant genre of (performed) literature. It takes lyrics seriously as a complex form of verbal art that has been unjustly neglected in literary, music, and, to a lesser degree, cultural studies, partly as it cuts squarely across institutional boundaries. The first part of this book accordingly introduces a thoroughly transdisciplinary interpretive framework. It outlines theoretical approaches to issues such as performance and performativity, generic convention and cultural capital, sound and songfulness, mediality and musical multimedia, and step by step applies them to the example of a single song. The second part then offers three extended case studies which showcase the larger cultural and historical viability of this model. Probing into the relationship between lyrics and the ambivalent performance of national culture in Britain, it offers exemplary readings of a highly subversive 1597 ayre by John Dowland, of an 1811 broadside ballad about Sara Baartman, 'The Hottentot Venus', and of a 2000 song by 'jungle punk' collective Asian Dub Foundation. Reading Song Lyrics demonstrates how and why song lyrics matter as a paradigmatic art form in the culture of modernity.

Just Add Music David J. McMullen, 2013-08-23 Everyone loves a song! But what is a song? To pare it back to basics, a song is a three- to five-minute story usually set to music. It generally consists of three or more verses tied together by a chorus. While the music is vital in conveying what the song sounds like and in capturing the listener's attention, it is the lyrics and the vocalist's interpretation of them that tell the story. In Just Add Music, or JAM, David J McMullen has compiled the lyrics to fit most popular genres of music, including but not limited to rock, pop, blues, country, Caribbean and adult contemporary. JAM is a book of 55 sets (Top 50 Plus 5) of song lyrics written for composers, producers and musicians to add the music to complete each song.
