

Turbo Racing League

Alex Trost, Vadim Kravetsky

Hottest Race Cars Erin Egan, 2007-09-01 Read about open-wheel race cars, the drivers, and the races they compete in, such as Formula One, the Indy Racing League, and the Champ series--Provided by publisher.

The Indy Car Wars Sigur E. Whitaker, 2015-10-27 The world of Champ Car auto racing was changing in the 1970s. As cars became more sophisticated, the cost of supporting a team had skyrocketed, making things difficult for team owners. In an effort to increase purses paid by racing promoters and win lucrative television contracts, a group of owners formed Championship Auto Racing Teams (CART) in 1978. Soon after, CART split from its sanctioning body, the United States Auto Club (USAC). Though Champ Cars ran on numerous tracks, the Indianapolis 500 was the payday that supported most teams through the season. From the beginning, CART had most of the successful teams and popular drivers, and they focused on driving a wedge between the track owners and the USAC. Over the next 30 years, the tension between CART and USAC ebbed and flowed until all parties realized that reunification was needed for the sake of the sport. This book details the fight over control of Champ Car racing before reunification in 2008.

Turbo Racing Team , 2013

Race Cars Ian Graham, 2008 Have you ever wanted to drive a race car? This new edition of 'Race Cars' looks at how the fastest cars on the track are designed, built, and driven. Lined up for inspection are the V8 NASCAR stock cars, the Audi R10 Le Mans sports car, the caged-in supercharged Top Fuel Dragsters. Take a closer look at the McLaren MP4-22 and what its Formula 1 team does to keep it on top. Start your engines. The revised and updated 'Designed for Success' series shows how designers create the very best cars, planes, motorcycles, and other exciting vehicles. It

explains the many design challenges that designers and engineers must overcome and the factors they must take into account, such as materials, cost, and new technology.

Esports and the Media Angel Torres-Toukouridis, 2022-07-04 This book takes a multidisciplinary approach to the question of esports and their role in society. A diverse group of authors tackle the impact of esports and the ways in which it has grown within the entertainment industry around the world. Chapters offer a coherent response to the following questions: What role do esports play in the entertainment industry? What communication skills can be learned through esports? What do the media gain from broadcasting esports? What is the relationship between social networks and esports? What are the main marketing strategies used in esports? What effect does communicative globalization have on the development of esports? What is the relationship between merchandising and esports? What do communication experts think about esports? Offering clear insights into this rapidly developing area, this volume will be of great interest to scholars, students, and anyone working in game studies, new media, leisure, sport studies, communication studies, transmedia literacy, and digital culture. The Comprehensive Guide to Careers in Sports

Glenn Wong, 2011-06-07 As more students enter the growing field of sports management, there is a greater need for information informing them about their career choices. *Careers in Sports* provides an overview of what students should consider and expect from the varied career options available to them. This book answers the questions students are most likely to have, including what courses they should take, what areas are available to them, what salary can they expect to earn after graduation, and how they can get the job of their dreams. In the highly competitive field of sports management, it is important for individuals to prepare themselves well and to make the right decisions along the way. Although there are no guarantees of success, this book will increase students' likelihood of finding success in the sports industry. Encouraging research and realistic expectations, this book has been developed by an author with many years of experience as a respected practitioner, teacher and internship coordinator.
