Longbeards, Callmakers, and Memories Earl Mickel,2009-03 Earl Mickel--one of the country's leading authorities on turkey calls--took on a challenge that any seasoned turkey hunter would have relished. He traveled to all forty-nine states that are home to wild turkeys and--using a call made in each state--bagged Longbeards (and only Longbeards). Within six years, Earl had not only met the challenge, but also accumulated a wealth of amazing stories and a collection of beautifully crafted turkey calls. Longbeards, Callmakers and Memories is the story of Mickel's adventure, the people he encountered on his journey, and the various calls he used. Along with sharing his experiences, Earl includes hundreds of photographs--including a full-color insert of unique turkey calls. He also offers words of wisdom, insightful sayings, and even poems that were written by some of the hunters he met and by Earl himself. Turkey Calls Howard L. Harlan,1994

Tenth Legion Tom Kelly,2021 Tenth Legion has long been considered the greatest - and most hilarious - book on turkey hunting. Yet until now it was only available in a privately published edition. Many people who hunt turkeys do so with an attention to detail, a regard for strategy, tactics, and operations, and a disregard for personal comfort and convenience that ranks second only to war. As for all cultists, it never occurs to them that they may be anachronisms. Supremely unconscious of the rest of the world, blind and deaf to logic and reason, they walk along their different roads in step to the music of their different drums.

Fall & Winter Turkey Hunter's Handbook Steve Hitkoff,2007-07-30 Scouting specifics for the 40+ states that offer fall and winter turkey hunting seasons Tactics for approaching landowners and securing permission to hunt private land plus strategies for firearms, bowhunting, and hunting turkeys with dogs Insights on turkey vocalizations, calling birds, locating fall and winter roosts, and patterning flocks For the sportsman who thrills at the booming gobble of a spring tom during mating season and wants to extend that exhilarating feeling, Steve Hickoff's Fall and Winter Turkey Hunter's Handbook offers the perfect remedy. Hickoff examines fall turkey behavior

and vocalizations and provides details on locating, scouting, and calling fall gobblers, with tips for mapping flock patterns and identifying changing flock composition. Also discussed is the little-known strategy of hunting turkeys with dogs, using them to find and flush flocks. The material on firearms, ammunition, and archery tackle will benefit all turkey hunters--fall, winter, or spring.

The Old Pro Turkey Hunter Gene Nunnery,2018-10-15 During his life, Gene Nunnery was recognized as a master turkey hunter and an artisan who crafted unique, almost irresistible turkey calls. In *The Old Pro Turkey Hunter*, the vaunted sportsman shares over fifty years of personal experience in Mississippi and surrounding states, along with the decades-old wisdom of the huntsmen who taught him. Throughout the book, his stories make clear that turkey hunting is more than just killing the bird--it is about matching wits with a wild and savvy adversary. As Nunnery explains, To me that's what it's all about: finding a wise old gobbler who will test your skill as a turkey hunter. Through his stories, Nunnery reveals that the true reward for successful turkey hunting lies in winning the contest, not necessarily exterminating the foe. Real sportsmen know that every now and then the turkey should and will elude the hunter. As Nunnery looks back on his extensive career, he analyzes vast differences in practice, old and new. The shift, he decides, came during his last twenty years on the hunt, and that difference has only increased in the decades since this book was originally published. Michael O. Giles, Bass Pro staff team member, master turkey hunter, and award-winning outdoors writer and author of *Passion of the Wild*, writes a new foreword that brings the practice of turkey hunting into the present day. Filled with a tested mixture of common sense and specific examples of how master turkey hunters honor their harvest and heritage, *The Old Pro Turkey Hunter* is the perfect companion for the novice or the adept.

Neil Cost Michael F. Marks,Neil Douglas Cost,2004-01-01 A full color coffee table book on the rarest and most exceptional turkey calls made by the late master callmaker Neil D. Cost of Greenwood South Carolina. Brilliant cloth covered casebound book issued in a signed and numbered limited edition of only 1500 copies.

Illumination in the Flatwoods Joe Hutto,2018-08 An unforgettable story about the fascinating behavior of the most elusive of wild game birds. When Joe Hutto began his experiment in imprinting two dozen wild turkey--in the tradition of the great animal behaviorist, Konrad Lorenz--he had no idea that it would change his life. Told with skill and humor, and vibrating with the natural wonders of the Florida flatwoods, *Illumination in the Flatwoods* will amaze and enrich all who share this season with the wild turkey.

America, Wild Turkeys and Mongrel Dogs Kenny Morgan,2014-11-01 Morgan's humorous and resource-filled collection of essays centers on turkey hunting, wildlife behavior, and growing up in the small Louisiana town of Jackson in the mid-20th century.A mixed breed of a book, it's what you get when you cross the roguish, homespun charm of a master storyteller with the wisdom of a master hunter, turkey caller maker, inventor, naturalist, and teacher-philosopher.With humility and humor the late Kenny Morgan (1946-2011) uses the antics of his lovable, but uncivilized childhood mongrel dog, Buster, as allegory for human nature, with the gentle reminder that how you act matters. Morgan offers a witty examination of simpler times, giving voice to characters and shenanigans of his colorful life, with relevance -- life lessons -- for our time. The book's format pairs lush images of wildlife and American landscapes with Morgan's thoughtful musings on 50+ years of pursuing the wild turkey--and the practice he's learned along the way to live artfully. My intent is to set standards by teaching the artistry of the hunt: practicing cleverness and integrity in the pursuit of wild things, he says.Indeed, the book brims with expert wild turkey-calling and -hunting technique. But its real beauty comes through Morgan's captivating observations of wildlife, told with vivid tales that ensnare hunters and non-hunters alike with fascinating insights, such as how animals communicate--even across species--to look out for one another.Even more, it's about applying principles learned in the wild to cultivate decency with choices we make on the paths of the everyday.Anyone who appreciates a story well-told and compelling art photographs, or someone looking for first-rate tips to call up and bag a gobbler, will find this book a valuable addition to their library, nightstand, or coffee table.America, Wild Turkeys & Mongrel Dogs is a celebration of the joy that is all around us.

Successful Turkey Hunting John Higley,2014-05-06 Your go-to guide for all things turkey hunting. *Successful Turkey Hunting* is based on five years of columns written for the publications of the National Wild Turkey Federation, with a few stories from other publications tossed in the mix. Authors John Higley and J.J. Reich have expanded and updated the articles to fit the format of this book. Included are such subjects as what drives turkey behavior, the importance of calling, how anyone can learn to call, and the part woodsmanship plays. Also included are thoughts on basic equipment and how to deal with a wide range of scenarios encountered while hunting wild turkeys. Featured in many of the columns are such recognized professional turkey hunters as Paul Butski, Ray Eye, Matt Morrett, Alex Rutledge, Eddie Salter, Preston Pittman, Chris Parrish and Mossy Oak's Ronnie Cuz" Strictland. In articles, seminars, and this book, Higley and Reich have tried to really get into what turkey hunting is all about. It is their hope that these chapters will lead hunters to a better understanding of all phases of turkey hunting, and ultimately result in more successful hunts in spring and fall. Fall and Winter Turkey Hunter's Handbook Steve Hickoff,2007 A guide to hunting turkey in the fall and winter season which covers scouting specifics, terms, calling, roosts and gobblers, changing flock composition, patterning, gear, guns, bows, safety, and attire.

Advanced Turkey Hunting Michael Hanbeck,2003-02 Every spring, millions of hunters take to the fields and forests in search of wild turkeys. While some hunters are successful in bagging their bird, many come home empty-handed. This book was written to help hunters locate and harvest mature gobblers. In these pages, author Gary Clancy explains the proven tips and techniques of the best wild turkey hunters in the country. The list of contributors for this book reads like a who's who in the turkey world: Mark Drury, David Hale, Harold Knight, and Walter Parrot to name a few. These experts share their secrets for hunting gobblers on public land, in open spaces, during rainy and windy weather, and other special situations that often cause problems for turkey hunters. This book also shows the hunter how to best handle the meat and feathers from a trophy bird after a successful hunt.'
