Turn Off Your Mind Gary Lachman,2011 How did a decade that dawned with the Age of Aquarius end in Altamont and the Manson Family bloodbath? The 1960s were a time of revolution - political, social psychedelic, sexual. But there was another revolution that many historians forget the rise of a powerful current that permeated pop culture and has been a central influence on it ever since. It was a magical revolution - a revival of the occult. Previously rejected and ridiculed beliefs took centre stage, reaching the Beatles and the Rolling Stones, saturating the the hippies and flower power, hitting the big screen with Rosemary's Baby and the bookshelves with Lord of the Rings. The Tarot. I Ching, astrology, Kabbala, yogis, witchcraft, UFOs, Aleister Crowley. Yin Yang and the Tibetan Book of the Dead now became the common currency they are today. But the vibes went bad, the auras darkened. Did that darker undercurrent win out? Gary Lachman here charts this explosion, its rise and fall, and its enduring legacy --This text refers to an out of print or unavailable edition of this title.

Switch On, Switch Off Melvin Berger,1990-09 Let's-Read-and-Find-Out Science Stage 2.

Wisdom from the Couch Jennifer Kunst,2014-06-10 A simple yet sophisticated model of personal growth that can lead to lasting change, drawn from the truths of psychoanalysis.

The Dedalus Book of the 1960s Gary Lachman,2022-01-23 It is the 60s – yes it is magic, sex, drugs and rock and roll. In *The Dedalus Book of the 1960s: Turn Off Your Mind*, Gary Lachman uncovers the Love Generation's roots in occultism and explores the dark side of the Age of Aquarius. His provocative

revision of the 1960s counterculture links Flower Power to mystical fascism, and follows the magical current that enveloped luminaries like the Beatles, Timothy Leary and the Rolling Stones, and darker stars like Charles Manson, Anton LaVey, and the Process Church of the Final Judgment. Acclaimed by satanists and fundamentalist Christians alike, this edition includes a revised text incorporating new material on the 'suicide cult' surrounding Carlos Castaneda; the hippy serial killer Charles Sobhraj; the strange case of Ira Einhorn, 'the Unicorn'; the CIA and ESP; the new millennialism and more. From H.P. Lovecraft to the Hell's Angels, find out how the Morning of the Magicians became the Night of the Living Dead.

Learning to flick THE OFF-SWITCH when you leave work is essential- not only for your sanity but also for your job. Turn It Up! Jen Calonita, 2018-01-02 From the author of the Fairy Tale Reform School and the Belles series comes a contemporary YA that sings with hilarity and fun. The Nightingales are in a serious funk. Bradley Academy's all-girl cappella group used to be the pride of the sunshine state, but the Nightingales have recently fallen out of harmony. Best friends and co-captains Lidia Sato and Sydney Marino haven't been speaking ever since a boy came between them. And not just any boy-none other than Griffin Mancini, the lead singer of Bradley Academy's smug all-boy capella group, the Kingfishers. The Nightingales have no chance of making it to the big state final if their captains are at each other's throats. Their only hope is new girl Julianna Ramirez. But in addition to her serious pipes, she has some serious stage fright. The Nightingales will have to come together if they want to shine at the upcoming competition and restore the group to its former glory. Turn It Up! follows Lidia, Sydney, and Julianna through the ups and downs of friendship, romance, competition, and finding the perfect song!

Goodnight Mind Colleen E. Carney, Rachel Manber, 2013-06-01 Do you find yourself lying awake at night, ruminating about the events of the day? Do you toss and turn, worrying about what you have to do in the morning or what you did earlier in the day? If so, you are not alone. In fact, insomnia is the most

common sleep disorder faced by the general population today. The most common complaint in those who have trouble sleeping is having a “noisy mind.” Sometimes, no matter how hard you try, it seems like you cannot silence all the internal dialogue. So what do you do when your mind is spinning and your thoughts just won’t stop? Accessible, enjoyable, and grounded in evidence-based cognitive behavioral therapy (CBT), *Goodnight Mind* directly addresses the effects of rumination—or having an overactive brain—on your ability to sleep well. Written by two psychologists who specialize in sleep disorders, the book contains helpful exercises and insights into how you can better manage your thoughts at bedtime, and finally get some sleep. Traditional treatment for insomnia is usually focused on medications that promote sedation rather than on the behavioral causes of insomnia. Unfortunately, medication can often lead to addiction, and a host of other side effects. This is a great book for anyone who is looking for effective therapy to treat insomnia without the use of medication. This informative, small-format book is easy-to-read and lightweight, making it perfect for late-night reading.

Turn It Up! National Geographic Kids, 2019 Presents a history of music, covering the most famous musicians, major music genres, instruments and sounds, and the artistry of distinctive musical styles.

Better Off Eric Brende, 2009-10-13 What happens when a graduate of MIT, the bastion of technological advancement, and his bride move to a community so primitive in its technology that even Amish groups consider it antiquated? Eric Brende conceives a real-life experiment: to see if, in fact, all our cell phones, wide-screen TVs, and SUVs have made life easier and better -- or whether life would be preferable without them. By turns, the query narrows down to a single question: What is the least we need to achieve the most? With this in mind, the Brendes ditch their car, electric stove, refrigerator, running water, and everything else motorized or hooked to the grid and begin an eighteen-month trial run -- one that dramatically changes the way they live, and proves entertaining and surprising to readers. *Better Off* is a smart, often comedic, and always riveting book that also mingles scientific analysis with the human story, demonstrating how a world free of technological excess can shrink stress -- and waistlines -- and expand happiness, health, and leisure. Our notion that technophobes are backward gets turned on its head as the Brendes realize that the crucial technological decisions of their adopted Minimate community are made more soberly and deliberately than in the surrounding culture, and the result is greater -- not lesser -- mastery over the conditions of human existence.

Turn It Up Melanie Spring, 2014-05-20 Behind every squad, there's a story. Welcome back to the world of high school cheerleading. Fresh from the excitement of Regionals, the Northside High JV cheerleaders have set their sights on the prize -- Nationals. But even the most devoted Timberwolves can't eat, sleep, and breathe cheer. Kate's distracted by her new boy-slash-friend, and Devin's dealing with her own long-distance relationship. Emily is overscheduled as usual, and Chloe has taken an interest in community service, volunteering at a local organization that helps families facing tough times. When Chloe discovers that one of their own needs help, can the squad rally to support their teammate? Book 2 in the Varsity series has more best-friend drama, boy trouble, and, of course, sideline spirit!
