*#tweetSMART* J. S. McDougall, 2012-02-14 OK. I've got my Twitter account...now what can I do with it? Sound familiar? *#tweetSMART* provides the answer with 25 creative projects to help your business, cause, or organization grow. But this isn't just

another social media marketing book—it's the anti-marketing how-to community-engagement book.

Twitter is not a marketing channel (and should never be used as such) but it is a community of interested, engaged, and influential people. Meeting and getting to know these people can help you build your own community. In this useful guide, you'll find projects to help you approach your Twitter audience in ways that are strategic, measurable, and fun. Put a new wrinkle on an old contest: be the 10th person to tweet Create a hashtag game around your company or products Instead of polling, ask your followers to help you make a product decision Make MadLibs out of your marketing copy or mission statement Hold a scavenger hunt, and relay clues via Twitter Organize a weekly Twitter chat on various subjects Solicit funny product shots, using Twitter's photo-sharing utility Spontaneously tweet from a store location: Meet me now and win!

*Go Tweet Yourself* Janelle Randazza, 2009-10-18  
Flip Twitter the bird. Tell Facebook to f#@% off. Lose it on LinkedIn. Somewhere between the advent of Facebook and launching Twitter to the masses, the Internet betrayed us. It allowed pages to be viewed by job interviewers, newsfeeds to be flooded by Aunt Julie, and for constant tweets about what color socks that random girl from the study group is going to wear today. This book is the hilarious reply all that says: enough is enough. We don't want to see the pictures from your business trip to Omaha. We don't want a page-by-page account of what's going on in Twilight. We definitely don't want a virtual drink! When you

can't fix the problem, fix the blame. And since there's no way in 2.0-hell that you can put an end to the bastardization of the Book, you may as well have a good laugh while pointing the finger at those who ruined their online experience.
