

Tweets Around You

Stephen Harris

#tweetSMART J. S. McDougall, 2012-02-14 OK. I've got my Twitter account...now what can I do with it? Sound familiar? **#tweetSMART** provides the answer with 25 creative projects to help your business, cause, or organization grow. But this isn't just another social media marketing book—it's the anti-marketing how-to community-engagement book. Twitter is not a marketing channel (and should never be used as such) but it is a community of interested, engaged, and influential people. Meeting and getting to know these people can help you build your own community. In this useful guide, you'll find projects to help you approach your Twitter audience in ways that are strategic, measurable, and fun. Put a new wrinkle on an old contest: be the 10th person to tweet Create a hashtag game around your company or products Instead of polling, ask your followers to help you make a product decision Make MadLibs out of your marketing copy or mission statement Hold a scavenger hunt, and relay clues via Twitter Organize a weekly Twitter chat on various subjects Solicit funny product shots, using Twitter's photo-sharing utility Spontaneously tweet from a store location: Meet me now and win!

Tweet If You Heart Jesus Elizabeth Drescher, 2011-05-01 Social media has ushered in a dramatic global shift in the nature of faith, social consciousness, and relationships. How do churches navigate the Digital Reformation? **Tweet If You Heart Jesus** brings the wisdom of ancient and medieval Christianity into conversation with contemporary theories of cultural change and the realities of social media, all to help churches navigate a landscape where faith, leadership, and community have taken on new meanings.

You Are What You Tweet Germany Kent, 2015-05-12 **You Are What You Tweet** is a cheerfully optimistic book filled with humor and strategies that will help you become Twitter-savvy. This inspiring book serves as far more than a guide to finding your niche on Twitter. It also gives you the tools you need to master this remarkable communication tool and connect with intriguing people around the world. This inspiring, encouraging book will teach you how adapting a new mindset and using positivity can propel you to becoming influential on social media and greatly enhance your own life. **You Are What You Tweet** teaches you how to engage your audience with quality content, making it nearly a prerequisite for you to be in the right state of mind. After reading this book, you'll learn how, surprisingly, Twitter can help you to find yourself and feel supported to be who you are.

Civil Servant 2.0 Davied van Berlo, 2011 In this book Dutch civil servant Davied van Berlo explains the significance of web 2.0 for government in terms of its internal organisation, its relationship with the public, and the working methods of the civil servant. The second part, **Civil Servant 2.0 beta**, provides a practical interpretation of the concepts expressed in the first part, and contains action points and ideas for government organisations to develop their own strategies for government 2.0. - back cover.

Think Again Adam Grant, 2023-12-26 #1 New York Times Bestseller "THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In **Think Again**, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I've never felt so

hopeful about what I don't know." –Brené Brown, Ph.D., #1 New York Times bestselling author of Dare to Lead The #1 New York Times bestselling author of Hidden Potential, Originals, and Give and Take examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of Originals and Give and Take, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. Think Again reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

How to Prevent the Next Pandemic Bill Gates, 2022-05-03 Governments, businesses, and individuals around the world are thinking about what happens after the COVID-19 pandemic. Can we hope to not only ward off another COVID-like disaster but also eliminate all respiratory diseases, including the flu? Bill Gates, one of our greatest and most effective thinkers and activists, believes the answer is yes. The author of the #1 New York Times best seller How to Avoid a Climate Disaster lays out clearly and convincingly what the world should have learned from COVID-19 and what all of us can do to ward off another catastrophe like it. Relying on the shared knowledge of the world's foremost experts and on his own experience of combating fatal diseases through the Gates Foundation, Gates first helps us understand the science of infectious diseases. Then he shows us how the nations of the world, working in conjunction with one another and with the private sector, how we can prevent a new pandemic from killing millions of people and devastating the global economy. Here is a clarion call—strong, comprehensive, and of the gravest importance.

The Rough Guide Snapshot to Social Media: Twitter Basics Sean Mahoney, 2012-09-24 The Rough Guide Snapshot to Social Media: Twitter Basics will tell you everything you need to know to get started on Twitter, the biggest contender to Facebook's social networking crown. You Can't Be Serious Kal Penn, 2022-08-09 Kal Penn's unlikely career arc has taken him from nerdy American kid from an immigrant family in the New York suburb of Montclair, New Jersey, to world-famous actor, to White House staffer under President Obama, and back to actor again. Now, in *You Can't Be Serious*, he reflects on the most ridiculous, offensive, and rewarding moments that have stood out during his journey. With intelligence, humor, and charm on every page, Penn explores what it means to be the embodiment of the American Dream, as the child of immigrant parents who came to this country with very little, and who never expected to see their son get his big break by sliding off an oiled-up naked woman in a raunchy Ryan Reynolds movie. He also pulls back the curtain on racism in Hollywood and the constant reminders that he would never fit in. And of course, he reveals how, after twenty-five years fighting for success in Hollywood, he made the terrifying but rewarding decision to walk away from it all for a career in politics. Above all, *You Can't Be Serious* shows that everyone can have more than one life story. Penn bravely demonstrates by example that no matter who you are and where you come from, you have many

more choices than those presented to you. It's a story about struggle, triumph, and learning how to keep your head up. And okay, yes, it's also about whether Kal really smoked weed in the White House with the former First Lady-- because let's be honest, that's what you really want to know--

Twitter For Dummies, Mini Edition Laura Fitton, Michael Gruen, Leslie Poston, 2011-01-14 Learn all the things you can do with Twitter! #Standards Tweet Karen Bartleson, 2010 It's true. Creating industry standards is a game. To be successful at it, you must be cooperative as well as competitive, proactive as well as instinctive, technical as well as practical. You've got to know the rules of the game as well as various strategies for winning it. Which is why standards veteran and blogger Karen Bartleson wrote '#STANDARDStweet Book01, ' the must-have playbook for industry standards leaders and followers. In 140 bite-sized insights, Bartleson illuminates the standards game for readers by providing an understanding of what standards are and why they are important, as well as presenting ideas for creating better standards and respecting the standardization process. Using her thirty years of experience in the computer chip industry as well as her fourteen years in the area of standards for electronic design automation, Bartleson helps industry standards players focus their game on the future of electronic design by honoring an approach to standards that can increase productivity, solve design problems, and still leave plenty of room for innovation. Whether you're already in the standards game or preparing to join it, '#STANDARDStweet Book01' will make you better equipped to play your best and come out a winner. '#STANDARDStweet Book01' is part of the THINKaha series whose 100-page books contain 140 well-thought-out quotes (tweets/ahas).
