UFO Frontier Kenny Young,S. Patrick FEENEY,2009-10 In UFO Frontier, Cincinnati-based Ufologist Kenny Young's body of work is revealed including his investigations into Jackie Gleason and The Pickled Men, pre-Roswell UFO crashes, the 1997 Phoenix Lights, phantom blasts, mystery planes, weird creatures, stealth aerospace technology, crop circles, police and government UFO incidents, and private industry involvement. No crackpot flying saucer personality or organization is safe from his level-headed criticism. Editor and fellow paranormal researcher S. Patrick Feeney merges several of Young's unpublished works into this single anthology.

SYLVANIA, LUCAS COUNTY, OHIO; Gayleen Gindy,2014-04 Join the author in reliving Sylvania's over 180 years of history from footpaths to expressways and beyond, in volume four of an eight volume set. With 30 years of research she has included every subject imaginable that helped bring Sylvania to where they are today, with excellent schools, over-the-top parks and recreation, rich beautiful homes, commercial and industrial businesses and a quaint historical downtown that looks like it was planned by Norman Rockwell himself. This book is a treasure trove of information for the thousands who have ancestors that once lived and helped Sylvania grow through these years. Located in northwestern Ohio, Sylvania is a suburb of Toledo, Ohio and for many years has been known as the fastest growing suburb in Lucas County. A once rural farm community, between both the city and township they have grown from a combined 2,220 residents in 1910, to 48,487 in 2010. Over a short period of time the land has transformed into beautiful subdivisions of grand houses, so that now their subdivision names are all that remain to remind them of their once dense forests and sprawling farmlands. No longer can Sylvania be called the bedroom community of Toledo, because over the last 50 years they have done a lot more than sleep.

Chinese Complaint Systems Qiang Fang,2013 Despite the rich heritage of numerous complaint systems in Chinese history, most Western as well as Chinese studies of one or more complaint systems in the PRC and earlier periods have paid little systematic attention to the origins, development, practices, impact, and nature of similar institutions in the longue durée of Chinese history. This book fills this gap, providing the reader with a comprehensive study of complaint systems in Chinese history from early times to the present. As such it will be of huge interest to students and scholars of Chinese history, politics and law.

Township Michael D. Sublett,2004 The contemporary method of township government arrived in Illinois in the middle of the nineteenth century. Replacing the commission method of county government, which Illinois had employed since statehood in 1818, the township innovation spread south and westward across Illinois, almost completely ousting the county commissioners. Today, the commission format survives only in seventeen peripheral and largely rural Illinois counties. This book asserts that townships have persisted partly because they offer vital services at a reasonable cost to taxpayers, but also because of a vigorous defense of the method made by township officials with political connections in the Illinois general assembly. Discussing the successes and failures of attempts by abolition-minded citizens to eliminate all or individual townships in various counties, Township focuses on the spatial diffusion, periodic threats to, and determined persistence of the township system.
