

Tybee Island Ga

Polly Wylly Cooper, Ellen Lyle Taber

Tybee Island James Mack Adams,2000 Tybee Island is a tiny piece of land, only-two-and-a-half miles long and two-thirds of a mile wide; however, its strategic location near the mouth of the Savannah River assigned to it an important role in the birth and history of the state of Georgia. Over this coastal community five flags have flown, representing Spain, France, England, the Confederate States of America, and the United States of America. Using numerous vintage photographs from the archives of the Tybee Island Historical Society, Tybee Island guides the reader through over two hundred years of history. Although much of its history is linked to nearby Savannah, Tybee is singular among Georgia's coastal islands, and has a history and lore that is uniquely its own. This visual journey begins with the building of Georgia's oldest and tallest lighthouse, and continues through Tybee's involvement in the Civil War. Also covered are the island's later roles as a military installation, a popular coastal resort, and a residential community. Vintage photographs recall earlier days on Tybee, when the island was known as Ocean City, Savannah Beach, and, to some, the best kept secret on the East Coast.

Tybee Island Robert A. Ciucevich,2005-11-16 From Gule Indians and Spanish explorers to its glory days as the queen of south Atlantic beach resorts and beyond, Tybee Islands quiet charm hides a rich and occasionally violent history. Soldiers, rebels, and rumrunners all found their place in history here as great battles, fires, and hurricanes played out over time. Through centuries of change, Tybee has remained one of the Souths most popular resorts.

Tybee Days Ellen Lyle Taber,Polly Wylly Cooper,2009 Ellen and Polly have captured the very essence of one of the Coastal Empire's jewels, Tybee Island. The book brings wonderful memories of childhood to mind as well as later memories of lost weekends.--film producer Stratton Leopold.

Hotel Tybee Harry George Spirides,2013 Discover Tybee Island's historic hotel that witnessed hurricanes, wars, a riot, murder, Prohibition, and the Great Depression. Tybee Island was a mostly undeveloped tropical island situated 12 miles east of Savannah in the 1880s when businessman Daniel Purse bought most of the island with the intention of transforming it into a seaside resort destination. There were no roads to Tybee at the time. To overcome the obstacle of a two-hour boat ride from Savannah, Purse built a railroad connecting Tybee to Savannah. Thousands of new tourists began flocking to Tybee's beautiful beaches, though most could not stay due to inadequate lodging accommodations. In 1889, Savannah National Bank president and future mayor of Savannah Herman Myers and investors constructed Hotel Tybee, which was one of the finest hotels in the country. For over seven decades, Hotel Tybee hosted vacations, conventions, social events, and gambling. The establishment was ravaged by fire in 1909 but was resurrected more magnificent than before.

Tybee Island James Adams,2000-08 Tybee Island is a tiny piece of land, only-two-and-a-half miles long and two-thirds of a mile wide; however, its strategic location near the mouth of the Savannah River assigned to it an important role in the birth and history of the state of Georgia. Over this coastal community five flags have flown, representing Spain, France, England, the Confederate States of America, and the United States of America. Using numerous vintage photographs from the archives of the Tybee Island Historical Society, Tybee Island guides the reader through over two hundred years of history. Although much of its history is linked to nearby Savannah, Tybee is singular among Georgia's coastal islands, and has a history and lore that is uniquely its own. This visual journey begins with the building of Georgia's oldest and tallest lighthouse, and continues through Tybee's involvement in the Civil War. Also covered are the island's later roles as a military installation, a popular coastal resort, and a residential community. Vintage photographs recall earlier days on Tybee, when the island was known as Ocean City, Savannah Beach, and, to some, the best kept secret on the East Coast.

A History of Tybee Islands, Ga., and a Sketch of the Savannah & Tybee R. R. Beale H. [from old catalog] Richardson,1886

Sand Between Our Toes Polly Wyly Cooper, Ellen Lyle Taber, 2009 Endorsed by Author Pat Conroy, Two Nostalgic Books about Tybee Island, Georgia: A Cultural History and a Photo Journal, Top Savannah's December 23, 2009 Bestseller List. Old Tybee has returned. Two cultural histories of Tybee Island recapture island life and voices over the course of a century. Complete with stories and pictures, the first of the companion books, Tybee Days: One Hundred Years on Georgia's Playground Island pays tribute to the families who visited, settled, and worked on the island from the 1860s to the 1960s, before the famous Tybrisa Pavilion burned. The book documents early attempts to develop an alternate ocean resort on nearby Arkwright Island and its resulting failure. Tybee landowners and the State of Georgia then paved the way for the first cottages to be built on the pristine island with its three-mile long beach. From steamboats to Prohibition to the Big Band era to the playful innocence of the '50s and '60s, authors Ellen Lyle Taber and Polly Wyly Cooper capture the celebration of everyday life through the eyes of Tybee's diverse population. As the island grew, it beckoned churches and schools, hotels, and shops. A young Chinese immigrant brought opportunities with his business acumen and quiet modesty. Black rivermen plied the creeks for oysters and sold their shells to build the roads. Even Tybee's children worked, delivering buckets of shrimp to neighbors, catching crabs for the evening dinner, or stocking shelves at Chu's Department Store. Tybee Days chronicles the lives of Army, lighthouse, and island children and their adventures while fishing, crabbing, swimming, camping, and exploring the creeks and hammocks in leaky wooden bateaus. The book heralds the famous bandleaders who chose to begin or end their east coast tours on the Tybrisa Pavilion. The authors, who spent their childhood summers on the magical island, interviewed more than 400 families to recreate stories of life on Tybee that are meant to both entertain and educate. *Sand Between Our Toes: The Tybee Island Family Photo Album* spills over with hundred of photos from private collections. Captions and anecdotes, true-life wit and witticisms introduce the locals and the famous, including Ted Turner, Johnny Mercer, and General Dwight Eisenhower. Chronicled in decades from the early 1900s to the present day. *Sand Between Our Toes* reminds all islanders and visitors that times may change, but the magic of Tybee remains the same, a thrilling adventure for its children.

Tybee Island Sarah Pierson Jones,2019 Tybee Island has fought hard to survive wars, earthquakes, hurricanes, the Great Depression, and even

Prohibition, and while Tybee fights hard, Tybee plays hard. Tybee has a unique story as one of the top tourist destinations of the early 20th century. From the early days, when people could only reach Tybee by train, to the upheavals of the 1960s and 1970s, souvenir postcards tell the story of Tybee's unique and diverse history.

St. Marys Georgia Misc Rambling, 2018-03-06 This book has photographs of St. Marys and Tybee Island Georgia that inspire me. This paperback 6x9 book has 32 color photographs. Living with the Georgia Shore Tonya D. Clayton, 1992 The wide sandy beaches, quiet maritime forests, and vast Spartina marshes of the natural Georgia coast create a most spectacular, albeit gentle, Southern beauty. Casual visitors and longtime residents alike have been charmed by this special place. Living with the Georgia Shore provides an essential reference and guide for residents, visitors, developers, planners, and all who are concerned with the conditions and future of Georgia's coastal zone. Recounting the human and natural history of the islands, the authors look in particular at the phenomenon of coastal erosion and the implications of various responses to this process. In Georgia, as elsewhere in the United States, the future of the shore is in doubt as recreational and residential development demands increase. This book provides guidelines for living with the shore, as opposed to simply living on it. The former requires planning and a wise choice of property or house site. The latter ignores the potential hazards unique to coastal life and may make inadequate allowance for the dramatic changes that can occur on any sandy ocean shore. Living with the Georgia Shore includes an introduction to each of the Georgia isles, an overview of federal and state coastal land-use regulations, pointers on buying and building at the shore, a hurricane preparation checklist, a history of recent hurricanes in Georgia, an extensive annotated bibliography, and a guide to government agencies and private groups involved in issues of coastal development.

A Walk on the Beach Buddy McCoy, 2007-05 It was a cold January afternoon when Buddy and Olivia arrived at Sea Island. They came from different corners of the state to a Georgia Association of Realtors' convention, a black tie affair that attracted nearly six hundred participants. Buddy was divorced and Olivia was a widow. Olivia smiled as she watched Buddy flirt with the young lady at the ticket counter. Little did she know his attention would become focused on her later in the evening. Whether the meeting came by chance or by destiny, the two lonely souls needed A Walk On The Beach. Soothing music by the band after dinner was an invitation to dance. The ballroom was packed. Buddy was in the hunt. He circled the room three times leaving no stone unturned. Near the end of the third lap, he was stopped dead in his tracks. There she sat, wearing a low-cut sequined blouse, and the baby blues and the smile and the silky blond hair sent tremors through his heart. Her beauty radiated like a beacon from a lighthouse! It would be their first dance of many over the next few years, and at one point they danced alone to cheers from the crowd. The courtship blossomed after that first meeting, but there were challenges. Olivia lived on Tybee Island and Buddy lived in Moultrie, some four and a half hours away. Buddy did most of the driving, of course, for the chase was on. Tybee became their playground with long walks on the beach, dinner parties and romantic sunsets. Share

the intimacy, humor and trials of this true love story as it unfolds through their e-mails. Feel the warmth and passion of the relationship as two adults strive to give love a second chance.

Life Traces of the Georgia Coast Anthony J. Martin, 2013-01-14 Have you ever wondered what left behind those prints and tracks on the seashore, or what made those marks or dug those holes in the dunes? *Life Traces of the Georgia Coast* is an up-close look at these traces of life and the animals and plants that made them. It tells about the how the tracemakers lived and how they interacted with their environments. This is a book about ichnology (the study of such traces), a wonderful way to learn about the behavior of organisms, living and long extinct. *Life Traces* presents an overview of the traces left by modern animals and plants in this biologically rich region; shows how life traces relate to the environments, natural history, and behaviors of their tracemakers; and applies that knowledge toward a better understanding of the fossilized traces that ancient life left in the geologic record. Augmented by numerous illustrations of traces made by both ancient and modern organisms, the book shows how ancient trace fossils directly relate to modern traces and tracemakers, among them, insects, grasses, crabs, shorebirds, alligators, and sea turtles. The result is an aesthetically appealing and scientifically accurate book that will serve as both a source book for scientists and for anyone interested in the natural history of the Georgia coast.

A History of Tybee Islands, Ga. And a Sketch of the Savannah & Tybee R. B. H. Richardson, 2017-11-10 Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.
