Sex Positions for Couples Eva Harmon,2023-01-17 Do you want to spice up your sex life and improve your relationship? Are you tired of the same old positions night after night? Have you always been a little intrigued by the idea of kama sutra? If you answered yes to any of these questions, then you are going to want to continue reading. Sex has always been a hush-hush subject because of outdated beliefs and such. This has led to couples getting stuck in a rut when it comes to their sex life. They don't feel that it is right to talk to people about their sex life. Times are changing, and more and more people are comfortable talking about their sex life, and that is a good thing. This makes sex less taboo and enables couples to expand their sex repertoire. This new awakening doesn't necessarily mean that couples will find the answer they want or need from people they talk to, though, and that's what this book is here to do. This book has been brought together to provide information about sex to help couples who are tired of the same old thing every night. Foreplay, that's is the one word most couples dread. For some reason, this is the area where couples end up failing, yet we all know that it is extremely important, especially for women. It helps to place people in the right state of mind and gets things warmed up, so to speak. This isn't the only problem some couples have in their sex life. Sometimes it's simply that things have turned monotonous. This is understandable, especially when you and your partner have been together for a while. It is very easy to stick with the same things because you know what one another likes, or because it is easy. But you both likely feel bored and can easily pass on sex due to the boredom. But things don't have to stay that way, though. You can easily bring the spark back into your life, whether through foreplay or new positions. This book is here to teach you how you can improve your sex life. In this book, you will learn: Why you should bring kama sutra and tantra into your bedroom The best sex positions for men and women The best sex positions to bring the two of you together Sex tips for the beginner Foreplay games to get things heated up How to practice couples massages The best way to start using dirty talk without feeling weird ... And much more. I get that you might still be skeptical that this book can help improve your sex life. Even if you have tried new things to try and spice up your sex life without success, this book can teach you things that you may not have thought about. The information in this book can be applied to anybody's sex life. You'll even find that within the descriptions of various sex positions, there will be warnings, so you are guided throughout the entire process. I'm certain that if you buy this book today, you won't regret it. Now is the time to make the decision. If you are serious about changing your sex life, scroll up now, and click buy now.

Well, the first thing you both need to do is talk about the things that matter first and why your relationship is worth saving. After that, you need to look into what's happening inside your bedroom. Sometimes, the root cause for a relationship failing is because over the course of time, as more responsibilities come your way and in between you and your partner, you overlook the basics of making a relationship work. One of the things that can make or break a relationship is the level of intimacy you give to one another—and yes, we're talking about sex. Physical interaction and intimacy are highly important to keep your relationship going. It's a very basic human trait to want to be with someone and to have physical contact. Some people may say "We are still having sex, so why isn't our relationship working?" Well, have you asked yourself if you're having sex just for the heck of it leading to boredom? Furthermore, another chapter tackles the use of toys which will allow you to engage in your sexual fantasies without jeopardizing your relationship with your partner. Not only will this make your life better with more knowledge about sex positions and instructions on how to do each one, but it can lead to more interaction with your partner. For example, since some of the positions listed in this book require a certain level of athleticism and flexibility, you and your partner can engage in physical activity that will improve your muscles, cardio vascular activity, and endurance. The end result is you will become healthier and thus definitely more capable of performing the sexual acts listed in this book. Not only does this book aim to improve your sex life but it will also improve the way you talk to your partner as some of the positions may need a little bit of discussion to see if your partner is open to the idea of performing them. If you are asked to make a list of the things that lead to a great marriage, what would be your response? Many people would talk about commitment, communication, respect, and many other factors. Only a few people may include sex because people overlook the fact that sex creates an intimacy that helps to sustain other factors in the relationship. In some religious doctrines, couples are taught that sex is only necessary for procreation. These kinds of couples would interpret sexual acts aside from the need for procreation as 'not too welcome' because of their conservative beliefs. Others do not properly discuss sex with their partners and things dwindle as a result of lack of intimacy. Just because you've popped out one or two kids does not mean you should retire from the act of having sex because it is important. Do you care to know why? Sex in a successful relationship has to give both partners pleasure and they both should be able to express themselves. When your relationship was in its early stages, you probably thought that sex happened as a result of the romantic attraction you share. Now that your relationship is aging and you are probably no longer having as much sex as you used to, you may interpret it as a lack of attraction. Don't wait until there's a spark between you and your partner. Use sex to create the spark you want. Sexual intercourse has a lot of positive physicals, emotional, social and intellectual benefits. Think of anything you want to feel, sex can help you feel it. Sex helps you create intimacy in your relationship. Partners who have great sex have a better confidence boost than others. When your experience in bed is good, you will develop a kind of high that makes you feel strong and confident in the other parts of your life. When your sexual life is good, your self-esteem is good. You begin to feel more attractive, and desirable. This feeling changes the way we see ourselves and do things. Go on your street and tell a random person that they are beautiful. Of course, they'd smile, but after the smile, they'd walk away with a different gait and carriage than they possess before. Feeling attractive makes us think about positive things. This book covers the following topics: Intimacy: pre-sex Sex positions Orgasm Sex position for pregnant women Sex positions for insecurity, anxiety, and premature ejaculation Fantasies & fetishes Why there's need for sex and the use of different sex positions in a relationship Communication ... AND MORE!!! When you increase the sex in your relationship, you have a high level of intimacy. When you kiss and touch each other, you release oxytocin. This gives you the urge to bond and an increased desire to cuddle and hold each other. The more sex you have, the more you'd always want to be close to your partner's body. You will begin to think of your partner as a refuge from all external worries and this will go a long way in increasing the bond you share. So, do you want to learn more? Are you looking for new ways to rekindle the fire of passion between you and your partner but have no idea where or how to start? If you answered yes to both questions, then look no further than this book.*Sex: 10 Positions That Will Change Your Sex Life Forever* provides a rundown of a few sex positions that are guaranteed to help romantic partners experience what is probably the best sex they've had in what seems like ages. Are you and your partner engaging in sex in the hope of someday having a baby? Well, here's some good news for you as there is also a chapter dedicated to the ideal sex positions for getting pregnant. Still skeptical? Don't be.
