You Belong Sebene Selassie,2020-08-25 A POWERFUL WORK OF SPIRITUALITY AND ANTI-RACISM—Publishers Weekly IF YOU READ ONE BOOK IN 2020, MAKE IT THIS ONE.—Tricycle From much-admired meditation expert Sebene Selassie, You Belong is a call to action, exploring our tangled relationship with belonging, connection, and each other You are not separate. You never were. You never will be. We are not separate from

each other. But we don't always believe it, and we certainly don't always practice it. In fact, we often practice the opposite—disconnection and domination. From unconscious bias to “cancel culture,” denial of our inherent interconnection limits our own freedom. In *You Belong*, much-admired meditation expert Sebene Selassie reveals that accepting our belonging is the key to facing the many challenges currently impacting our world. Using ancient philosophy, multidisciplinary research, exquisite storytelling, and razor-sharp wit, Selassie leads us in an exploration of all the ways we separate (and thus suffer) and offers a map back to belonging. To belong is to experience joy in any moment: to feel pleasure, dance in public, accept death, forgive what seems unforgivable, and extend kindness to yourself and others. To belong is also to acknowledge injustice, reckon with history, and face our own shadows. Full of practical advice and profound revelations, *You Belong* makes a winning case for resisting the forces that demand separation and reclaiming the connection—and belonging—that have been ours all along.

Connecting you with love Puja Das, “Is marriage the goal of our love?” he asked her. This is the love that started in a strange way and completely changed their way of thinking. This is a love story of two strangers, two different personalities. They are not persons with any extraordinary quality; they are simple like us, like every ordinary people they dream big, dream of a life full of fantasies until the extraordinary love meeting them! This love story will remind you of every fact that keeps you away from falling in love and will force you to think again and reconsider your love story too.

Can You Hear Me? Nick Morgan, 2018-10-09 A Washington Post Bestseller Your manual for remote and virtual work. Communicating virtually is cool, useful, and now even more ubiquitous and necessary than ever. But we're often reminded that the quality of human connection we experience in many forms of virtual communication is awful. We've all felt disconnected in a video conference, frustrated that we're not getting through on the phone, upset when our email is badly misinterpreted, or anxious that we're being misunderstood. How can we fix this? In this powerful, practical book, communication expert Nick Morgan outlines five big problems with communication in the virtual world--lack of feedback, lack of empathy, lack of control, lack of emotion, and lack of connection and commitment--and shows how to overcome them as we shift to working remotely more and more. Morgan argues that while virtual communication will never be as rich or intuitive as a face-to-face meeting, recent research suggests that we need to learn is to consciously deliver a whole set of cues, both verbal and nonverbal, that we used to deliver unconsciously in the pre-virtual era. He guides us through this important process, providing rules for virtual feedback, an empathy assessment and virtual temperature check, tips for creating trust in a virtual context, and advice for specific digital channels such as email and text, the conference call, Skype, and more. Whether you're an entrepreneur, an independent professional, or a manager in an organization that has more than one office or customers who aren't nearby, *Can You Hear Me?* is your essential communications manual for twenty-first-century work.

Where Did You Go? Christina Rasmussen, 2018-12-18 “Where Did You Go? offers deep comfort to anyone who has lost a loved one and hopes to explore what frontier science is now demonstrating: while a heart may stop beating, consciousness never dies.” —Lynne McTaggart, bestselling author of *The Field* From Christina Rasmussen, the much beloved and acclaimed author of *Second Firsts*, comes a groundbreaking exploration of the afterlife that combines spirituality with cutting edge science—and reveals we all have the power to connect with our loved ones on the other side. “Where did you go?” This was the first question Christina Rasmussen asked after the death of her husband. A young widow with two daughters, Rasmussen would go on to become an esteemed grief educator who helped countless others rebuild their lives after loss. Yet, even as she learned to thrive again, that first heartbreaking question persisted. Even as she and her clients forged new paths and discovered new joy, the same questions remained: Are we capable of connecting to those who have passed on? What really happens after we die? As a professional grounded in science, Christina was a skeptic who shied away from the conventional mystical, supernatural, and religious descriptions of the afterlife—so she turned to what seemed “provable” to unravel the mystery of life beyond life: physics. What she found was beyond anything she could have expected: not only is there life after death, but we all have the ability to connect with loved ones who have passed on. Sharing an inspiring message of hope, optimism, and love, *Where Did You Go?* is a transporting step-by-step guide to journeying to the other side, from one of our most trusted voices on life after loss. Bridging the gap between the metaphysical and the measurable, it will change the way we grieve, the way we live and how we define our potential—in this life and the hereafter.

The Book of Beautiful Questions Warren Berger, 2018-10-30 From the bestselling author of *A More Beautiful Question*, hundreds of big and small questions that harness the magic of inquiry to tackle challenges we all face--at work, in our relationships, and beyond. When confronted with almost any demanding situation, the act of questioning can help guide us to smart decisions. By asking questions, we can analyze, learn, and move forward in the face of uncertainty. But questionologist Warren Berger says that the questions must be the right ones; the ones that cut to the heart of complexity or enable us to see an old problem in a fresh way. In *The Book of Beautiful Questions*, Berger shares illuminating stories and compelling research on the power of inquiry. Drawn from the insights and expertise of psychologists, innovators, effective leaders, and some of the world's foremost creative thinkers, he presents the essential questions readers need to make the best choices when it truly counts, with a particular focus in four key areas: decision-making, creativity, leadership, and relationships. The powerful questions in this book can help you: - Identify opportunities in your career or industry - Generate fresh ideas in business or in your own creative pursuits - Check your biases so you can make better judgments and decisions - Do a better job of communicating and connecting with the people around you Thoughtful, provocative, and actionable, these beautiful questions can be applied immediately to bring about change in your work or your everyday life.

Connected Nicholas A. Christakis, James H. Fowler, 2009-09-28 Celebrated scientists Nicholas Christakis and James Fowler explain the amazing power of social networks and our profound influence on one another's lives. Your colleague's husband's sister can make you fat, even if you don't know her. A happy neighbor has more impact on your happiness than a happy spouse. These startling revelations of how much we truly influence one another are revealed in the studies of Dr. Christakis and Fowler, which have repeatedly made front-page news nationwide. In *Connected*, the authors explain why emotions are contagious, how health behaviors spread, why the rich get richer, even how we find and choose our partners. Intriguing and entertaining, *Connected* overturns the notion of the individual and provides a revolutionary paradigm—that social networks influence our ideas, emotions, health, relationships, behavior, politics, and much more. It will change the way we think about every aspect of our lives.
