UFO Investigator's Manual Nigel Watson, 2014-02-01 UFOs have been a global phenomenon from the late 19th century to the present day. The UFO Investigator's Manual examines many UFO investigations worldwide by looking at the government reports, both official and secret, that have attempted to explain the otherworldly. This manual also explains how you can identify a UFO yourself and how to classify an alien encounter--was it of the first, second, third, fourth or fifth kind? The findings of scientific research will also be explored, as will the human attempts at alien communication, and finally, alternative explanations of uncanny happenings coupled with over 200 illustrations.

Aliens Marcus Day, 1999 Drawing on the latest worldwide research, this comprehensive study includes rare case stories of UFO sightings from credible individuals, and is filled with photographic evidence. Over 200 illustrations.

The Roswell UFO Mystery Craig Boutland, 2019 Roswell, New Mexico, is the location of several well-known UFO sightings. Historical evidence, theories, photographs, and more will aid readers as they explore the answers that might explain the mysterious flying objects.

UFOs & Alien Contact Robert E. Bartholomew, George S. Howard, 1998 The most detailed and comprehensive examination yet of 100 years of UFO reports, sighting waves, and abduction claims spanning two centuries, UFO and Alien Contact utilizes rare press reports and incorporates copious notes and documentation of stories to provide a gripping, humorous, and at times horrifying account.

UFOs of the First World War Nigel Watson, 2015-01-05 Lieutenant R.S. Maxwell took off in his BE2C fighter but saw nothing unusual until 8.25 p.m. when, according to his report: 'My engine was missing irregularly and it was only by keeping the speed of the machine down to 50 mph that I was able to stay at 10,000 feet. I distinctly saw an artificial light to the north of me, and at about the same height. I followed this light northeast for nearly 20 minutes, but it seemed to go slightly higher and just as quickly as myself, and eventually I lost it completely in the clouds.' Such sightings occurred frequently during the war. The reasons are fascinating in themselves: the first is that aviation is in its infancy, so light phenomena at altitude are a new experience. The second is fear: for the first time a real threat came from the skies. It wasn't just the Western Front: on 21 August 1915 twenty New Zealand soldiers allegedly saw eight bread-loaf shaped clouds over Hill 60, Suvla Bay. 'A British regiment, the First- Fourth Norfolk, of several hundred men, was then noticed marching . . . towards Hill 60.' They marched into the cloud, which lifted off the ground, and were never seen again.

UFO's, Contactees, Extraterrestrial Visitors and The The Seventh-day Adventist Church's Report on Flying Saucers Kenneth H Woo, Francis David Nichol, 2020-11-03 Francis David Nichol (February 14, 1897 - June 6, 1966) was a Seventh-day Adventist editor, of the church's main newsmagazine, and supervising editor of the Seventh-day Adventist Bible Commentary, author, and also chairman of the church's board of trustees. As a result of the letters of inquiry sent by the readers, the author tried to answer many questions: WHAT IS THE MYSTERY of the Flying Saucers? Are they some natural phenomena that can be explained? Or, are they a secret weapon of the U. S. Air Force or of Russia? How does the Air Force explain them? Above all, what does the Bible say -about them? Now that the U. S. Air Force reluctantly admits that unexplained air: craft is moving about in our skies, it is time that we had an explanation. Christians are being 'told that people from another planet have landed. In order to provide an answer to all this question, the author met with the contactees of that time, and took a closer look to their tales. He visited the NICAP headquarters, and the the Pentagon. Finally, he combed the Project Blue Book's files. He wrote a seven part essay on this theme that was published in the Seventh-day Adventist Church's Review and Herald . This title is an authentic reproduction of the completed seven issues of the Seventh-day Adventist Church's Review and Herald published by Francis David Nichol, as editor, for the years: 1961-1966. Francis D. Nichol died in June 1966. However, an eighth part was added by the new editor, Kenneth H. Woo, in 1969. In this part, Wood examined the possible relation of UFOs to the Bible and the Spirit of Prophecy. Also, this issue is included as a whole like the others. Great, but unpretentious, these issues are extraordinarily rare symbols by themselves of what was going on in those early years of the modern UFO phenomena. This collective edition of: Review and Herald has the following issues: March 23, 1961 Part 1: What About Flying Saucers?; March 30, 1961 Part 2: An Interview With a Flying Saucer 'Traveler'; April 6, 1961 Part 3: The National Investigations Committee on Aerial Phenomena; April 13, 1961 Part 4: Air Force Intelligence and Flying Saucers; April 20, 1961: Part 5 Air Force Explanations of Flying Saucers; April 27, 1961: Part 6: Some Flying Saucer Cases Examined; May 26, 1966: From the Editor's Mailbag; February 27, 1969: UFO's - P.S. ____ Copy and paste the link for our books: <https://saucerianbooks.blogspot.com/> ____

Roswell Thomas J Carey, 2020-02-17 Roswell: The Chronological Pictorial By Thomas J. Carey & Donald R. Schmitt This is not just another Roswell book. It's like no other book about the 1947 Roswell UFO crash ever written, including the authors' own previous six books on the subject. Based upon the authors' thirty years' investigation of the most famous UFO case of all time, it brings the case to life like no other book, TV documentary, mini-series or movie. With the deft use of copious photographs accumulated over the course of their investigation, the authors supplement the each step of important information in the text of the chronological timeline of the case, from the time of the UFO's crash in the high desert near Roswell, New Mexico in 1947, up to the present (2019). The names of all participants in the crash/recovery as well as the important informational sources are identified along with their photo images. The missing nurse identified by Roswell mortician Glenn Dennis as being at the autopsy at the Roswell airbase is finally revealed. Also included are photos of the locations where everything took place - from the 1947 crash site to the present location of the wreckage and bodies. Minute-by-minute, hour-by-hour, day-by-day, month-by-month and year-by-year, the reader is transported back to 1947 and brought forward to the present in the timeline of everything that has happened in and to this case. Bringing the Roswell incident to life in this way, there is no other book written about Roswell like it. Additionally, it should become the companion to every other book about Roswell ever written. See: - The fabled Hangar 18 - What the Roswell UFO crash site(s) look like today - The only surviving crew member on the alien body flight of July 9, 1947 - The guest house where rancher Mack Brazel was kept and forced to change his story - The future NFL football star who was a first-hand witness to the 1947 events - The tool that an Air Force enforcer used to threaten witnesses into silence - The military ambulances used to transport alien bodies from the crash site - The faces of the aliens from another world What the Generals Said about Roswell: - It was a cover story, the balloon part of it ... That was the story we were told to give to the public and the news people, and that was it. Brigadier General Thomas J. DuBose, USAF - The [Roswell] craft

was extraterrestrial, and at one time may have been at Wright-Patterson in an off-limits area. Brigadier General Harry N. Cordes, USAF - I am almost completely convinced that the object that crashed near Roswell was composed of materials not common on earth. Major General Kenner F. Hertford, USA - The stuff I saw, I've never seen anyplace else in my life ... It was the strangest thing I ever saw. General William H. Blanchard, USAF - They [the Air Force] knew that they had something new in their hands ... The metal and material was unknown to anyone I talked to ... A couple of guys thought it might be Russian, but the final consensus was that the pieces were from space. [i.e., extraterrestrial] Brigadier General Arthur E. Exon, USAF - Stealth technology comes from the Roswell crash ... I have been informed by higher officers at the Pentagon that there still exists a Top Secret UFO Project ... That's where your Roswell file is. Brigadier General Richard Mitchell, USA Praise for the Authors: - Brilliant! A well detailed, concise, A-to-Z, chronological timeline of events that happened over seventy years ago. The authors' in-depth information shows their many years of investigative reporting, bearing the true facts of the Roswell Incident. The reader is drawn into the complex information in the timeline, becoming aware that the chain of events as described, in fact, occurred. - Colonel Scott D. Miller, Jr., USA - Carey and Schmitt show that good, old-fashioned, investigative reporting is still alive and well. Cheryll Jones, former anchor, CNN News - There is no one on this planet who knows more about the Roswell Incident than these two guys. Larry Landsman, creative executive of the SyFy Channel documentary, 'The Roswell Crash: Startling New Evidence.' - I think that Witness to Roswell [by Carey & Schmitt, 2002, 2009] will prove to be the most important UFO book ever written. The evidence presented dovetails perfectly and makes a compelling case that an alien craft crashed outside of Roswell in 1947. After decades of controversy, the authors, through dedicated and persistent research, have finally come up with very strong circumstantial evidence that is tantamount to proof. - Richard H. Hall, author of 'The UFO Evidence,' Vols. I and II, and past Chairman of the Fund for UFO Research. - If the cover-up is ever going to have a stake driven through it and the Roswell case resolved once and for all, it will most likely be Tom Carey and Don Schmitt who will do it. Jeff Rense, nationally syndicated talk show host

Mysterious Visitors Brinsley Le Poer Trench (Lord Clancarty), 1973 Challenging the official skepticism about UFOs, the author considers their origins and role in human history and, perhaps, in our time.

The Children of Roswell Thomas J. Carey, Donald R. Schmitt, 2016-02-22 The children of Roswell UFO eyewitnesses tell their personal stories of government surveillance, coercion, disappearances, and more. Despite the government's best efforts to explain it away, the Roswell incident of 1947—in which an unidentified flying object was recovered by US Army personnel—remains as fascinating as ever. Parents who were present during or immediately after the incident may have passed on, but their children know what happened. And over the years, they have paid dearly for their knowledge. In *The Children of Roswell*, their shocking stories are revealed. In these pages, you will learn the truth about: The daughter of a witness to an alien body who discovered that her phone had been bugged for years. How the US Air Force tried to change the mind of the son of the Roswell intelligence officer in 1995. What really became of the son of the principle witness, who disappeared in 1960.

The Day After Roswell Philip Corso, William J. Birnes, 1998-06 Discloses the government's role in the Roswell UFO incident, explaining what actually happened and its implications.

The Other Roswell Noe Torres, Ruben Uriarte, 2008-04-01 On a clear spring day in 1955, Air Force pilot Willingham was flying an F-86 fighter jet across West Texas when he saw an object streak past him and then execute a 90-degree turn going 2,000 miles per hour. Giving chase in his jet, the decorated World War II and Korean War veteran watched in awe as the UFO suddenly plummeted to Earth near Del Rio, Texas.

Investigating UFOs and Aliens Therese M. Shea, 2014-12-15 Given the vastness of the universe, it is not difficult to imagine the possibility of life—even intelligent life—beyond Earth. Yet whether any extraterrestrial beings have ever made contact with us and if any evidence of this contact exists, remains widely debated. Evaluating tales of alien encounters and UFO sightings with a critical eye, this absorbing volume considers the possibility of extraterrestrial life by carefully separating scientific fact from fiction, hoaxes, and the unprovable. It also examines “ufology” and alien life in popular culture, surveying the books, movies, TV shows, and more inspired by the idea of intergalactic contact.

The Day the Earth Stands Still Derek P. Gilbert, Josh Peck, 2017-11-15 The secret effort behind official disclosure is revealed at last! What if the modern push for official disclosure concerning ETI and UFOs is actually an ancient effort? What if this conspiracy can be traced back to the old gods? fallen elohim who rebelled against their Creator long ago? What if they're planning one final attempt to take control of our planet? Are they evil, or are they benevolent beings offering their assistance? And if they are returning, is it possible to pinpoint the exact date of official disclosure? Noted researchers and authors Josh Peck (*Abaddon Ascending*, *Unraveling the Multiverse*) and Derek P. Gilbert (*The Great Inception*) team up to expose the disturbing truth behind the push for official disclosure. Learn what the Podesta WikiLeaks revealed about those controlling this movement. Discover the identities of the otherworldly beings pulling the strings from the shadows. Determine for yourself, finally, if evangelical Christianity could be compatible with genuine extraterrestrials (the answer might not be what you think). For the first time ever, Gilbert and Peck disclose the reality behind these age-old questions. *The Day the Earth Stands Still* reveals: What led to the world being primed for ET disclosure The government's involvement from Roswell to today The media's influence on ET awareness What WikiLeaks revealed about the role of the Pope and previous U.S. presidents in official disclosure The identities of The Nine and other ET gods The role of mystical scientism in the UFO phenomenon How science fiction has contributed to the extraterrestrial gospel What current supernatural outer space research has taught humanity How an ancient entity of chaos has influenced the world since the beginning of time Whether we can know the exact day these otherworldly beings will return What we can do about all of this And so much more!

A Day with an Extraterrestrial Lou Baldin, 2008-06-28 Based on a true story. A man's encounter with an extraterrestrial being breaks down the illusions of life and the institutions that govern such illusions, such as religion, science, and governmental sovereignty. The information is eye and mind opening and filled with the realities that intelligent life on earth is simply one planet out of billions that exist in the Milky Way galaxy, which is teeming with similar and much more exotic, super being, type life forms. The earth is not flat, it is not the center of the universe, and certainly is not unique in any way, shape, or form.

Inside UFOs Preston E. Dennett, 2017-01-13 Missing time, onboard experiences, face-to-face contact. *Inside UFOs* takes the reader on a fascinating journey deep into the heart of the UFO phenomenon. Ten all new true cases of extensive encounters with a wide variety of extraterrestrials. The aliens have arrived!

U.S. PRESIDENTS, CONGRESS and UFOs (Declassified) John Scott Chace, 2020-01-25 U.S. Presidents, Congress, and UFOs (declassified) This book has over 400 pages of information on UFOs during each Presidential Administration from Roosevelt to Obama. We ask: What did the Presidents know and when did they know it? Between the CIA and DIA, U.S. Presidents received Intelligence reports daily about UFO activities around the world. Furthermore, each morning they woke up, and newspapers shared stories of ordinary citizens having visitations from unusual spacecraft. Though Presidents have been pre-empted from discussing the topic for National Security reasons, we have ample proof they were well informed. Surrounded by a Secretary of Defense, Secretary of State, and own scientific teams, our Presidents were given CIA, DOD, and Air Force reports of UFO intrusions in U.S. Air Space. In this book, you will read UFO stories from Congressmen, Governors, Presidents, Pilots, Civilian, and Military leaders from around the world. A few quotes from the book: They told me that all governments and military authorities throughout the world know that flying saucers exist and that they are craft from another planet. They have absolute proof of both things. - A Research Scientist These Visitors from outer space are dangerous when apprehended and hostile when attacked. We have already lost many planes attempting to shoot down one of them. - A General The examination of the bodies showed they were 'humanoid' --but not from this planet. In some cases, the cause of the crash was determined with accuracy; it was not apparent in the other. - American Reporter, quoting British Authorities We've seen about every kind of known aircraft. This monster was like nothing we'd seen before. It was too close to us and too clear in detail to be anything but a man-made ship... we prefer to believe that it's one of our own ships that's still a military secret. I'd certainly hate to know that our air force would have to face a fleet of machines like that... It was so awe-inspiring that it just paralyzed us for the moment. - Commercial Airline Pilot The passengers stared at each other, scared. The 'thing' was now near the plane, flying at

its side at an unknown distance and (again) keeping pace with it...The witnesses froze in their seats, as they saw the strange red object glowing behind the wing. Suddenly, in an unexpected maneuver, the glowing saucer rushed toward the plane, passing above it at tremendous speed... From the lighted cabin, it was difficult to get a good look at the UAO, but it appeared to be shaped like a flattened disk and seemed to be surrounded by a faint red glow. - Another Commercial Airline PilotWe recovered an unidentified airplane off the coast of California...with no bearing on conventional explanation. This Headquarters has come to the determination that the mystery airplanes are in fact, not earthly and, according to secret intelligence sources, they are in all probability of interplanetary origin. - Rear Admiral Anderson, President Roosevelt Administration, Top Secret MemoAbout the AuthorJohn Scott Chace is the author of ten other books on UFOs, including UFOs In U.S. AIRSPACE and Project Blue Book. He is the son of Colonel Chaplain Alston R. Chace (USAF) and nephew of Colonel Frank C. Chace (USMC). A Christian and military brat, John lived on many of the U.S. Air Force bases where UFO incidents took place in Scotland, England (U.K.), and the U.S

Undersea UFO Base Preston Dennett,2018-03-07 For 100 years, strange activity has been occurring off the southern California Coast. Mile for mile, this area is one of the top producers of USOs (unidentified submersible objects) in the entire world. Drawing on firsthand testimonies from the Navy, Air Force, Coast Guard, police officers, lifeguards, residents and many others, Preston Dennett presents a compelling case for the possible existence of an undersea UFO base. Sightings of weird lights, anomalous glowing clouds, objects flying in and out of the water, mass UFO sightings, humanoid encounters--they're all here. More than ten years of research, presented here for the first time. The truth about this area can no longer be denied: something very strange is lurking in these waters. Inside you will find: --more than 70 cases of UFOs over the water. --more than 70 cases of USOs in the water. --firsthand eyewitness testimonies from a wide variety of military witnesses. --original encounters never before published. --mass UFO sightings, some involving hundreds of objects. --humanoid encounters, including abductions to an apparent base. --a behind the scenes look at the History Channel's Deep Sea UFOs 1 & 2, and UFO Hunters, USOs. --maps showing the location of all the activity. --an in-depth exploration of the Malibu Anomaly. --photographs and drawings of UFOs and USOs, witnesses and encounter locations. --original USO accounts from across the world. Is there really an Undersea UFO Base off the southern California Coast? The evidence is in the pages that follow.
