A Gospel for Workers Seo Deok-Seok,2023-11-14 This book introduces the life story of Cho Chi Song, from whom emerged three critical elements in Korean mission and theology: valuing workers, the urban industrial mission, and the platform for Minjung Theology. ISV IBM zPDT Guide and Reference Bill Ogden,IBM Redbooks,2022-12-13 This IBM® Redbooks® publication provides both introductory information and technical details for ISV IBM Z® Program Development Tool (IBM zPDT®), which produces a small IBM zSystems environment that is suitable for application development. ISV zPDT is a personal computer (PC) Linux application. When ISV zPDT is installed on Linux, normal IBM zSystems operating systems (such as IBM z/OS®) may be run on it. ISV zPDT provides the basic IBM zSystems architecture and provides emulated IBM 3390 disk drives, 3270 interfaces, Open Systems Adapter (OSA) interfaces, and other items. The systems that are described in this publication are complex, with elements of Linux (for the underlying PC machine), IBM z/Architecture® (for the core zPDT elements), IBM zSystems I/O functions (for emulated I/O devices), z/OS (the most common IBM zSystems

operating system), and various applications and subsystems under z/OS. We assume that the reader is familiar with general concepts and terminology of IBM zSystems hardware and software elements, and with basic PC Linux characteristics. This publication provides the primary documentation for ISV zPDT and corresponds to zPDT V1 R11, commonly known as GA11.

The Role of Religious Culture for Social Progress in East Asian Society Juan Francisco Martinez, Kwangsuk Yoo, Brian Byrd, 2023-03-29 Religious culture is an important keyword for understanding rapidly changing East Asian society, especially China, Japan, and Korea. Despite the common influence of Confucian culture on these countries, each has shown a very different pattern of social progress in modern and postmodern times. Although surveys report a low ratio of religious identification and membership in this region, people in this area are religious in a different way from Western societies, and religious culture is closely related to political, economic, and social subsystems. A real force of changing East Asian society is not only political powers or economic classes, but also an invisible culture based on religious belief and practice. This book focuses on the dynamic relationship between social progress and religious culture, organization, or movements in each society since 1945.

Analysis of Strategic move by Chipotle Ernesto Paiz, Dave Anderson, Ryan Barone, Brian Bollinger, Kristina Calderon, Frank Lin, Mark Toguchi, 2011-06-06 Project Report from the year 2011 in the subject Business economics - Company formation, Business Plans, grade: B, Santa Clara University, language: English, abstract: Chipotle Mexican Grill, hereafter referred to as Chipotle, is a fast-casual restaurant that specializes in a limited menu mainly consisting of burritos, tacos and burrito bowls.

Chipotle is known for its ability to offer products made from sustainable, organic ingredients, while remaining price competitive with other fast food chains. Chipotle refers to this differentiation as “food with integrity” and it is the driving force that has propelled the company to where it is today. Since its foundation in 1993, Chipotle has been tremendously successful, growing into a corporation that is now worth roughly \$8.5 billion (56). Chipotle’s growth is a direct result of the quality of its products, the consistency of its service and the perceived differentiated value it has established in the minds of consumers.

Chipotle stands apart from others in a highly concentrated industry because it does business differently in terms of its food, restaurants and advertising. While most fast food chains rely on advertisements that promote menu gimmicks, such as limited-time price reductions, new items, value menu offerings and more, Chipotle focuses on showcasing its quality ingredients. It also generates excitement for its food through a number promotional events and word of mouth. Strategic Move Even though the restaurant and bar industry is saturated, there are not many competitors that offer organic ingredients within the industry. To take advantage of the recent surge of consumers who demand healthier, organic food, Chipotle has decided to enter into the fast-casual Asian restaurant market with a new chain named ShopHouse Southeast Asian Kitchen, hereafter referred to as ShopHouse. Staying true to its position as a focused differentiator, Chipotle will operate ShopHouse under the same philosophy that has made it so successful, offering sustainable gourmet ingredients at reasonable prices.

Underrepresentation in Academic Medicine

Rosedelma N. Seraphin, 2023 Increasing diversity in the physician workforce is critical to eliminating healthcare

disparities (Abelson et al., 2018; Washington et al., 2017). Although there are many proven benefits to increasing racially and ethnically diverse medical faculty, representation of these groups remains relatively low compared with their White counterparts and disproportionate to the racially and ethnically diverse populations they serve. Orom et al. (2013) suggest that underrepresented in medicine (UiM) faculty improve learning experiences and environments, provide social support and mentorship for students and trainees, and support scholarly opportunities and research collaborations. Yet, strategies for hiring and retaining UiM faculty are minimal, even though these strategies may improve the presence of this population in academic medicine. Thus, the purpose of this qualitative interpretive study was to describe the organizational dilemma involved in recruiting, hiring, and retaining UiM physicians in academic medicine, and exploring strategies to support these efforts. This study was guided by three research questions focused on key practices and dispositions, gleaned from the perspectives of different stakeholders. Three participant groups were purposefully selected for this study: (1) UiM faculty (N=5) from American Association of Medical Colleges (AAMC) member medical schools, (2) department chairs and chiefs of service (N=5), and (3) affiliated stakeholders (N=3). Follow-up reflective questionnaires (N=13) and extant documents (N=25) comprised the secondary data sources. Interview and reflective data were analyzed using Boyatzis' (1998) thematic approach; document analysis followed Krippendorff and Bock's (2009) content analysis strategy. Six major themes emerged from this study: (1) Racism and bias hindered my advancement, (2) None of the faculty hired identify as UiM, (3) Mentorship is key, (4) Promotion

plays a big role in my retention, (5) Your work and home life suffer, and (6) We need better support and infrastructure to make progress. Results may guide the development of targeted strategies designed to recruit, hire, and retain UiM faculty, in support of the ethnically diverse populations they serve.

Purity in Death J. D. Robb,2002-08-27 Lieutenant Eve Dallas must take down a group of terrorists who use a computer virus to kill in this thriller in the #1 New York Times bestselling In Death series. Louie Cogburn had spent three days holed up in his apartment, staring at his computer screen. His pounding headache was unbearable—like spikes drilling into his brain. And it was getting worse. Finally, when someone knocked at his door, Louie picked up a baseball bat, opened the door, and started swinging... The first cop on the scene fired his stunner twice and Louie died instantly. Detective Eve Dallas has taken over the investigation, but there's nothing to explain the man's sudden rage or death. The only clue is a bizarre message left on his computer screen: Absolute Purity Achieved. And when a second man dies under nearly identical circumstances, Dallas starts racking her brain for answers and for courage to face the impossible...that this might be a computer virus able to spread from machine to man...
