Expat Journal: Postcards from the Edge Stephen Dennstedt, 2012-09-11 Expat Journal: Postcards from the Edge, draws heavily from Mr. Dennstedt's travel blog of the same name. It chronicles his transition from commercial banker to expatriate and international photographer, and the events that led up to this life-altering change. Often witty and funny, it also touches on serious subjects: Death, divorce, Vietnam, Cuban cigars, Scotch Whisky, beautiful women and a little gecko named Pedro Gonzalez. It is hoped that this first volume will be part of an ongoing series.

Olive, Mabel & Me: Life and Adventures with Two Very Good Dogs Andrew Cotter, 2020-12-01 The story of Olive and Mabel, Labrador retrievers who rose to internet fame as the subjects of Andrew Cotter's BBC sports parodies. When sporting events were put on hold in March 2020, commentator Andrew Cotter shifted to working from home. The one-on-one competitors? His two Labrador retrievers, Olive and Mabel. In the hilarious videos that ensued, the dogs engage in various contests, from bone-snatching and breakfast-eating to crushing it on the dog walk, while Cotter narrates to hilarious effect. The scene of Mabel, simply standing still in a fetid pond was one of the most popular. Why? Because this is how dogs live, and Cotter captured it with humor and joy. It's why the series has been viewed more than 50 million times, entertaining dog owners, sports fans and celebrities around the world. Olive and Mabel are more than online celebrities, however, as revealed in this charming narrative. Filled with stories about how Cotter fell in love with his dogs, his passion for hiking with them through the glens and over the peaks of his native Scotland, and the ongoing relationship between Olive and Mabel (particularly the "competitive fire" lit during these days of quarantine), the memoir is by turns side-splittingly funny and thoughtfully tender. It's sure to resonate with all dog lovers.

A modern forbidden romance wrapped in the glamorous and exclusive world of K-pop, XOXO is perfect for fans of Jenny Han and Maurene Goo. But when Jenny and her mother move to Seoul to take care of her ailing grandmother, who does she meet at the elite arts academy she's just been accepted to? Jaewoo. Finding the dreamy stranger who swept you off your feet in your homeroom is one thing, but Jaewoo isn't just any student. Turns out, Jaewoo is a member of one of the biggest K-pop bands in the world. And like most K-pop idols, Jaewoo is strictly forbidden from dating anyone. Wintering Katherine May, 2020-11-10 A NEW YORK TIMES BESTSELLER! AS HEARD ON NPR MORNING EDITION AND ON BEING WITH KRISTA TIPPETT “Katherine May opens up exactly what I and so many need to hear but haven't known how to name.” —Krista Tippett, *On Being* “Every bit as beautiful and healing as the season itself. . . . This is truly a beautiful book.” —Elizabeth Gilbert Proves that there is grace in letting go, stepping back and giving yourself time to repair in the dark... May is a clear-eyed observer and her language is steady, honest and accurate—capturing the sense, the beauty and the latent power of our resting landscapes. —Wall Street Journal An intimate, revelatory book exploring the ways we can care for and repair ourselves when life knocks us down. Sometimes you slip through the cracks: unforeseen circumstances like an abrupt illness, the death of a loved one, a break up, or a job loss can derail a life. These periods of dislocation can be lonely and unexpected. For May, her husband fell ill, her son stopped attending school, and her own medical issues led her to leave a demanding job. *Wintering* explores how she not only endured this painful time, but embraced the singular opportunities it offered. A moving personal narrative shot through with lessons from literature, mythology, and the natural world, May's story offers instruction on the transformative power of rest and retreat. Illumination emerges from many sources: solstice celebrations and dormice hibernation, C.S. Lewis and Sylvia Plath, swimming in icy waters and sailing arctic seas. Ultimately *Wintering* invites us to change how we relate to our own fallow times. May models an active acceptance of sadness and finds nourishment in deep retreat, joy in the hushed beauty of winter, and encouragement in understanding life as cyclical, not linear. A secular mystic, May forms a guiding philosophy for transforming the hardships that arise before the ushering in of a new season.

The only relief from the sea of logos is within the autonomous city-states, where law-abiding citizens don’t dare leave their mansions. Hiro delivers pizza to the mansions for a living, defending his pies from marauders when necessary with a matched set of samurai swords. His home is a shared 20 X 30 U-Stor-It. He spends most of his time goggled in to the Metaverse, where his avatar is legendary. But in the club known as The Black Sun, his fellow hackers are being felled by a weird new drug called Snow Crash that reduces them to nothing more than a jittering cloud of bad digital karma (and IRL, a vegetative state). Investigating the Infocalypse leads Hiro all the way back to the beginning of language itself, with roots in an ancient Sumerian priesthood. He’ll be joined by Y.T., a fearless teenaged skateboard courier. Together, they must race to stop a shadowy virtual villain hell-bent on world domination.

Subpar Parks Amber Share,2021-07-13 ****A New York Times Bestseller!**** Based on the wildly popular Instagram account, Subpar Parks features both the greatest hits and brand-new content, all celebrating the incredible beauty and variety of America’s national parks juxtaposed with the clueless and hilarious one-star reviews posted by visitors. Subpar Parks, both on the popular Instagram page and in this humorous, informative, and collectible book, combines two things that seem like they might not work together yet somehow harmonize perfectly: beautiful illustrations and informative, amusing text celebrating each national park paired with the one-star reviews disappointed tourists have left online. Millions of visitors each year enjoy Glacier National Park, but for one visitor, it was simply Too cold for me! Another saw the

mind-boggling vistas of Bryce Canyon as Too spiky! Never mind the person who visited the thermal pools at Yellowstone National Park and left thinking, "Save yourself some money, boil some water at home." Featuring more than 50 percent new material, the book will include more depth and insight into the most popular parks, such as Yosemite, Yellowstone, the Grand Canyon, and Acadia National Parks; anecdotes and tips from rangers; and much more about author Amber Share's personal love and connection to the outdoors. Equal parts humor and love for the national parks and the great outdoors, it's the perfect gift for anyone who loves to spend time outside as well as have a good read (and laugh) once they come indoors.

Homo Deus Yuval Noah Harari, 2017-02-21 Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon *Sapiens*, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from binging at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. With the same insight and clarity that made *Sapiens* an international hit and a New York Times bestseller, Harari maps out our future.

This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow's world: - Demographics-by 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.

Before We Were Strangers Renée Carlino, 2015-08-18 From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived

on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M
