Ultimate Marvel Adam Bray,Lorraine Cink,Melanie Scott,Stephen Wiacek,2017-09-05 Every significant Marvel Comics character, location, weapon, gadget, and vehicle: one ultimate encyclopedia. Packed full of incredible facts and stunning images, this authoritative encyclopedia contains more than 650 entries and features a foreword by the legendary comic book writer Roy Thomas. All of Marvel's iconic superheroes and villains are here, from Captain Marvel to Corvus Glaive and Iron Man to Gwenpool. Amazing vehicles are examined, such as the Avengers' Quinjets and S.H.I.E.L.D.'s Helicarriers. Magical artifacts, including Thor's hammer Mjolnir, are analyzed and extraordinary locations, such as Wakanda and Asgard, are explored. Advanced technology is explained, including Iron Man's incredible armor, and key events in the Marvel Comics universe are richly unpacked. Ultimate Marvel is an ideal go-to resource for enthusiasts who wish to brush up on their Marvel knowledge, and for a new generation of fans eager to start delving into the world of Marvel comics. © 2017 MARVEL

The Oxford Handbook of Mobile Music Studies Sumanth Gopinath, Jason Stanyek, 2014-03-21 The two volumes of The Oxford Handbook of Mobile Music Studies consolidate an area of scholarly inquiry that addresses how mechanical, electrical, and digital technologies and their corresponding economies of scale have rendered music and sound increasingly mobile-portable, fungible, and ubiquitous. At once a marketing term, a common mode of everyday-life performance, and an instigator of experimental aesthetics, mobile music opens up a space for studying the momentous transformations in the production, distribution, consumption, and experience of music and sound that took place between the late nineteenth and the early twenty-first centuries. Taken together, the two volumes cover a large swath of the world-the US, the UK, Japan, Brazil, Germany, Turkey, Mexico, France, China, Jamaica, Iraq, the Philippines, India, Sweden-and a similarly broad array of the musical and nonmusical sounds suffusing the soundscapes of mobility. Volume 1 provides an introduction to the study of mobile music through the examination of its devices, markets, and theories. Conceptualizing a long history of mobile music extending from the late nineteenth century to the present, the volume focuses on the conjunction of human mobility and forms of sound production and reproduction. The volume's chapters investigate the MP3, copyright law and digital downloading, music and cloud computing, the iPod, the transistor radio, the automated call center, sound and text messaging, the mobile phone, the militarization of iPod usage, the cochlear implant, the portable sound recorder, listening practices of schoolchildren and teenagers, the ringtone, mobile music in the urban soundscape, the boombox, mobile music marketing in Mexico and Brazil, music piracy in India, and online radio in Japan and the US.

Eerdmans Dictionary of the Bible David Noel Freedman, Allen C. Myers, 2000-12-31 The Eerdmans Dictionary of the Bible gathers nearly 5,000 alphabetically ordered articles that thoroughly yet clearly explain all the books, persons, places, and significant terms found in the Bible. The Dictionary also explores the background of each biblical book and related writings and discusses cultural, natural, geographical, and literary phenomena matters that Bible students at all levels may encounter in reading or discussion. Nearly

600 first-rate Bible authorities have contributed to the Eerdmans Dictionary of the Bible. Intended as a tool for practical Bible use, this illustrated dictionary reflects recent archaeological discoveries and the breadth of current biblical scholarship, including insights from critical analysis of literary, historical, sociological, and other methodological issues. The editorial team has also incorporated articles that explore and interpret important focuses of biblical theology, text and transmission, Near Eastern archaeology, extrabiblical writings, and pertinent ecclesiastical traditions - all of which help make the Eerdmans Dictionary of the Bible the most comprehensive and up-to-date one-volume Bible dictionary on the market today.

General Overriding Regulation 1-44, Mar. 30, 1951-Mar. 17, 1953 United States. Office of Price Stabilization,1951

Stalin's War Sean McMeekin,2021-04-20 A prize-winning historian reveals how Stalin—not Hitler—was the animating force of World War II in this major new history. World War II endures in the popular imagination as a heroic struggle between good and evil, with villainous Hitler driving its events. But Hitler was not in power when the conflict erupted in Asia—and he was certainly dead before it ended. His armies did not fight in multiple theaters, his empire did not span the Eurasian continent, and he did not inherit any of the spoils of war. That central role belonged to Joseph Stalin. The Second World War was not Hitler's war; it was Stalin's war. Drawing on ambitious new research in Soviet, European, and US archives, Stalin's War revolutionizes our understanding of this global conflict by moving its epicenter to the east. Hitler's genocidal ambition may have helped unleash Armageddon, but as McMeekin shows, the war which emerged in Europe in September 1939 was the one Stalin wanted, not Hitler. So, too, did the Pacific war of 1941-1945 fulfill Stalin's goal of unleashing a devastating war of attrition between Japan and the "Anglo-Saxon" capitalist powers he viewed as his ultimate adversary. McMeekin also reveals the extent to which Soviet Communism was rescued by the US and Britain's self-defeating strategic moves, beginning with Lend-Lease aid, as American and British supply boards agreed almost blindly to every Soviet demand. Stalin's war machine, McMeekin shows, was substantially reliant on American matériel from warplanes, tanks, trucks, jeeps, motorcycles, fuel, ammunition, and explosives, to industrial inputs and technology transfer, to the foodstuffs which fed the Red Army. This unreciprocated American generosity gave Stalin's armies the mobile striking power to conquer most of Eurasia, from Berlin to Beijing, for Communism. A groundbreaking reassessment of the Second World War, Stalin's War is essential reading for anyone looking to understand the current world order.

Armor Attacks: The Tank Platoon John F. Antal,2020-08-31 "Extremely clever . . . part tactical decision game (TDG), part combat adventure page turner, and part The Defense of Duffer's Drift." —Capt. Randall P. Newman, USMC In this unique, interactive story, you are the leader of a U.S. Army M1 Abrams tank platoon. Throughout the text, you'll have an opportunity to make life-or-death decisions, and the events that unfold will be dictated by the choices you make. As you progress through the book, you'll learn important tactical and operational lessons. Whether or not you are—or want to be—a tank platoon leader, you'll find this book both highly entertaining and instructive. There are two operations to survive—an assault and a counter-reconnaissance mission. In each you must bring your knowledge and judgment to bear on the scenario in order to achieve the objective. If you choose wrong, defeat and even death may be

your fate. If you succeed, you can savor the taste of victory and live to fight another day. The scenarios are highly realistic, and there are maps and appendices with detailed specifications of the hardware involved to help you make informed decisions. Written before Operation Desert Storm and published in 1991, *Armor Attacks* may feature military technology that's dated by today's standards—but the need for human leadership and effective, rapid decision-making has not changed. *Armor Attacks* was recognized as an invaluable teaching tool by United States Military Academy, West Point and was used to teach cadets the essential skills of leadership, decision-making, and tactics—a decade of USMA leaders trained with this book. To supplement the original text, this new edition includes the West Point instructor reference guide, which explains and amplifies the teaching points of each scenario encountered.
