A Thug Set Me Free Tnesha Sims,2019-10-20 Your prince charming will come one day. He may not ride a white horse or live in a big castle, but he will love you and only you. That was life for 29-year-old Monae, until one year into her relationship with her boyfriend Isaiah when she deals with verbal and physical abuse. As a victim of domestic violence, Monae lives in a constant state of alertness and anticipation, waiting for the next attack to occur. Every time she thinks she's had enough, she would get charmed right back under his spell. That is until she starts cleaning for Coop, an infamous dope boy who sees all the signs of abuse she so desperately tries to hide. Coop tries his best to save Monae, but the question he has to ask himself is, does she really want to be saved? Coop Fields, a true dope boy at heart, grew up in South Bronx and built his empire from the ground up. He's labeled a drug lord, and although he has a legal business, it doesn't change the label behind his name. Being an important person, he doesn't have time to clean his spacious home, so he hires Monae who is recommended by a good friend of his to clean for him. The more Monae comes around, the more Coop becomes attracted to her, and even though they hardly ever hold a conversation, he thinks she is someone worth building with. When he learns of her relationship status, that doesn't detour his mind, it just makes him want her even more. When he starts to notice more about her, he knows he has to save her, but that's easier said than done. Isaiah will do whatever to keep Monae under him, even if it means killing the people around her. Will Coop be able to set her free before it's too late? Or will he lose his life trying to save hers?

**Scripting Approaches in Mathematics Education** Rina Zazkis,Patricio Herbst,2017-10-30 This book shows how the practice of script writing can be used both as a pedagogical approach and as a research tool in mathematics education. It provides an opportunity for script-writers to articulate their mathematical arguments and/or their pedagogical approaches. It further provides researchers with a corpus of narratives that can be analyzed using a variety of theoretical perspectives. Various chapters argue for the use of dialogical method and highlight its benefits and special features. The chapters examine both “low tech” implementations as well as the use of a technological platform, LessonSketch. The chapters present results of and insights from several recent studies, which utilized scripting in mathematics education research and practice.

**Beyond Me** Carroll E. Arkema,2014-04-24 Beyond Me seeks to capture and convey the wonder, mystery, and healing power of the Divine Spirit and its activity in human beings, life, and relationships. This Divine Presence is often felt or glimpsed as Mystery--beyond us, yet within us--which grabs our attention and pulls us into a deeper and fuller exploration of what life and human existence is all about. As an ordained Presbyterian minister serving as a Pastoral Psychotherapist, Carroll E. Arkema is especially thrilled and fascinated to notice and then capture in his poems the congruency between psychodynamics, spiritual growth, and scriptural stories. His interdisciplinary perspective illuminates the complexity of the divine/human relationship, tracing how people change, heal, and are sanctified, while also resisting such change and growth. Personal experiences and scriptural accounts throw light on each other, and Arkema shows poetry to be a format capable of holding and integrating both.

He said, “Hey Jill, I heard you need some help, come with me!” He motioned her to follow him onto a dark, empty stage. Jerry proceeded to coach her on how to present “Healing your Ha with the Medicine Geometry”. Through his eyes, he showed her memories from Grateful Dead shows that had inspired her life, almost forty years before. The following morning, poems started flowing from her hand! “Signs” of Jerry and

unexplainable coincidences have been nonstop. Humbly and Gratefully, she shares the hundreds of poems created“After the Jerry Dream”. SILENT PARTNER “A complex and haunting story of tangled personalities, deeply buried family secrets, and of violence lying thinly under the surface . . . hits the reader right between the eyes.”—Los Angeles Times Book Review At a party for a controversial sex therapist, Alex encounters Sharon Ransom, an alluring lover who, more than a decade earlier, abruptly left him. The following day Sharon is dead, an apparent suicide. DEVIL’S WALTZ “I double dare you to start reading Devil’s Waltz and put it down.”—Larry King Toddler Cassie Jones is rushed to the hospital with symptoms no doctor can explain. When Alex is called to investigate, instinct tells him that someone—Cassie’s parents or the child’s devoted nurse—could be a monster. Then a physician is brutally killed, and a shadowy death revealed. Alex and Milo have only a few hours to discover the link between these shocking events and baby Carrie’s terrifying condition. BAD LOVE “Bad Love will have you looking over your shoulder before you turn out the lights.”—Detroit Free Press Arriving in an unmarked brown wrapper is an audiocassette recording of a horrifying scream, followed by the chanting of a childlike voice. The tape is an early intimation that Alex is entering a living nightmare. With Milo’s help, Alex uncovers a diabolical pattern of violent murder. And if they do not quickly decipher the twisted logic of a stalker’s mind game, Alex will be the next to die. SELF-DEFENSE “Exciting . . . loaded with tension and packed with titillating insights.”—The New York Times Book Review Lucy Lowell is referred to Alex for help with a recurring nightmare of a child in the forest at night, watching a strange and furtive act. Now Lucy’s dream is disrupting her waking life, and Alex is concerned. The dream’s grip on her emotions suggests to him that it may be more than a nightmare. It could be Lucy’s repressed childhood memory of something chillingly real. Something like murder.

The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you

have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
