Voyage to the Underworld Dave Wolverton, 1998 Mission is to travel to the heart of the underworld and escape your pursuers.

The Lightning Thief Rick Riordan, 2009-05-02 Percy Jackson is a good kid, but he can't seem to focus on his schoolwork or control his temper. And lately, being away at boarding school is only getting worse—Percy could have sworn his pre-algebra teacher turned into a monster and tried to kill him.

Underworld London Catharine Arnold, 2012-07-05 Beginning with an atmospheric account of Tyburn, we are set up for a grisly excursion through London as a city of ne'er do wells, taking in beheadings and brutality at the Tower, Elizabethan street crime, cutpurses and con-men, through to the Gordon Riots and Highway robbery of the 18th century and the rise of prisons, the police and the Victorian era of incarceration. As well as the crimes, Arnold also looks at the grotesque punishments meted out to those who transgressed the law throughout London's history – from the hangings, drawings and quarterings at Tyburn over 500 years to being boiled in oil at Smithfield. This popular historian also investigates the influence of London's criminal classes on the literature of the 19th and 20th centuries, and ends up with our old favourites, the Krays and Soho gangs of the 50s and 60s. London's crimes have changed over the centuries, both in method and execution. Underworld London traces these developments, from the highway robberies of the eighteenth century, made possible by the constant traffic of wealthy merchants in and out of the city, to the beatings, slashings and poisonings of the Victorian era.

Narcotics Legislation United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate Juvenile Delinquency, 1969 Considers. S. 1895, to intensify Federal-state efforts to prevent illegal use, manufacture and sale of drugs, and to develop programs for drug education for youths and rehabilitation for the habitual user. S. 2590, to establish a Commission on Marihuana. S. 2637, to increase number of drugs classified as dangerous and to increase penalties for illegal use of such drugs.

Operations. Permanent Subcommittee on Investigations, 1963

Dark Paradise David T. COURTWRIGHT, 2009-06-30 In a newly enlarged edition of this eye-opening book, David T. Courtwright offers an original interpretation of a puzzling chapter in American social and medical history: the dramatic change in the pattern of opiate addiction--from respectable upper-class matrons to lower-class urban males, often with a criminal record. Challenging the prevailing view that the shift resulted from harsh new laws, Courtwright shows that the crucial role was played by the medical rather than the legal profession. *Dark Paradise* tells the story not only from the standpoint of legal and medical sources, but also from the perspective of addicts themselves. With the addition of a new introduction and two new chapters on heroin addiction and treatment since 1940, Courtwright has updated this compelling work of social history for the present crisis of the Drug War.

Drug Enforcement, 1973

International Record of Medicine and General Practice Clinics Edward Swift Dunster, Frank Pierce Foster, James Bradbridge Hunter, Charles Eucharist de Medicis Sajous, Gregory Stragnell, Henry J. Klaunberg, Félix Martí-Ibáñez, 1921

Illicit Narcotics Traffic United States. Congress. Senate. Committee on the Judiciary, 1955

Transnational Politics in the Post-9/11 Novel Joseph Conte, 2019-11-22 *Transnational Politics in the Post-9/11 Novel* suggests that literature after September 11, 2001 reflects the shift from bilateral nation-state politics to the multilateralism of transnational politics. While much of the criticism regarding novels of 9/11 tends to approach these works through theories of personal and collective trauma, this book argues for the evolution of a post-9/11 novel that pursues a transversal approach to global conflicts that are unlikely to be resolved without diverse peoples willing to set aside sectarian interests. These novels embrace not only American writers such as Don DeLillo, Dave Eggers, Ken Kalfus, Thomas Pynchon, and Amy Waldman but also the countervailing perspectives of global novelists such as J. M. Coetzee, Orhan Pamuk, Mohsin Hamid, and Laila Halaby. These are not novels about terror(ism), nor do they seek comfort in the respectful cloak of national mourning. Rather, they are instances of the novel in terror, which recognizes that everything having been changed after 9/11, only the formally inventive presentation will suffice to acknowledge the event's unrepresentability and its shock to the political order.

The Drug Wars in America, 1940-1973 Kathleen J. Frydl, 2013-04-22 *The Drug Wars in America, 1940-1973* argues that the US government has clung to its militant drug war, despite its obvious failures, because effective control of illicit traffic and consumption were never the critical factors motivating its adoption in the first place. Instead, Kathleen J. Frydl shows that the shift from regulating illicit drugs through taxes and tariffs to criminalizing the drug trade developed from, and was marked by, other dilemmas of governance in an age of vastly expanding state power. Most believe the 'drug war' was inaugurated by President Richard Nixon's declaration of a war on drugs in 1971, but in fact his announcement heralded changes that had taken place in the two decades prior. Frydl examines this critical interval of time between regulation and prohibition, demonstrating that the war on drugs advanced certain state agendas, such as policing inner cities or exercising power abroad.

Tolerating Terrorism in the West Noemi Gal-Or, 2015-06-18 Has terrorism lost the power to shock and appal? Have liberal democracies learned to tolerate terrorism? Using case studies of governments' and societies' responses to terrorism, this book, first published in 1991, shows how attitudes towards terrorism have developed. Five western countries with differing political structures and histories are studied: Belgium, the Federal Republic of Germany, Israel, Italy and Spain. The analysis investigates the roles of social, political, legal, professional and religious institutions and movements in formulating the approved attitude towards terrorism that governs political bodies as well as society at large. This book will be of interest to students of politics and sociology.
