The Fortunate Ones Christine Michelle, 2022-10-10
Aiden Is it okay to go after the woman your roommate, and best friend, screwed up his first date with? He certainly didn't think so, but after she nearly knocked me out with a door, I was pretty sure she might be ready to try again. The problem was, he thought he still stood a chance with her too. Cori I was done with men! My last date literally stood lip-locked with his ex-girlfriend while I looked on. It went on so long that his roommate had to come to my rescue and take me home. He was just another in the short, 3-person list of my horrible dating history. I would simply stop dating until college was over with.

Maybe then the men I met would be grown up enough to handle the real deal. If only Aiden would stop looking at me like that. then, maybe I could keep that promise to myself! Book One in the FT0 Series
