Contemporary Latina/o Media Arlene Dávila,Yeidy M. Rivero,2014-09-12 Just ten years ago, discussions of Latina/o media could be safely reduced to a handful of TV channels, dominated by Univision and Telemundo. Today, dramatic changes in the global political economy have resulted in an unprecedented rise in major new media ventures for Latinos as everyone seems to want a piece of the Latina/o media market. While current scholarship on Latina/o media have mostly revolved around important issues of representation and stereotypes, this approach does not provide the entire story. In *Contemporary Latina/o Media*, Arlene Dávila and Yeidy M. Rivero bring together an impressive range of leading scholars to move beyond analyses of media representations, going behind the scenes to explore issues of production, circulation, consumption, and political economy that affect Latina/o mass media. Working across the disciplines of Latina/o media, cultural studies, and communication, the contributors examine how Latinos are being affected both by the continued Latin Americanization of genres, products, and audiences, as well as by the whitewashing of “mainstream” Hollywood media where Latinos have been consistently bypassed. While focusing on Spanish-language television and radio, the essays also touch on the state of Latinos in prime-time television and in digital and alternative media. Using a transnational approach, the volume as a whole explores the ownership, importation, and circulation of talent and content from Latin America, placing the dynamics of the global political economy and cultural politics in the foreground of contemporary analysis of Latina/o media.

The Demand for International Football Telecasts in the United States Georgios Nalbantis,Tim Pawlowski,2017-02-06 This book provides a comprehensive overview and economic analysis of US

consumer demand for televised football (soccer). Accounting for transnational demand, research is focused on the US consumers demand for the English Premier League, Spanish La Liga, Italian Serie A, German Bundesliga, French Ligue 1 and the UEFA Champions League, which represent the most popular and marketable football competitions worldwide, and have recently sealed lucrative media rights contracts in many large markets, including the US. The study also takes account of North American Major League Soccer (MLS) in order to provide a more comprehensive overview of the country's football market and to allow for direct comparisons with the aforementioned European competitions. These findings offer valuable insights for US broadcasters, European league organizers and managers to adjust existing strategies and/or develop new strategies in conquering the US football market.

Spanish-Language Television in the United States Kenton T. Wilkinson, 2015-09-25 Since its introduction in the early 1960s, Spanish-language television in the United States has grown in step with the Hispanic population. Industry and demographic projections forecast rising influence through the 21st century. This book traces U.S. Spanish-language television's development from the 1960s to 2013, illustrating how business, regulation, politics, demographics and technological change have interwoven during a half century of remarkable change for electronic media. Spanish-language media play key social, political and economic roles in U.S. society, connecting many Hispanics to their cultures of origin, each other, and broader U.S. society. Yet despite the population's increasing impact on U.S. culture, in elections and through an estimated \$1.3 trillion in spending power in 2014, this is the first comprehensive academic source dedicated to the medium and its history. The book combines information drawn from the business press and trade journals with industry reports and academic research to provide a balanced perspective on the origins, maturation and accelerated growth of a significant ethnic-oriented

medium.

Principles and Practice of Sport Management Carol A. Barr, Mary Hums, 2014-08-15 From the basic knowledge and skill sets of a sport manager to the current trends and issues in the sport management industry, the Fifth Edition of this best-selling text provides the foundation for students as they study and prepare for a variety of sport management careers. The authors, all well-known sport industry professionals, show students how to apply their new knowledge and skills to any segment in the sport industry from high school to the international arena. Principles and Practice of Sport Management, Fifth Edition continues to offer historical perspectives as well as thoughts about current and future industry issues and trends. It has, however, undergone substantial content updates in every chapter, including the inclusion of new developments or managerial approaches happening in the sport world, as well as the addition of new chapters on new media in sport and club management. - New full color design and art program - Contains practical advice on how virtual communities and social networks can affect the job search process - Provides updated information on salaries in professional sports - Includes sections on evaluating coaches, programmatic goals, ethics, finances, and marketing as they relate to youth sports - Contains more in-depth coverage of disabilities in sports - New and updated content on the growing safety concerns related to concussions in youth sports through professional sports and within the NFL - New discussion of the ethical and legal implications of the Jerry Sandusky case - Current Issues section updated with new material on event security and the Boston Marathon bombings.

Strategic Sport Communication Paul M. Pedersen, Pamela C. Laucella, Edward (Ted) M. Kian, Andrea N. Geurin, 2016-10-04 Strategic Sport Communication, Second Edition, explores the sport industry's exciting and multifaceted segment of sport communication. With communication theory, sport literature, and

insight from the industry's leading professionals, the text presents a standard framework that introduces readers to the many ways in which individuals, media outlets, and sport organizations work to create, disseminate, and manage messages to their constituents. The team of international authors has drawn on its extensive practical, academic, and leadership experiences to update and revitalize this second edition of Strategic Sport Communication. Using the industry-defining standard of the Strategic Sport Communication Model (SSCM), the text explores sport communication in depth and then frames the three major components of the field: personal and organizational communication, sport media, and sport communication services and support. Readers will discover how each aspect of this segment of the sport industry is integral to the management, marketing, and operational goals at all levels of sport organizations. The second edition includes the following enhancements:

- A new, expanded chapter titled Integrated Marketing Communication in Sport allows students to explore modern marketing strategy.
- Substantial updates and new information on multiple social media platforms throughout the book elucidate the latest trends.
- "Sport Communication at Work" sidebars and "Profile of a Sport Communicator" features apply topics and theoretical concepts to real-world situations.
- Key terms, learning objectives, and chapter wrap-ups with review questions, discussion questions, and individual exercises keep readers engaged and focused.
- An expanded ancillary package provides tools for instructors to use in course preparation and presentation.

The content is complemented by photos throughout and organized in an easy-to-read style. Part I of the book introduces sport communication by defining the scope of study, examining roles and functions of sport communication professionals, and looking at the history and growth of the field. Part II dives into the SSCM, which provides a macro-view of the three main components of communication in sport. This section

also addresses digital and mobile communications, public relations and crisis communication, and sport research. Part III addresses sociocultural issues and legal aspects of sport communication, including culture, gender, sex, race, ethnicity, and politics. Throughout the text, individual exercises, group activities, review questions, and discussion questions promote comprehension for a variety of learning styles. With *Strategic Sport Communication*, Second Edition, readers will be introduced to the vast and varied field of sport communication. The framework of the SSCM prepares readers with foundational and theoretical knowledge so they are able to understand the workings of, and ultimately contribute to, the rapidly growing field of sport communication.

Strategic Sport Communication, 2E Pedersen, Paul M., Laucella, Pamela, Kian, Edward, Geurin, Andrea, 2016-08-05 *Strategic Sport Communication*, Second Edition, presents a standard framework that introduces readers to the many ways in which individuals, media outlets, and sport organizations work to create, disseminate, and manage messages to their constituents.

Andrés Guardado Jorge Arturo Miranda Bravo, 2014-09-29 Andrés Guardado es toda una figura del fútbol nacional mexicano. Desde muy temprana edad, se levantó para convertirse rápidamente en una de las estrellas más grandes del balón pie actual. Ya sea dentro o fuera de la cancha, a los amantes del fútbol les gusta seguir cada uno de sus movimientos. ¡Siga la travesía del Principito desde el Club Atlas en México al Deportivo en España y hasta la Copa Mundial! Aunque es un futbolista tan joven, ha tenido grandes triunfos durante sus años en el deporte-- y seguramente logrará mucho más.

Rafael Márquez Paco Elzaurdia, 2014-09-29 Rafael Márquez es un futbolista con fanáticos en todo el mundo, desde México hasta Barcelona. No le sorprende la competencia dura en campeonatos y Copas Mundiales, y se ha convertido en pieza clave de cada equipo de los que ha hecho parte. Conozca el recorrido de Rafa hasta la cima del mundo del balón pie. Aunque puede ser un

jugador controversial, sus fans saben que pueden contar con que llevará al equipo a la victoria.

Principles and Practice of Sport Management Lisa Pike Masteralexis, Mary Hums, 2023-06-15 Offering an overview of the sport industry and coverage of the foundational knowledge and skills required of the today's sport manager, Principles and Practice of Sport Management is devoted to educating students on the various industry segments where they can focus their careers. After detailing the history and various principles – from management and marketing to finance, legal and ethical – the book delves into key sports management segments, discussing the skills needed in those sectors, the types of positions available, and the curre

Hugo Sánchez Eduardo Martínez Alaníz, 2014-09-29 Muchos están de acuerdo con que Hugo Sánchez es uno de los mejores futbolistas mexicanos en la historia. Fue la estrella de la selección nacional y jugó para el Real Madrid, uno de los mejores equipos del mundo. Entérese como Sánchez llegó a la fama en su país... y más allá. Aunque está retirado, éste ícono del balón pie ha hecho la transición de jugador a técnico y hoy por hoy, después de cuarenta años en el deporte, sigue siendo una figura de renombre.

Mexican Multinationals Alvaro Cuervo-Cazurra, Miguel A. Montoya, 2018-12-06 Over the past two decades, emerging market multinationals have become an important force in international business. This book provides a better understanding of the actions and strategies used by firms from mid-sized emerging markets to upgrade their capabilities and become successful multinationals. It is the first book to provide an in-depth look at Mexican multinationals, or 'Multimexicans'. These include some of the leading firms in the world, such as the construction materials producer Cemex and the tortilla maker Grumasa, as well as smaller but innovative firms such as the theme park Kidzania and the cinema multicomplex Cinopolis. This comprehensive analysis contains case studies written by local industry experts on these

and other firms, across twenty-two industries. The lessons drawn will be of interest to researchers, students, and consultants, as well as managers and executives of firms in other emerging markets looking to upgrade capabilities and expand abroad.

Why the U.S. Men Will Never Win the World Cup Beau Dure, 2019-11-15 October 10, 2017. The U.S. men's soccer team loses in Trinidad and Tobago, and fails to qualify for the 2018 World Cup. Winning soccer's greatest prize never seemed more distant. Immediate fixes—a new coach, a revamped professional league, a commitment to coaching education—won't put the USA in the global elite. The nation is too fractious, too litigious, too wrapped up in other sports, and too late to the game. In *Why the U.S. Men Will Never Win the World Cup: A Historical and Cultural Reality Check*, Beau Dure shows what American soccer is really up against. Using hundreds of sources to trace more than 100 years of history, Dure delves into the culture that only recently lost its disdain for the global game and still doesn't have the depth of soccer insight and passion that much of the world has had for generations. The difficulty isn't any single thing—the mismanagement of failed leagues, the inability to agree on a path forward, the lawsuits that stem from an inability to agree, or the unique American culture that treasures its homegrown sports. It's everything. And yet, *Why the U.S. Men Will Never Win the World Cup* is ultimately optimistic. Dure argues that with the right long-term changes, the U.S. can build a soccer environment that consistently produces quality players, strong results, and a lot more fun on the international stage. Soccer fans and skeptics alike will find this a fascinating examination of America's past, present, and future in the beautiful game.

Reinventing the Latino Television Viewer Christopher Chávez, 2015-10-30 *Reinventing the Latino Television Viewer* examines the relationship between language ideologies and the exploitation of markets within the television industry. A proliferation of television networks owned by large media

conglomerates are attempting to reach U.S. Latino viewers with English-language programming. As these dominant mainstream networks enter the Hispanic television space, they are redefining the Latino audience in ways that more closely resemble the mainstream population.

Aspects of Latin American Spanish Dialectology Manuel Díaz-Campos, Sandro Sessarego, 2021-01-12 This book focuses on contemporary sociolinguistic approaches to Spanish dialectology. Each of the authors draws on key issues of contemporary sociolinguistics, combining theoretical approaches with empirical data collection. Overall, these chapters address topics concerning language variation and change, sound production and perception, contact linguistics, language teaching, language policy, and ideologies. The authors urge us, as linguists, to take a stand on important issues and to continue applying theory to praxis so as to advance the frontiers of research in the field. This edited volume in honor of Professor Terrell A. Morgan is a means of celebrating an amazing friend, advisor, and human being, who has dedicated his career to teaching graduate and undergraduate students, performed key research in the field, and helped to further pedagogy in the classroom through his textbooks, seminars and websites.

Race in American Television [2 volumes] David J. Leonard, Stephanie Troutman Robbins, 2021-01-26 This two-volume encyclopedia explores representations of people of color in American television. It includes overview essays on early, classic, and contemporary television and the challenges for, developments related to, and participation of minorities on and behind the screen. Covering five decades, this encyclopedia highlights how

race has shaped television and how television has shaped society. Offering critical analysis of moments and themes throughout television history, *Race in American Television* shines a spotlight on key artists of color, prominent shows, and the debates that have defined television since the civil rights movement. This book also examines the ways in which television has been a site for both reproduction of stereotypes and resistance to them, providing a basis for discussion about racial issues in the United States. This set provides a significant resource for students and fans of television alike, not only educating but also empowering readers with the necessary tools to consume and watch the small screen and explore its impact on the evolution of racial and ethnic stereotypes in U.S. culture and beyond. Understanding the history of American television contributes to deeper knowledge and potentially helps us to better apprehend the plethora of diverse shows and programs on Netflix, Hulu, YouTube, and other platforms today.

From Networks to Netflix Derek Johnson, 2022-07-26 Now in a second edition, this textbook surveys the channels, platforms, and programming through which television distribution operates, with a diverse selection of contributors providing thorough explorations of global media industries in flux. Even as legacy media industries experience significant disruption in the face of streaming and online delivery, the power of the television channel persists. Far from disappearing, television channels have multiplied and adapted to meet the needs of old and new industry players alike. Television viewers now navigate complex choices among broadcast, cable, and streaming services across a host of different devices. *From Networks to Netflix* guides students, instructors, and scholars through that complex and transformed channel landscape to reveal how these industry changes unfold and why they matter. This second edition features new players like Disney+, HBO Max, Crunchyroll, Hotstar, and more, increasing attention to TV services across the world. An ideal resource for

students and scholars of media criticism, media theory, and media industries, this book continues to offer a concrete, tangible way to grasp the foundations of television—and television studies—even as they continue to be rewritten.
