The United States Navy in the World War James Clayton Russell,William Emmet Moore,1921

A Brief History of the 4th Marines United States. Marine Corps,James S. Santelli,1971

A Fellowship of Valor Joseph H. Alexander,Don Horan,Norman Stahl,1997 This is the only single-volume, definitive combat history of the United States Marines, covering more than two centuries of battles in the air and on land and sea - literally, from the Halls of Montezuma, to the shores of Tripoli, from Suribachi to Somalia. It presents graphic narrative of such epic engagements as Belleau Wood, Wake Island, Guadalcanal, Tarawa, Peleliu, Saipan, Okinawa, the Chosin Reservoir, Khe Sanh, and many more. Here you will meet the Marine sharpshooters in the fighting tops of our young country's legendary frigates, as they took on the British navy during the American Revolution; discover the exploits of Marine pilots in the Banana Wars, in the skies over the Pacific during World War II, and later over Korea and Vietnam; and share the tension and terror of stalking the enemy on a Marine patrol in the jungles of the Pacific islands and Southeast Asia. An award-winning military historian, the author, a retired Marine colonel who served two tours of duty in Vietnam, tells the Marine combat

story in a no-holds-barred narrative, with dozens of sidebars full of fascinating vignettes and Marine lore, accompanied by nearly one hundred rare combat photographs and vivid sketches, plus many maps.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Pacific Warriors Eric M. Hammel,2005 From the halls of Montezuma to the shores of Tripoli, and more recently from the jungles of Vietnam to the killing fields of Iraq, America's soldiers of the sea have fought their country's battles with famed valor, skill, and perseverance in the face of long odds. But where did the U.S. Marines earn their reputation as being the first to fight? It was on the South Pacific Island of Guadalcanal. There, on August 7, 1942, the 1st Marine Division stormed ashore to begin one of the most difficult and brutal campaigns of military history, and an unbroken string of victories staged across the Pacific.

Semper Fi H. Avery Chenoweth,Brooke Nihart,2010 With more than 1,100 images and a text written by respected author and veteran Colonel H. Avery Chenoweth, this tribute to the U.S. Marines shines with all the pride of the Marines themselves. Salute the few, the proud, the Marines. From their founding in 1794 to their most recent actions--including the second battle of Falluja--the entire history of the U.S. Marine Corps comes vividly to life in these lushly illustrated pages. Pore through the comprehensive images of nearly every Marine hero, uniform style, sidearm, saber, weapons platform, recruiting poster, plane, helicopter, boat, and mess kit. Many of the photos were shot recently right at the Historical Center at Quantico, Virginia, and they include rare and never-before-seen artifacts from the Marines' long history. Colonel H. Avery Chenoweth provides fascinating background information and context to compliment the visual journey.

Hill of Angels Joseph C. Long,2016 This monograph examines U.S. Marine and North Vietnamese Army (NVA) actions throughout much of the northern half of a region that became known as Leatherneck Square, an area bounded by Con Thien and Gio Linh to the north--just below the demilitarized zone (DMZ)--and Cam Lo and Dong Ha to the south. The Battle of Con Thien also included activities within the DMZ north and west of Con Thien as far as the Ben Hai River. More than a dozen Marine operations were involved in varying degrees with the Battle of Con Thien. This account deals with the battle's most significant and costly operations: Operation Hickory (18-28 May 1967), Operation Buffalo (2-14 July 1967), Operation Kingfisher (16 July-31 October 1967), and Operation Kentucky (1 November 1967-28 February 1968). This text is appropriate for military historians, scholarly professionals, and military science students as well as veterans. World War II US Marine Infantry Regiments Gordon L. Rottman,2018-07-26 The United States Marine Corps came into its own in the Pacific Islands campaign against Japan in World War II. From Guadalcanal to Okinawa, US Marines formed the tip of the spear as Allied forces sought to push the Japanese back to their Home Islands. This fascinating study tracks the deployments of the various Marine divisions throughout the war and explains their composition, but also goes deeper, to detail the individual regiments - the focus of the marines' identity and pride. It explains the organization of the Marine infantry regiment and its equipment, and how they evolved during the war. The marine infantryman's evolving uniforms, field equipment and weapons are illustrated throughout using specially commissioned artwork and detailed descriptions to produce a fitting portrait of the US military's elite fighting force in the Pacific.
