My Life in Full Indra Nooyi, 2021-09-28 A New York Times Bestseller An intimate and powerful memoir by the trailblazing former CEO of PepsiCo For a dozen years as one of the world's most admired CEOs, Indra Nooyi redefined what it means to be an exceptional leader. The first woman of color and immigrant to run a Fortune 50 company — and one of the foremost strategic thinkers of our time — she transformed PepsiCo with a unique vision, a vigorous pursuit of excellence, and a deep sense of purpose. Now, in a rich memoir brimming with grace, grit, and good humor, *My Life in Full* offers a firsthand view of Nooyi's legendary career and the sacrifices it so often demanded. Nooyi takes us through the events that shaped her, from her childhood and early education in 1960s India, to the Yale School of Management, to her rise as a corporate consultant and strategist who soon ascended into the most senior executive ranks. The book offers an inside look at PepsiCo, and Nooyi's thinking as she steered the iconic American company toward healthier products and reinvented its environmental profile, despite resistance at every turn. For the first time and in raw detail, Nooyi also lays bare the difficulties that came with managing her demanding job with a growing family, and what she learned along the way. She makes a clear, actionable, urgent call for business and government to prioritize the care ecosystem, paid leave and work flexibility, and a convincing argument for how improving company and community support for young family builders will unleash the economy's full potential. Generous, authoritative, and grounded in lived experience, *My Life in Full* is the story of an extraordinary leader's life, a moving tribute to the relationships that created it, and a blueprint for 21st century prosperity.

The Market of Pepsi / PepsiCo Andreas Penzkofer, 2006-01-10 Research Paper from the year 2005 in the subject Economics - Industrial Economics, grade: 1,0, Wayne State University (Department of Economics), course: Industrial Organization, 40 entries in the bibliography, language: English, abstract: PepsiCo, one of the world's largest beverage and food companies, is presently focused on widen its business in Europe through the subsidiary PepsiCo International. In 2004, international sales accounted for \$ 9,949 million - that is about one third of its group revenues. [Clark (European takeover targets), p. 31.] Recently, the company has negotiated and realized several acquisitions in Europe. In May 2005, PepsiCo bought the leading German juice maker Punica Getraenke. [Mercer (Europe's juice sector), p. 1.] In November 2005, it has reached agreement on the principal terms and conditions for the purchase of Sara Lee Corporation's European nuts business in the Netherlands, Belgium and France. [PepsiCo International (Sara Lee Nuts Business), p. 1.] With these investments, PepsiCo is driving an international expansion strategy. It aims growth outside the United States (U.S.) by adding local products to their global brands, until its traditional carbonated soft drink portfolio suffers from slower growth, and even some decline. [Mercer (Europe's juice sector), p. 1.] Using this situation as a background, it is interesting to analyze the market of PepsiCo. Who are the global competitors? What structure has the market, as the firm is seeking for growth? The goals of this research are to deduct the market of PepsiCo and to measure its structure by using significant ratios. First, PepsiCo will be briefly described and the contrast of a global and local view of the market will be compared. Afterwards the competitors of the firm will be named. The market will be split into the non-alcoholic beverage sector and the convenient food sector. Finally, the structure of these sectors will be measured by the concentration ratio and Hirschmann-Herfindahl-Index.

Management and organisation of PepsiCo. Analysis of two case studies Juliane Hanke, 2019-08-22 Studienarbeit aus dem Jahr 2015 im Fachbereich BWL - Unternehmensführung, Management, Organisation, , Sprache: Deutsch, Abstract: This seminar paper is guided by the questions of how PepsiCo managed successfully diversity management and CSR, how the company has been led during those changes and how the

case of PepsiCo can assist other companies within the same sector. A brief summary of two case studies will be given at the beginning of this seminar paper followed by an analysis through the 7-S Framework of McKinsey. The ensuing chapter is putting diversity management and CSR in the context of leadership. An analysis of Indra Nooyi's leadership style will subsequently be given before deriving recommendations for companies being active within the same sector as closing chapter. The American company PepsiCo is among the world's leading companies in the food and beverage sector having a net revenue of 66 billion dollar in 2013 and being active in more than 200 countries. Starting diversity management under the former CEO Reinemund, the company has taken a step towards an increasing trend of multinational companies in the course of successfully entering new markets. The current CEO Indra Nooyi who is representing diversity herself introduced another aspect besides performance orientation to PepsiCo - Corporate Social Responsibility (CSR) reflected in her company vision Performance with Purpose.

Cuba and the United States Louis A. Pérez, 2011-03-15 The Times Literary Supplement calls Louis A. Pérez Jr. the foremost historian of Cuba writing in English. In this new edition of his acclaimed 1990 volume, he brings his expertise to bear on the history and direction of relations between Cuba and the United States. Of all the peoples in Latin America, the author argues, none have been more familiar to the United States than Cubans--who in turn have come to know their northern neighbors equally well. Focusing on what President McKinley called the ties of singular intimacy linking the destinies of the two societies, Pérez examines the points at which they have made contact--politically, culturally, economically--and explores the dilemmas that proximity to the United States has posed to Cubans in their quest for national identity. This edition has been updated to cover such developments of recent years as the renewed debate over American trade sanctions against Cuba, the Elián González controversy, and increased cultural exchanges between the two countries. Also included are a new preface and an updated bibliographical essay.

Market definition and analysis of Pepsi-Cola Benjamin Pommer, 2014-08-25 Seminar paper from the year 2014 in the subject Business economics - Marketing, Corporate Communication, CRM, Market Research, Social Media, grade: 1,3, University of Applied Sciences Essen, language: English, abstract: PepsiCo is a global consumption goods company with a focus on beverages and "junk" food. The total revenue in 2013 underlines its global significance. Compared to Coca-Cola Company, PepsiCo is stronger in North America and around the globe, but that is a direct result of PepsiCo's diversified portfolio. When it comes to brand value and numbers of sold cola beverages, Coca-Cola Co has a unique market share. Especially on the cola-market, both companies are the most successful competitors worldwide. Pepsi-Cola has a very long history, but had only been a domestic product in the United States until the late 1940s. Therefore, Coca-Cola has an advantage regarding international distribution. In Germany, Pepsi-Cola entered the market almost 30 years after Coca-Cola. Nonetheless, Pepsi proved to be strong opponent by initiating clever marketing campaigns. After the so-called "Pepsi-Challenge" in the 1970s PepsiCo could succeed temporarily in winning the consumers' hearts. However, the German market for cola products is much more competitive behind Coca-Cola than the US-market. Traditionally, Coca-Cola is the main producer of cola in Germany followed by local products from discount markets. Next to the big international players, the German beverage industry is very diversified and oriented locally. Pepsi-Cola is available in nearly every German supermarket. It is also very present due to PepsiCo's strong focus on advertising and

sponsorship. But among German consumers Coca-Cola still maintains its pole position supported by a dominant brand image. This turns out to be one of the most obvious threat to Pepsi-Cola's market position. Additionally, Pepsi-Cola's image as a cheap cola drink is firm, because of PepsiCo's focus on distribution through discount markets. The development on the German beverage market shows the importance of sustainable packaging and ingredients. Therefore, Pepsi-Cola has to rely on its niche position in order to offer an alternative meeting consumers' requirements in the future.

PepsiCo and Coca-Cola Company Aneel Karnani,Vasilia Kilibarda,2010-06-29 In 2009, Pepsi acquired its two largest franchised bottlers. Six months later, after initial rejection of Pepsi's strategy, Coca-Cola also bought the North American operations of its largest bottler. With these acquisitions, the industry leaders changed the structure of the carbonated soft drink industry in North America, raising several questions: 1) Is the current strategy of forward integration into bottling appropriate for the companies? 2) Was the

previous strategy involving franchised bottlers appropriate for its time? 3) What has changed in the industry to cause this change in strategy? This case provides an overview of the history of the relationships between concentrate producers and their bottlers and trends in the CSD industry over the past century. It is intended to spark discussion into how the structure of CSD producers has responded to changes in underlying market forces, also raising the question of whether the companies strategies should be implemented in various international markets.
