

# **Us Supreme Court Cases**

**Gary L. Rose**

*Essential Supreme Court Decisions* John R. Vile, 2010-12-28 First published in 1954, this indispensable reference quickly became the gold standard for concise summaries of important U.S. Supreme Court cases. The only reference guide to Supreme Court cases organized both topically and chronologically within chapters so that readers understand how cases fit into a historical context, the 15th edition has been extensively revised to ensure that it remains the most up-to-date resource available. An essential resource for law students, lawyers, and everyone interested in our nation's Constitution and the Supreme Court decisions that explicate it.

**Landmark Supreme Court Cases** Gary R. Hartman, Roy M. Mersky, Cindy L. Tate, 2014-05-14 Groundbreaking cases in the American legal system. Through its interpretations of the Constitution and Bill of Rights, the Supreme Court issues decisions that shape American law, define the functioning of government and society,

*The Oxford Guide to United States Supreme Court Decisions* Kermit Hall, James W Ely Jr., 2009-03-11 The Supreme Court has been the site of some of the great debates of American history, from child labor and prayer in the schools, to busing and abortion. The Oxford Guide to United States Supreme Court Decisions offers lively and insightful accounts of the most important cases ever argued before the Court, from *Marbury v. Madison* and *Scott v. Sandford* (the Dred Scott decision) to *Brown v. Board of Education* and *Roe v. Wade*. This new edition of the Guide contains more than 450 entries on major Supreme Court cases, including 53 new entries on the latest landmark rulings. Among the new entries are *Bush v. Gore*, *Nixon v. United States*, *Gonzales v. Planned Parenthood*

Federation of America, and *Rumsfeld v. Forum for Academic and Institutional Rights*. Four decisions (*Hamdi v. Bush*, *Hamdan v. Rumsfeld*, *Rasu v. Bush*, and *Rumsfeld v. Padilla*) are considered in a single essay entitled *Enemy Combatant Cases*. Arranged alphabetically and written by eminent legal scholars, each entry provides the United States Reports citation, the date the case was argued and decided, the vote of the Justices, who wrote the opinion for the Court, who concurred, and who dissented. More important, the entries feature an informative account of the particulars of the case, the legal and social background, the reasoning behind the Courts decision, and the cases impact on American society. For this edition, Ely has added an extensive Further Reading section and revised the Case Index and Topical Index. For anyone interested in the great controversies of our time, this invaluable book is a must read primer on the epic constitutional battles that have informed American life.

The Pursuit of Justice Kermit L. Hall, John J. Patrick, 2006-12 Reviews and discusses landmark cases heard by the United States Supreme court from 1803 through 2000.

Historic U.S. Court Cases John W. Johnson, 2003-12-16 This collection of essays looks at over 200 major court cases, at both state and federal levels, from the colonial period to the present. Organized thematically, the articles range from 1,000 to 5,000 words and include recent topics such as the Microsoft antitrust case, the O.J. Simpson trials, and the Clinton impeachment. This new edition includes 43 new essays as well as updates throughout, with end-of-essay bibliographies and indexes by case and subject/name.

**An Introduction to Constitutional Law** Randy E. Barnett, Josh Blackman, 2023-02-28 An Introduction to Constitutional Law teaches the narrative of constitutional law as it has

developed historically and provides the essential background to understand how this foundational body of law has come to be what it is today. This multimedia experience combines a book and video series to engage students more directly in the study of constitutional law. All students—even those unfamiliar with American history—will garner a firm understanding of how constitutional law has evolved. An eleven-hour online video library brings the Supreme Court’s most important decisions to life. Videos are enriched by photographs, maps, and audio from the Supreme Court. The book and videos are accessible for all levels: law school, college, high school, home school, and independent study. Students can read and watch these materials before class to prepare for lectures or study after class to fill in any gaps in their notes. And, come exam time, students can binge-watch the entire canon of constitutional law in about twelve hours.

**Supreme Court Decisions** Richard Beeman, 2012-08-28 A selection of the landmark Supreme Court decisions that have shaped American society Penguin presents a series of six portable, accessible, and—above all—essential reads from American political history, selected by leading scholars. Series editor Richard Beeman, author of *The Penguin Guide to the U.S. Constitution*, draws together the great texts of American civic life, including the founding documents, pivotal historical speeches, and important Supreme Court decisions, to create a timely and informative mini-library of perennially vital issues. The Supreme Court is one of America's leading expositors of and participants in debates about American values. Legal expert Jay M. Feinman introduces and selects some of the most important Supreme Court Decisions of all time, which touch on the very foundations of American society. These cases cover a vast array of issues, from the powers of government

and freedom of speech to freedom of religion and civil liberties. Feinman offers commentary on each case and excerpts from the opinions of the Justices that show the range of debate in the Supreme Court and its importance to civil society. Among the cases included will be *Marbury v. Madison*, on the supremacy of the Constitution and the power of judicial review; *U.S. v. Nixon*, on separation of powers; and *Hamdi v. Rumsfeld*, a post-9/11 case on presidential power and due process.

**United States Reports** United States. Supreme Court, John Chandler Bancroft Davis, Henry Putzel, Henry C. Lind, Frank D. Wagner, 1893

**U.S. Supreme Court Decisions** Douglas Moskowitz Editor, 2016-09-14 This casebook is the outcome of the P.A.T.C.H. Law Program of the Northport-East Northport Union Free School District in New York. The casebook provides students and teachers with a summary and explanation of 51 cases that support a better understanding of U.S. history and government. Among the cases reviewed are such landmark decisions as *Marbury v. Madison*, *Dred Scott v. Sanford*, *Plessy v. Ferguson*, *Brown v. Board of Education*, and *Roe v. Wade*. For each case, the casebook presents the judicial concepts involved, the facts of the case, the legal issues involved, and the court's opinion. The Appendix includes a Table of Cases, organized by major ideas, such as Civil Rights, Presidential Powers, and States Rights v. Federal Supremacy.

*Great American Court Cases: Criminal justice* Mark F. Mikula, L. Mpho Mabunda, Allison McClintic Marion, 1999 Profiles nearly eight hundred judicial proceedings.

**The Themes That Bind Us** Gretchen Oltman, Johnna L. Graff, Cynthia Wood

Maddux,2018-08-01 This book provides any teacher with viable, useable case law to fit any historical timeframe or unit of study. Aligned with the NCSS' Ten Themes, this teacher's guide provides thirty-two high-interest U.S. Supreme Court cases edited to a more reader-friendly format while retaining the original verbiage.

*The Dirty Dozen* Robert A. Levy,William Mellor,2009-08-01 Alexander Hamilton wrote that "the judiciary, from the nature of its functions, will always be the least dangerous to the political rights of the Constitution." If only that were true. The Founding Fathers wanted the judicial branch to serve as a check on the power of the legislative and executive, and gave the Supreme Court the responsibility of interpreting the Constitution in a way that would safeguard individual freedoms. In some cases, like *Brown V. Board of Education* and *United States V. Lopez*, the Court fulfilled its role, protecting us from racial discrimination and the heavy hand of the federal government. But sadly, the Supreme Court has also handed down many destructive decisions on cases you probably never learned about in school. In *The Dirty Dozen*, two distinguished legal scholars shed light on the twelve worst cases, which allowed government to interfere in your private contractual agreements; curtail your rights to criticize or support political candidates; arrest and imprison you indefinitely, without filing charges; and seize your private property, without compensation, when someone uses the property for criminal activity—even if you don't know about it! This is not a book just for lawyers. It's for all Americans who want to understand how the Supreme Court can affect our right to life, liberty, and the pursuit of happiness. This paperback edition includes a new preface, "Guns, Bailouts, and Empathetic Judges," which highlights new and critical issues that have arisen since the

book's initial edition was published in 2008.

**Bush v. Gore** E.J. Dionne, William Kristol, 2010-12-01 On December 12, 2000, a controversial decision by the Supreme Court of the United States effectively ended the disputed presidential contest between George W. Bush and Albert Gore Jr. with a 5-4 ruling that revealed the court to be as bitterly divided as the electorate. Four days earlier, the Florida Supreme Court had abruptly changed the dynamics of the election by reversing a lower court and ordering hand recounts of undervotes statewide. The U.S. Supreme Court quickly stepped in to halt the recounts and agreed to hear *Bush v. Gore*. After brief oral arguments and a short period of deliberation, the high court reversed the state court decision. The justices in both cases were bitterly divided, and passionate language emerged in both the majority rulings and the dissents. The drama and divisiveness of this extraordinary saga come to life in the rulings, opinions, and dissents from these two cases: U.S. Supreme Court case 00-949 (*Bush v. Gore*) and Florida Supreme Court case 00-2431 (*Gore v. Harris*). The first section of this volume gathers the complete text of both rulings, along with selections from oral arguments in the U.S. Supreme Court case. The second section of the book gathers the most significant opinion pieces from journalists and scholars on both sides of the political fence. Selected and organized by political analysts E.J. Dionne and William Kristol, these articles illuminate the perspectives of both sides about the various twists and turns in the post-election campaign, and the landmark judicial intervention. A companion website will provide links to documents from additional legal proceedings and other related documents and writings. The legal and historical significance of the 2000 election will be studied and debated for

years to come. This volume combines the most important source documents with the most intelligent opinion and analysis about the conflict and its controversial resolution.

**Cases Argued and Decided in the Supreme Court of the United States** United States. Supreme Court, 1949 Complete with head lines, head notes, statements of cases, points and authorities of counsel, footnotes, and parallel references. (varies.)

**The Supreme Court** Tony Mauro, 2016-11-29 A concise, informative guide to the twenty most momentous Court rulings in American history, including excerpts from the written decisions and dissents. The legislative branch of government creates laws, and the executive branch signs and enforces them. But how does America make sure these laws don't run afoul of the Constitution? That responsibility lies with the final arbiters: the nine justices of the Supreme Court. Every year, thousands of contentious cases are submitted to the court; only about eighty of them are heard. Out of those cases, many are remembered only by the people directly involved. But over the years, many cases heard by the Supreme Court have gone on to affect the lives of many, or even all, American citizens. In *The Supreme Court: Landmark Decisions*, veteran court reporter Tony Mauro picks out the twenty most momentous Supreme Court cases in United States history. In his reviews, from *Marbury v. Madison*, the 1803 case that first affirmed the Supreme Court's status as the country's final legal arbiter, to *Obergefell v. Hodges*, the 2015 case that legalized same-sex marriage, Mauro summarizes each case and includes cogent summaries of the justices' decisions, as well as notable dissents. From a journalist noted by the *New York Times* for "explaining complex legal issues to laymen without sacrificing accuracy and subtlety," *The Supreme Court: Landmark Decisions* serves as your quick, concise, and

informative guide to one of the most important, and sometimes least-understood, institutions in the nation.

**The Americans** ,2002-03-13

*Reports of Cases Argued and Adjudged in the Supreme Court of the United States*  
United States. Supreme Court,1993

**The Supremes' Greatest Hits** Michael G. Trachtman,2009 Trachtman discusses 37 of the most significant issues the Supreme Court has grappled with--from equal rights to privacy rights, from the limits of speech to the boundaries between church and state.

*Shaping a Nation* Gary L. Rose,2010 Interprets the Supreme Court cases that have played a unique role in changing American law, politics and history. This title includes twenty-five cases that are preceded by a treatment of the historical, political and economic context during which they are decided.

**Impartial Justice** Eric T. Kasper,2013-03-22 This book discusses the Constitutional right to a neutral decisionmaker, focusing on U.S. Supreme Court cases on the Sixth Amendment guarantee to a jury in criminal cases and to the due process requirements of an impartial judge and a neutral decisionmaker in quasi-judicial contexts. The work explores how these rights have evolved, and it critically examines relevant Court cases.

The book delves into Us Supreme Court Cases. Us Supreme Court Cases is an essential topic that needs to be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Us

Supreme Court Cases, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
  - Chapter 1: Introduction to Us Supreme Court Cases
  - Chapter 2: Essential Elements of Us Supreme Court Cases
  - Chapter 3: Us Supreme Court Cases in Everyday Life
  - Chapter 4: Us Supreme Court Cases in Specific Contexts
  - Chapter 5: Conclusion
2. In chapter 1, this book will provide an overview of Us Supreme Court Cases. The first chapter will explore what Us Supreme Court Cases is, why Us Supreme Court Cases is vital, and how to effectively learn about Us Supreme Court Cases.
3. In chapter 2, the author will delve into the foundational concepts of Us Supreme Court Cases. This chapter will elucidate the essential principles that need to be understood to grasp Us Supreme Court Cases in its entirety.
4. In chapter 3, the author will examine the practical applications of Us Supreme Court Cases in daily life. The third chapter will showcase real-world examples of how Us Supreme Court Cases can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Us Supreme Court Cases in specific contexts. The fourth chapter will explore how Us Supreme Court Cases is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Us Supreme Court Cases. The final

chapter will summarize the key points that have been discussed throughout the book. This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Us Supreme Court Cases.
