**Marine Corps Manual for Legal Administration (LEGADMINMAN).** United States. Marine Corps,1992

Rifle Marksmanship U. S. Marine Corps,2005-01-01 All Marines share a common warfighting belief: Every Marine a rifleman. This simple credo reinforces the belief that all Marines are forged from a common experience, share a common set of values, and are trained as members of an expeditionary force in readiness. As such, there are no rear area Marines, and no one is very far from the fighting during expeditionary operations. The Marine rifleman of the next conflict will be as in past conflicts: among the first to confront the enemy and the last to hang his weapon in the rack after the conflict is won. Rifle Marksmanship, a Marine Corps Reference Publication, provides techniques and procedures for Marine Corps rifle marksmanship. Every Marine is first and foremost a rifleman. Rifle Marksmanship reflects this ethos and the Marine Corps' warfighting philosophy. This publication discusses the individual skills required for effective rifle marksmanship and standardizes the techniques and procedures used throughout the Marine Corps. It constitutes the doctrinal basis for all entry-level and sustainment-level rifle marksmanship training.

**A Historical Review and Analysis of Army Physical Readiness Training and Assessment** Whitfield East,2013-12 The Drillmaster of Valley Forge-Baron Von Steuben-correctly noted in his Blue Book how physical conditioning and health (which he found woefully missing when he joined Washington's camp) would always be directly linked to individual and unit discipline, courage in the fight, and victory on the battlefield. That remains true today. Even an amateur historian, choosing any study on the performance of units in combat, quickly discovers how the levels of conditioning and physical performance of Soldiers is directly proportional to success or failure in the field. In this monograph, Dr. Whitfield Chip East provides a pragmatic history of physical readiness training in our Army. He tells us we initially mirrored the professional Armies of Europe as they prepared their forces for war on the continent. Then he introduces us to some master trainers, and shows us how they initiated an American brand of physical conditioning when our forces were found lacking in the early wars of the last century. Finally, he shows us how we have and must incorporate science (even when there exists considerable debate!) to contribute to what we do-and how we do it-in shaping today's Army. Dr. East provides the history, the analysis, and the pragmatism, and all of it is geared to understanding how our Army has and must train Soldiers for the physical demands of combat. Our culture is becoming increasingly "unfit, due to poor nutrition, a lack of adequate and formal exercise, and too much technology. Still, the Soldiers who come to our Army from our society will be asked to fight in increasingly complex and demanding conflicts, and they must be prepared through new, unique, and scientifically based techniques. So while Dr. East's monograph is a fascinating history, it is also a required call for all leaders to better understand the science and the art of physical preparation for the battlefield. It was and is important for us to get this area of training right, because getting it right means a better chance for success in combat.

We Were One Patrick K. O'Donnell,2007-10-30 A riveting first-hand account of the fierce battle for Fallujah during the Iraq War and the Marines who fought there--a story of brotherhood and sacrifice in a platoon of heroes Five months after being deployed to Iraq, Lima Company's 1st Platoon, 3rd Battalion, 1st Marine Regiment, found itself in Fallujah, embroiled in some of the most intense house-to-house, hand-to-hand urban combat since World War II. In the city's bloody streets, they came face-to-face with the enemy-radical insurgents high on adrenaline, fighting to a martyr's death, and suicide bombers approaching from every corner. Award-winning author and historian Patrick O'Donnell stood shoulder to shoulder with this modern band of brothers as they marched and fought through the streets of Fallujah, and he stayed with them as the casualties mounted.

**With It Or in It** Bacil Donovan Warren,2016-02-24 Using humor and frank candor, author Bacil Donovan Warren shares his personal experience, as well as that of his fellow tankers, as part of the US Army's 3d Armored Cavalry Regiment (the Brave Rifles) in Saudi Arabia and Iraq. Warren recounts the initial shock of hearing about Iraq's invasion of Kuwait and his Regiment's preparation for deployment during Operation Desert Shield. He describes the stress and sometimes mind-numbing boredom of being deployed deep in the desert of Saudi Arabia, constantly preparing for a possible Iraqi invasion. He recalls the terrifying experience of the start of the air war of Operation Desert Storm and the workmanlike action during combat against Iraq's Republican Guard forces during Operation Desert Sabre. With It or in It brings clarity and focus to their unceasing efforts to bring the conflict to a swift and decisive end. Finally, Warren describes the triumphant return of the Brave Rifles to Ft. Bliss, Texas, and the waiting arms of their families and loved ones.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave

narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.
