times just your average man on the street which I really prefer. If you remember past lives or you have friends or relatives that remember past lives you may want to read my book. The Mexican Mafia Tony Rafael,2007-07-09 It has been called the most dangerous gang in American history. In Los Angeles alone it is responsible for over 100 homicides per year. Although it has fewer than 300 members, it controls a 40,000-strong street army that is eager to advance its agenda. It waves the flag of the Black Hand and its business is murder. Although known on the streets for over fifty years, the Mexican Mafia has flown under the radar of public awareness and has flourished beneath a deep cover of secrecy. Members are forbidden even to acknowledge its existence. For the first time in its history, the Mexican Mafia is now getting the attention it has been striving to avoid. In this briskly written and thoroughly researched book, Tony Rafael looks at the birth and the blood-soaked growth of this criminal enterprise through the eyes of the victims, the dropouts, the cops and DAs on the front lines of the war against the Mexican Mafia. The first book ever published on the subject, *Southern Soldiers* is a pioneering work that unveils the operations of this California prison gang and describes how it grew from a small clique of inmates into a transnational criminal

organization. As the first prison gang ever to project its power beyond prison walls, the Mexican Mafia controls virtually every Hispanic neighborhood in Southern California and is rapidly expanding its influence into the entire Southwest, across the East Coast, and even into Canada. Riding a wave of unchecked immigration and seemingly beyond the reach of law enforcement, the Mexican Mafia is poised to become the Cosa Nostra of twenty-first-century America.

A Mandate of Sword and Railgun Black

Knight,2021-10-09 Fringe Space... It is where mighty pirate clans, powerful cartels and viciously territorial empires have set up shop. Humanity's fledgling star state, the Terran Minarchy, colonized a number of leftover planets in this expanse. The Humans, their allies, and client races have ventured forth, braved deadly space anomalies and settled there. They terraformed barren wastelands, brought water to the deserts, and transformed even the dead asteroids into tiny copies of Earth. However, their boldness and hard work were rewarded with relentless, unprovoked attacks. Terran settlers were denied the peace and prosperity they sought, and were instead rewarded with slavery and death. Forced to replace their tractors for battle tanks, these farmers now aim to harvest another type of crop - the invaders themselves!
