**Vastu for Home and Office** Sudhir Kumar, Sunita Kumar, 2012-07-18 The book covers the basic principles of vastu the vastu purusha. Gives out the do's and don'ts of principles of vastu to be kept in mind while setting out the layout of home or office. Including the interiors the shape of plot, land positioning of doors etc with their solutions.

*Vaastu for You and Your Family* Ajai Bhambi, 2015-02-25 The book presents in a clear and simple manner, the highly evolved science of vaastu a science that is based on the interplay of various forces.

**Comprehensive Vaastu** Pt. Gopal Sharma, B.E., The unique book on Vaastu/Feng Shui and Pyramid Power giving clear guidelines for proposed • Plots • Houses and Flats • Offices and Shops Also included are four separate sections for evaluation of existing properties and suggestions for improvements as per Vaastu/Feng Shui which can be easily made to make the surroundings more harmonious and fruitful; without making any basic changes in the structure.

**Vaastu: The Indian Art of Placement** Rohit Arya, 2000-09-01 The first book in English on the Hindu precursor to feng shui. • Allows readers to design homes that conform to eternal spiritual principles. • Offers suggestions to rectify existing buildings with inauspicious energy. The subtle art of energy management for prosperity, good health, and calm mind has been introduced to the West through feng shui. Until now the ancient practice of vaastu, the Hindu art of environmental

design, has been relatively unknown. Born of the movement of forces within the trinity of the great Hindu gods--Brahma, Vishnu, and Shiva--vaastu is the human expression of life's impulse to harmonize itself with the cosmos. The great culture at Harrapa, in 3000 b.c., applied vastu to create cities at a level of sophistication that would only be reached again in the nineteenth and twentieth centuries. Housed in a library in north India, the codified tenets of vastu were destroyed in medieval times by successive invaders into the country; however, the art of vastu remained alive, through oral tradition and buried deep within other treatises. The rediscovery of these texts in the 1930s has led to a modern revival of this art in India--brought to Western readers for the first time in *Vaastu: The Indian Art of Placement*. *Vaastu* elucidates principles that orient and plan each element of a structure, both the big picture and the small details. A building's site, ground plan, shape, and orientation are all-important considerations, as are soil quality, window placement, and construction materials. The affinities of household items--the telephone, computer, bath--with the five elements of nature, and thus their ideal placement within the structure, are also described. Guidelines for modifying existing buildings help the reader apply the vastu principles in a practical manner. *Vaastu: The Indian Art of Placement* will assist in creating personal environments that promote peace, harmony, and health.

*Easy Vastu Shastra* Saket Shah, 2020-02-26 *Vaastu*

-Shastra is a Vast and ancient science of living. The word Vaastu is derived from the root Vas which means to reside. It is not an equivalent of the word architecture. Vaastu is architecture and much more. While architecture is the science, art or profession of designing and constructing buildings etc., the definition of Vaastu extend into the realm of occultism. Vaastu Shastra, the edifice science of Bhawan Sthapatya Kala, being the applied aspects of ATHARVAVEDA, is an ancient science and one of the eminent features of our heritage. Vaastu means dwelling of Humans and Gods in the original Sanskrit literature. Many factors govern the life of a human being ; his fate, Karma and surroundings. BUT VAASTU CAN MAKE SWEET THINGS SWEETER AND BITTER LESS BITTER.

**Commercial Vastu** Pramod Kumar Sinha, This book contains the fundamentals of commercial vastu and has been written according to the need of the students of All India Federation of Astrologers Societies. Vastu shastra is a mysterious and detailed subject which has become relevant in modern times for everybody. We do not become the

victim of vastu faults if we apply the fundamentals of vastu shastra in building construction. We can get rid of vastu related faults. In the present time, businesses are developing very fast and small towns are developing into industrial cities. Production is increasing day by day, new offices are opening on the daily basis but what will happen if you open a office investing lot of money and with new hopes and it does not work, then? Then you must go for a Vastu check. It has almost become a trend in present day world to consult a Vastu expert, before constructing and/or designing not only residential, but commercial buildings as well. In fact, businessmen prefer to seek vastu advice before beginning any commercial construction. This book deals with those fundamental rules which should be followed while designing a commercial building like office, shop/showroom, temple, industry, factory, hotel, restaurant, resorts, hospital, bank, clinic, institution, school, college, restaurant, cinema hall, city vastu etc.

*Domestic Vastu* Pramod Kumar Sinha, This book talks about the fundamentals of domestic vastu. The word Vastu originated from the Sanskrit word "Vas" and the meaning of this word is to live life or to reside. The word "Vasu" originated from "Vas" and finally this word "Vastu" originated from "Vasu". Meaning of the word Vastu is a place where a person resides. The meaning of Shastra is a book which deals with the mysterious and systematic explanation of a subject, therefore the meaning of Vastushastra is a book related to the residence. The origin and anatomy of Vastushastra

is based on the principle of the five elements of creation. As our body is also made up of these five elements, if enough attention is paid to the incorporation of these five elements in the construction of a house then the people residing in the building shall reside happily. These five elements are- Earth, Water, Fire, Air and Space. Our universe also is made up of these five elements only. Therefore the saying goes – (Yatpindetatbramhande). God ( bhagwan) has given these five gifts to us– from (bha) bhumi (land), from (ga) gagan (sky, ether), from (va) vayuq (air), from (na) neer (water). God is represented by the symbol (Om). These five elements are present in this Om also. “Aa” is Agni (fire), “Au” is Jal (water), “Ma” is Vayu (air), “ W ” (ardhachandra) is Bhoomi (land) and “0” is Akash (ether, sky). Similarly the word Vastu also denotes these five elements. From “Va” Vayu (air), from “Aa” Agni (fire), from “Sa” “Srishti” Bhoomi (land), from “Ta” Tat means Akash (ether/ sky) and from “Au” Jal (water). These five elements also are represented by the five planets. 1. Earth is represented by Mars 2. Water is represented by Venus 3. Fire is represented by Sun 4. Air is represented by Saturn 5. Ether is represented by Jupiter. Similarly mind is controlled by Moon. Intelligence is controlled by Mercury. Ego and arrogance is controlled by Rahu and moksha or spirituality by Ketu. Disbalance of these elements in the body produces ill health and disease. In a similar manner the disbalance of these elements in a house creates varied kind of troubles for the persons living in it. There are unlimited forces

present in nature. Some of these forces influence us, for example the gravitational force of earth, the magnetic and electrical energy of the universe and the electromagnetic force present everywhere. These energies also exist in the constructed house and they continue influencing the electromagnetic force present in the human body. This produces the auspicious or inauspicious results. These results vary from place to place depending on the geographical location. For these reasons the results of vastu principles are not the same all over the world. They differ according to the longitude and latitude of the place. They also differ according to the horoscope of the person concerned. If man goes along with the flow of nature's energies, it produces good health, progress and prosperity. If he goes against the flow of nature, he faces hurdles and obstructions everywhere. Hence it is utmost important and necessary for us to organize our lives according to nature, only then we can live happily. Halayudha kosha says that, Vastu is that art of house construction, which starts from Ishan kona etc and which protects the residents of the house from natural calamities and obstructions.

Vaastu Corrections without Demolition Dr.

Poornachandra Rao, 2005

**Vaastu: The Art And Science Of Living** Ashwini Kumar, 2005-11-01 Vaastu Shastra is the art and science of living a happy and contented long life. In the modern-day world of high-speed technology, many diseases are arising out of faulty lifestyles. Classical principles of Vaastu Shastra describe the ancient way of living which need modifications in the present-day context. This book is an intelligent amalgamation of the ancient practice of Vaastu living and modern technologies of house building and architecture. It offers an introduction to Vaastu Shastra, systematising and standardising its techniques and methodologies. The book has been divided into three sections. The first section has been devoted to the understanding of the key concepts, principles and forces of Vaastu that exert an influence on any given space. The second section of the book reveals how to create heaven on earth; right in your home. It shows how we can achieve internal peace by first achieving external peace in the house. The third section is related to the day-to-day use of Vaastu. One chapter has been devoted to Vaastu of workplace which, in many aspects, is different from residential Vaastu. This book has been written according to the established principles of Vedic Astrology; an inevitable part of Vaastu Shastra. The effect of the nine planets is considered in Astrology while mainly the effect of planet earth is taken in Vaastu. Astrology depends on dashas (Planetary Periods) while Vaastu depends on dishas

(Directions), Jyotish assumes the existence of Kaal Purush (Time Personified) while Vaastu assumes the existence of Vaastu Purush (Space Personified). The book incorporates current knowledge of building science to explain the ancient wisdom of Vaastu Shastra only to bridge the gap between ancient traditions and modern way of thinking. No attempt has been made to transgress into the other parallel systems known as Feng Shui and Pyramidology, which require totally separate study. The work is meant primarily for those who want to learn Vaastu from the very beginning and pursue it seriously in a scientific manner. The book will also serve as a stepping-stone for those who intend to indulge in hitherto unexplored areas of Vaastu Shastra like suitability of certain directions for certain activities, hidden meanings of Vaastu Purush; forty-five demi gods; ten dikpalas; three energies and Panchmahabhootas, predicting the fate of a house and its inhabitants through Vaastu kala, etc.

Benefits Of Vaastu & Feng Shui RAJENDRA MENEN, 2012-11-15 Vaastu (an ancient Indian science) and Feng Shui (an ancient Chinese science) are both concerned with aspects of harmonious living in the home. This book helps you understand Vaastu and Feng Shui better, as it delves into the origins of each science. Proper knowledge about these subjects will enable you to make effective changes in your daily life and help you fulfil your potential in every way and ensure health, wealth, peace and prosperity. Through proper designing of homes and offices, Vaastu and

Feng Shui, you would \*Attract good fortune.  
\*Enhance positive energy. \*Promote careers and business. \*Increase employee productivity. \*Ensure physical, mental and emotional well-being.  
\*Harness the power of prana or chi (cosmic energy). \*Utilise natural elements to promote peace, prosperity and harmony. By restoring the energy balance between the home and the cosmos, Vaastu and Feng Shui will ensure a healthier, happier and more prosperous life for readers who follow these simple principles. #v&spublishers
