The Elevated Communicator Maryanne O'Brien, 2023-02-07 Discover your communication style and elevate consciousness at work to build trust, strengthen collaboration, relieve stress, and improve well-being. Our work lives revolve around effective communication. It is essential for cultivating trust and team collaboration, as well as strengthening our motivation and well-being at work. And with teams experiencing more anxiety, stress, and burnout than ever before, strong communication skills have never been more essential. The key to this clear and effective communication begins with understanding our own personal communication styles. Bringing our whole and authentic selves to work improves relationships and teamwork. The better we know what drives us, how we impact others, and how our wellbeing impacts our communication, the faster we can close communication gaps to build healthy, successful, and satisfying work lives and more intentional careers. Drawing on more than a decade of original research on communication tendencies and proven mindfulness and habit-formation techniques, Maryanne O'Brien has developed a proprietary model of communication styles: Expressive, Reserved, Direct, or Harmonious. In *The Elevated Communicator*, you will find: -A self-assessment to discover your style -An in-depth style profile to strengthen self-awareness and help you play to your strengths -Strategies to manage your communication style under stress -Practices to improve your wellbeing and reduce conflict -Ways to care for your communication style and improve your wellbeing -Methods to flex toward other styles to communicate more effectively with people -Advice on building healthy, trusted, and productive working relationships Perfect for fans of *StrengthsFinders 2.0* and Gretchen Rubin's *The Four Tendencies*, *The Elevated Communicator* is a "refreshing, insightful, and user-friendly" (Tara Peyerl, executive coach and success director, Salesforce) approach to develop daily practices to spiral up, raise consciousness, inspire accountability, and discover your full potential at

work.

Now, in this affectionate memoir, Reagan's chief political strategist and friend for 36 years offers a fascinating close-up portrait of the Great Communicator. Taking us inside the 1980 and 1984 presidential campaigns and beyond, Dick Wirthlin shares illuminating anecdotes, off-the-record remarks, and private moments that reveal the true Ronald Reagan. Through it all, Wirthlin points out the unique qualities and talents that made Reagan such a strong leader--and such a great communicator. For anyone who has fond memories of the late president, this admiring reminiscence brilliantly conjures up the strong values, gregarious charm, and all-American optimism that made Ronald Reagan great.

The Compelling Communicator Tim Pollard, 2017-05-22 You attend numerous presentations and meetings a year--filled with the typical dense and disorganized PowerPoint decks--and leave most of them thinking, Well, that's an hour of my life I'll never get back. But out of this sea of mediocrity, a rare few rise up, captivating you and driving you to action. What makes these few so special? Despite what most people think, it's not because they were delivered well. It's because they were crafted in a way that deeply aligned with how your brain wants to consume information. The presentations that failed did so precisely because they violated the largely unknown natural laws of learning. In *The Compelling Communicator*, you will learn a proven process for designing presentations that touch your audience in a highly impactful way by: * Building around a small number of big ideas that will lead to action * Keeping content within the audience's brain bandwidth * Developing

logical narrative structure* Anchoring communication in the listener's priorities* Creating mind-sticky storytelling and visuals* Producing handouts that allow your presentation to live on after the handshakes Filled with examples of exceptional--and not so exceptional--presentations and clear explanations of why they do and don't work, this comprehensive guidebook provides every tool you need to become a standout presenter whose message is certain to leave a powerful, lasting impression.
