**EG-ICE 2020 Workshop on Intelligent Computing in Engineering** Ungureanu, Lucian Constantin, Hartmann, Timo, 2020-06-30 The 27th EG-ICE International Workshop 2020 brings together international experts working at the interface between advanced computing and modern engineering challenges. Many engineering tasks require open-world resolutions to support multi-actor collaboration, coping with approximate models, providing effective engineer-computer interaction, search in multi-dimensional solution spaces, accommodating uncertainty, including specialist domain knowledge, performing sensor-data interpretation and dealing with incomplete knowledge. While results from computer science provide much initial

support for resolution, adaptation is unavoidable and most importantly, feedback from addressing engineering challenges drives fundamental computer-science research. Competence and knowledge transfer goes both ways. Der 27. Internationale EG-ICE Workshop 2020 bringt internationale Experten zusammen, die an der Schnittstelle zwischen fortgeschrittener Datenverarbeitung und modernen technischen Herausforderungen arbeiten. Viele ingenieurwissenschaftliche Aufgaben erfordern Open-World-Resolutionen, um die Zusammenarbeit mehrerer Akteure zu unterstützen, mit approximativen Modellen umzugehen, eine effektive Interaktion zwischen Ingenieur und Computer zu ermöglichen, in mehrdimensionalen Lösungsräumen zu suchen, Unsicherheiten zu berücksichtigen, einschließlich fachspezifischen Domänenwissens, Sensordateninterpretation durchzuführen und mit unvollständigem Wissen umzugehen. Während die Ergebnisse aus der Informatik anfänglich viel Unterstützung für die Lösung bieten, ist eine Anpassung unvermeidlich, und am wichtigsten ist, dass das Feedback aus der Bewältigung technischer Herausforderungen die computer-wissenschaftliche Grundlagenforschung vorantreibt. Kompetenz und Wissenstransfer gehen in beide Richtungen.

**I'm Happy-Sad Today** Lory Britain, 2020-06-22 This friendly picture book helps young children make sense of mixed-up emotions. Happy, and also sad. Excited, but nervous too. Feeling friendly, with a little shyness mixed in. Mixed feelings are natural, but they can be confusing. There are different kinds of happy—the quiet kind and the “noisy, giggly, jump and run” kind. And there are conflicting feelings, like proud and jealous, frustrated and

determined. With gentle messaging and charming illustrations, a little girl talks about her many layered feelings, ultimately concluding, “When I have more than one feeling inside me, I don’t have to choose just one. I know that all my feelings are okay at the same time.” A special section for adults presents ideas for helping children explore their emotions, build a vocabulary of feeling words, know what to do if they feel overwhelmed, and more.
