Wallpapers of the Victorian Era Eric Arthur Entwistle, 1964

The Victorian Wallpaper Design Book Ramona Jablonski, 1981-09-01 Marvelously inventive, these period wallpaper designs were promoted to an eager Victorian public through newspaper advertisements, which we have reproduced in full throughout this book. Inviting advertising art directs our attention to pure Victorian and early Art Nouveau designs that should prove highly useful in creating wallpaper, decoupage, stencils and other art applications. Artists, craftspeople, designers and colorists will applaud this new contribution to the International Design Library series, described on the inside back cover.

Bitten by Witch Fever Lucinda Hawksley, 2016-10-25 The shocking story of a deadly trend in Victorian wallpaper design, illustrated by beautiful and previously unseen arsenic-riddled designs from the British National Archives. In Germany, in 1814, Wilhelm Sattler created an extremely toxic arsenic and verdigris compound pigment, Schweinfurt green-known also as Paris, Vienna, or emerald green-which became an instant favorite amongst designers and manufacturers the world over, thanks to its versatility in creating enduring yellows, vivid greens, and brilliant blues. Most insidiously, the arsenic-laced pigment made its way into intricately patterned, brightly colored wallpapers and from there, as they became increasingly in vogue, into the Victorian home. As its use became widespread, commercial arsenic mines increased production to meet the near-insatiable demand. Not least of which was the UK's largest mining plant, DGC whose owner was William Morris, originator of the British Arts and Crafts movement and arguably the finest wallpaper designer of his generation. *Bitten by Witch Fever* (Morris's own phrase to dismiss arsenic- and- wall-paper-related public health concerns in 1885) tells this fatal story of Victorian home décor, building upon new research conducted especially for this book by the British National Archive, on their own samples. Spliced between the sections of text are stunning facsimiles of the wallpapers themselves.

Victoria Decorating with Wallpaper Catherine Calvert, 1997 Decorating with Wallpaper provides all the guidance and assurance needed to work with wallpaper. Rules do exist, and no one knows them better than the editors of *Victoria*. For ten years, the finest examples of wallpaper design have appeared in the pages of the magazine - cabbage roses from England, the spiritual home of wallpaper; scenic toile de Jouy from France; and a parade of teacups from America. These rooms have been collected in the first book devoted entirely to the subject, from the vast array of available patterns to guidelines for combining them with borders and trims, to devices for matching wallpaper and fabric. And like any good guidebook, *Decorating with Wallpaper* tells when to break all the rules.

Wallpapers in Historic Preservation Catherine Lynn,1977 The papered and bordered wall was an important feature of American interiors during the 18th, 19th, and early 20th centuries. Paper hangings, both imported and of domestic manufacture, were more widely used than many of our restored buildings might lead us to believe. This book attempts to catalog and describe the variety, as well as accounting for restoration and preservation of pieces as part of the historical record. --Amazon.

The Yellow Wallpaper Charlotte Perkins Gilman, 2023-03-06 Edited with a new introduction by Aimee McLaughlin The Yellow Wallpaper by American writer Charlotte Perkins Gilman, first published in January 1892, is regarded as an important early work of American feminist literature for its illustration of the attitudes towards mental and physical health of women in the 19th century. What happens when a woman is pushed too far? Is she able to express her thoughts and feelings, or is she forced towards the expectation of behaving 'normally' again soon? A woman travels with her husband to an old colonial mansion after a nervous breakdown triggered by the birth of their child. Confined to the nursery and allowed only to breathe fresh air, eat well and rest in line with a regimented 'cure', she slowly begins to unravel at the seams. Her only distraction is writing in secret – that, and the woman she begins to see trapped inside the yellow wallpaper of the room itself. Isolated and breaking apart, she sets herself a task: to free the woman, and to become one with her temporary confinement. Charlotte Perkins-Gilman's 'The Yellow Wallpaper' presents a harrowing, disturbing account of mental stress, confinement and female turmoil – within which the only available solace can be found inside four peeling, sickly yellow walls ... Our new edition also features the sequence of poems Woman by Charlotte Perkins Gilman. The gothic genre offers Gilman an effective mode of diagnosing contemporary culture whilst in tandem expressing her ensuing fears and anxieties. Gilman within this novella, gothicises the domestic setting, inverting the pillars of domesticity: family, security and understanding, in turn unveiling the dangers lurking behind the familiarity of gender roles within marital relations. The intimate first-person narration of the narrative serves to enhance Gilman's exposure of the oppressive forces of a male-dominated society, as she deplores her protagonist's inferior position in her domestic arrangement. The female narrator is encumbered by masculine superiority, undoubtedly dwelling in the middle of patriarchy. Embedded within her characterisation is the subjugated role bestowed upon Victorian women. Gilman projects derangement onto a familiar literary figure – the middle-class wife and mother – placing the source of this madness in the inviolate sphere for dutiful women – the home. from the new introduction to The Yellow Wallpaper by Aimee McLaughlin

Art of Wallpapers SCHOESER, 2022-03-14 * Collects the majority of William Morris's wallpaper designs in one volume* Accompanies an exhibition at Edinburgh's Dovecot Studios* Beautifully designed, lavishly illustrated, with text by leading authority Mary Schoeser This extensively illustrated volume focuses on William Morris (1834–1896), placing his wallpaper designs within the context of the radical changes in taste witnessed during the Victorian era. Against a backdrop of the fanciful, naturalistic patterns that typified fashionable papers in Morris's youth,

the impact of the Reform Movement of the mid-19th century is underscored, particularly the reformers' crusade against such multi-colored ornamental decoration. Instead, the insistence on the concepts of honesty and propriety as promoted by A. W. N. Pugin and Owen Jones, are demonstrated as influences on Morris. The role of imported Japanese wallpapers is also explored, giving insight into a seldom-discussed cultural exchange evidenced within the story of Morris & Co, which produced wallpapers from 1864 until 1940 and, after a post-war hiatus, from the 1960s to the present. Amplifying Morris's role in the creation of an influential and lasting style, his work is set within a selection by other designers, including Christopher Dresser and C. F. A. Voysey. Also introduced are firms of significance including Jeffrey & Co. and Arthur Sanderson & Sons, both of whom block-printed the Morris wallpapers. In a highly visual presentation, what is revealed are influences across time and within a global context, as pertinent to the creation of wallpaper art in the 19th century as it is today.
