Shipwreck in Art and Literature Carl Thompson,2014-05-09 Tales of shipwreck have always fascinated audiences, and as a result there is a rich literature of suffering at sea, and an equally rich tradition of visual art depicting this theme. Exploring the shifting semiotics and symbolism of shipwreck, the interdisciplinary essays in this volume provide a history of a major literary and artistic motif as they consider how depictions have varied over time, and across genres and cultures. Simultaneously, they explore the imaginative potential of shipwreck as they consider the many meanings that have historically attached to maritime disaster and suffering at sea. Spanning both popular and high culture, and addressing a range of political, spiritual, aesthetic and environmental concerns, this cross-cultural, comparative study sheds new light on changing attitudes to the sea, especially in the West. In particular, it foregrounds the role played by the maritime in the emergence of Western modernity, and so will appeal not only to those interested in literature and art, but also to scholars in history, geography, international relations, and postcolonial studies.

**The Book of Lies** Brad Meltzer,2008-09-02 Brad Meltzer--author of the #1 New York Times bestseller The Book of Fate--returns with his most thrilling and emotionally powerful novel to date. In Chapter Four of the Bible, Cain kills Abel. It is the world's most famous murder. But the Bible is silent about one key detail: the weapon Cain used to kill his brother. That weapon is still lost to history. In 1932, Mitchell Siegel was killed by three gunshots to his chest. While mourning, his son dreamed of a bulletproof man and created the world's greatest hero: Superman. And like Cain's murder weapon, the gun used in this unsolved murder has never been found. Until now. Today in Fort Lauderdale, Florida, Cal Harper comes face-to-face with his family's greatest secret: his long-lost father, who's been shot with a gun that traces back to Mitchell Siegel's 1932 murder. But before Cal can ask a single question, he and his father are attacked by a ruthless killer tattooed with the ancient markings of Cain. And so begins the chase for the world's first murder weapon. What does Cain, history's greatest villain, have to do with Superman, the world's greatest hero? And what do two murders, committed thousands of years apart, have in common? This is the mystery at the heart of Brad Meltzer's riveting and utterly intriguing new thriller

*Nepal in the 21st Century* Keshav Bhattarai,2010 In the 20th century Nepal was in isolation until 1950, and afterwards, the pace of socio-political and economic progresses faced lots of ups and downs. The 1950 revolution of people tried to establish people's sovereignty, but was hijacked by the then king in 1960, who imposed his party-less system. Multiparty polity was reintroduced in 1990

by another movement of people. After nearly five years of multiparty polity, Communist party of Nepal-Maoists launched 'People's War' in 1996 which ended after it signed a comprehensive peace agreement with the interim government in 2006. As of now they are enjoying a major political party and leader with partner of a coalition government.
