Vietnamese Communism, 1925-1945 Kim Khánh Huỳnh, 1986 From a cell of nine men in 1925, the Vietnamese Communists grew by December 1976 into a massive party with over 1.5 million members and the organizational and military capabilities to defeat the United States. What factors account for the outstanding success of the Indochinese Communist Party? In this book, Huynh Kim Khánh traces the Vietnamese Communist movement from its inception as a radical youth group founded by Ho Chi Minh (then Nguyen Ai Quoc) to its half-planned, half-accidental victory in 1945.

Vietnam 1945 David G. Marr, 2023-09-01 1945: the most significant year in the modern history of Vietnam. One thousand years of dynastic politics and monarchist ideology came to an end. Eight decades of French rule lay shattered. Five years of Japanese military occupation ceased. Allied leaders determined that Chinese troops in the north of Indochina and British troops in the South would receive the Japanese surrender. Ho Chi Minh proclaimed the Democratic Republic of Vietnam, with himself as president. Drawing on extensive archival research, interviews, and an examination of published memoirs and documents, David G. Marr has written a richly detailed and descriptive analysis of this crucial moment in Vietnamese history. He shows how Vietnam became a vortex of intense international and domestic competition for power, and how actions in Washington and Paris, as well as Saigon, Hanoi, and Ho Chi Minh's mountain headquarters, interacted and clashed,

often with surprising results. Marr's book probes the ways in which war and revolution sustain each other, tracing a process that will interest political scientists and sociologists as well as historians and Southeast Asia specialists.

Routledge Handbook of Asian Parliaments Po Jen Yap, Rehan Abeyratne, 2023-03-24 This handbook showcases the rich varieties of legislatures that exist in Asia and explains how political power is constituted in 17 jurisdictions in East, Southeast and South Asia. Legislatures in Asia come in all stripes. Liberal democracies co-exist cheek by jowl with autocracies; semi-democratic and competitive authoritarian systems abound. While all legislatures exist to make law and confer legitimacy on the political leadership, how representative they are of the people they govern differs dramatically across the continent, such that it is impossible to identify a common Asian prototype. Divided into thematic and country-by-country sections, this handbook is a one-stop reference that surveys the range of political systems operating in Asia. Each jurisdiction chapter examines the structure and composition of its legislature, the powers of the legislature, the legislative process, thereby providing a clear picture of how each legislature operates both in theory and in practice. The book also thematically analyses the following political systems operating in Asia: communist regimes, liberal democracies, dominant party democracies, turbulent democracies, presidential democracies, military regimes and protean authoritarian rule. This handbook is a vital and comprehensive resource for scholars of constitutional law and politics in Asia.

Vietnam History Chat Dang, Hien Ho, 2018-02-14 For English readers wishing to learn more about Vietnamese history and culture, especially the latest scholarly knowledge about the origins of the modern Vietnamese, the choices are abundant. However, while valuable memoirs have been written by Americans about their unique experiences during the Vietnam War, an informative English text about the History of Vietnam written by Vietnamese-Americans is still a rare encounter. Able to peruse French, English, and Vietnamese writings, the authors have committed themselves to produce a well illustrated book that addresses most aspects of Vietnamese history and culture (e.g. ancestral myths, historic legends, traditional beliefs) for the new generations. There is no intent to refight old battles or to appeal to cultural pride, just stories, as unbiased and documented as possible, about a nation that deeply impacted America. Of note, the authors have managed to mention 21st century events in this book. They also succeeded in weaving in their historical accounts many legends and tales symbolic of the rich cultural treasure of Vietnam, making the book attractive to readers of all ages. Each of the authors may have shown a certain professional bias. The surgeon (Dang) uses a more dissecting and analytical approach in his treatment of complex topics (e.g. reviewing the whole Vietnam history in one chapter and analyzing the Viet identity in another) or national heroes (e.g. General Ly Thuong Kiet, author of the first Vietnamese Declaration of Independence; General Tran Hung Dao, who vanquished the Mongols; Le Loi in his 10-year struggle against the Ming occupation army, Emperor Quang Trung Nguyen Hue who defeated the expeditionary Qing army

during a Tet offensive in Thang Long (Hanoi)). On the other hand, the pediatrician (Ho) tends to choose younger, lesser heroes (e.g. Lady Trieu instead of the famous Trung Sisters), notable either for their precocity (e.g. Ky Dong who became Gauguin's friend; Cao Thang who manufactured firearms; Le Quy Don with his presence of mind and erudition) or their exceptional position at a turning point of history (e.g. Little Prince Canh who met Thomas Jefferson and Queen Marie Antoinette in Paris at a period when revolutions occurred in the US, France and Vietnam; exiled King Duy Tan who supported Charles de Gaulle and fought as a Major in the Free French navy during World War II). A few chapters use original sources: old French and English documents pertaining to the conditions of Vietnam when first exposed to the West and the Christian religion in the 17th century, and when falling prey to French colonialism in the second half of the 19th century. The book also includes reviews of Vietnamese Buddhism, traditional medicine, firearms, and astronomy in the Middle Ages. It concludes with an assessment of the recent adaptation of the Vietnamese diaspora to its new life in America.

Military Modernisation in Southeast Asia after the Cold War Shang-Su Wu, 2024-04-01 Southeast Asian countries represent a wide range of approaches to military modernisation due to their great diversity in politics, economies, geography and other factors. Bounded by the Pacific and Indian Oceans and located between China and India is the setting for the geostrategic impacts of military modernisation in Southeast Asian countries. Differing from previous research focused on military acquisition, this book additionally covers retention of assets and carefully examines the ageing issues that affect readiness and capabilities. In doing so, it provides a comprehensive view of military modernisation. This book also compares each

country's situation in the region in terms of military strength and security challenges to elaborate on the geostrategic impacts of military modernisation. The ten cases of military modernisation in the post-Cold War context provide rich content for readers to explore the evolution of military modernisation in developing countries after 1991. This book sheds light on security studies of Southeast Asia and is a useful resource for academic researchers, policy-makers and defence practitioners.

Collective Leadership and Factionalism Quang Trung Thai, 1985 This essay goes beyond the legend of Ho Chi Minh and his disciples. Behind the facade of unity, the Vietnamese communist leadership has for years been torn by a prolonged crisis, sustained by two major ideological factions and later amplified by the development of the Sino-Soviet rift. Ho Chi Minh was far from being a dictator the calibre of Tito, for example. Rather, his style of collective leadership has contributed to the institutionalization of factionalism in Hanoi. His policy of equidistance between Moscow and Beijing became more or less a necessity for the leadership's unity. This book addresses itself to the question: Did Ho Chi Minh leave behind a unified party? The book provides an understanding of one of the most enigmatic - and the most long-lasting - leaderships in the communist annals, and examines the current state of the Hanoi regime.

International Politico - Cultural Influences on Vietnam in the 20Th Century David Lan

Pham, 2004-02-13 Geographically, historically and culturally Vietnam was profoundly influenced by Chinese culture due to more than 1,000 years under Chinese rule. Chinese influence was less important in Vietnam from 1884 to 1945 after the French occupied Cochinchina and established their protectorate in Tonkin and Annam. By the end of the 19th century almost all the Vietnamese resistance forces were defeated by the French. The Vietnamese revolutionaries looked for different paths of national liberation, and thought of foreign aid. Phan Boi Chau and Cuong De admired the Japanese reforms. He founded Phong Trao Dong Du (Journey to the East Movement). Phan Chu Trinh loved Western democracy and modernization in exhorting non-violence (ahimsa). He was the soul of the Modernization Movement. Nguyen Tat Thanh (Ho Chi Minh) leaned toward the Comintern. He founded Vietnam Thanh Nien Cach Mang Dong Chi Hoi (Vietnam Revolutionary Youth Association) in 1925, and Dang Cong San Viet Nam (Vietnam Communist

Party) in 1930. He played an important role in the Vietnamese revolutions in the 20th century. Nguyen Thai Hoc headed Viet Nam Quoc Dan Dang (Vietnam Kuomintang), and adopted San Min Chu I (Three Peoples Principles) promoted by Sun Yat-sen. Bui Quang Chieu founded Dang Lap Hien (Constitutionalist Party), cherishing Phap-Viet De Hue (Franco-Vietnamese Cooperation). Ta Thu Thau, Phan Van Hum, Ho Huu Tuong chose Trotskyism known as the Fourth International. Ngo Dinh Diem was a mandarin. Nguyen Van Thieu and Nguyen Cao Ky were military men. They all were trained and educated by the French before being backed by Washington to become leaders of the Republic of Vietnam (South Vietnam). International Politico-Cultural Influences on Vietnam in the 20th Century was the summary of the influences of the Big Five and Japan on Vietnam in the 20th century. It showed the readers how important foreign aid was in Vietnam, how Vietnam was modified by foreign aid, and how complicated the Vietnam problems were for not digesting different political doctrines and cultures smoothly.
