Viet Nam Hữu Ngọc, 2016-08-15 During his twenty-year tenure as a columnist for *Việt Nam News*, Hà Nội's English-language newspaper, Hữu Ngọc charmed and invigorated an international readership hungry for straightforward but elegant entrees into understanding Vietnamese culture. The essays were originally collected in the massive *Wandering through Vietnamese Culture*. With *Viet Nam: Tradition and Change*, Ohio University Press presents a selection from these many treasures, which are perfectly suited to students of Vietnamese culture and travelers seeking an introduction to the country's rich history, culture, and daily life. With extraordinary linguistic ability and a prodigious memory, Hữu Ngọc is among *Việt Nam*'s keenest observers of and writers about traditional Vietnamese culture and recent history. The author's central theme—that all tradition is change through acculturation—twines through each of the book's ten sections, which contain Hữu Ngọc's ideas on Vietnamese religion, literature, history, exemplary figures, and more. Taken on its own, each brief essay is an engaging discussion of key elements of Vietnamese culture and the history of an issue confronting *Việt Nam* today.

The Weekly War James Landers, 2004

News Policies in Vietnam United States. Congress. Senate. Committee on Foreign Relations, 1966 Reviews government policy regarding news coverage of the Vietnam War and the role of government agencies in making news available to foreign newsmen.

Vietnam Báo Chí Marc Phillip Yablonka, 2018-12-01 A military journalist shines a light on the unsung heroism and contributions of enlisted combat reporters in the Vietnam War in these revealing interviews. *Vietnam Bao Chi* brings together interviews with thirty-five combat correspondents who reported on the Vietnam War. These brave men and women wrote the stories, captured the images, and filmed the television coverage of their fellow servicepeople on battlefields from the Mekong Delta to the DMZ and from the Tet Offensive in 1968 to the fall of Saigon in 1975. Here you will meet Marine Dale Dye, who would go on to play an integral role in the making of the film *Platoon*; Green Beret Jim Morris, whose books, including *War Story*, recount the combat operations of Special Forces units in the Central Highlands; John Del Vecchio, whose classic work of fiction, *The 13th Valley*, mirrors his own existence as a combat correspondent with the 101st Airborne Division; and US Navy Frogman Chip Maury, renowned for his free-fall and underwater photography in Vietnam. Yablonka's extensive experience as a military journalist brought him into contact with many of these combat correspondents, giving him a unique insight into their professions and lives. This book honors these brave chroniclers in uniform who brought the Vietnam War home to us. "[This] valuable collection of profiles . . . shines light on the all-but-forgotten role of American military báo chí (press in Vietnamese). -Publishers Weekly

Yen Do and the Story of Nguoi Viet Daily News with Jeffrey Brody Jeffrey H. Brody, Yen Do, 2003

On the Frontlines of the Television War Yasutsune Hirashiki, 2017-03-19 "The eyewitness accounts of the many phases of the war in this memoir bring events to life as if they had happened yesterday" (*Vietnam Veterans of America Book Reviews*). *On the Frontlines of the Television War* is the story of Yasutsune "Tony" Hirashiki's ten years in Vietnam—beginning when he arrived in 1966 as a young freelancer with a 16mm camera, but without a job or the slightest grasp of English, and ending in the hectic fall of Saigon in 1975, when he was literally thrown on one of the last flights out. His memoir has all the exciting tales of peril, hardship, and close calls of the best battle memoirs, but it is primarily a story of very real and yet remarkable people:

the soldiers who fought, bled, and died, and the reporters and photographers who went right to the frontlines to record their stories and memorialize their sacrifice. If this was truly the first “television war,” then it is time to hear the story of the cameramen who shot the pictures and the reporters who wrote the stories that the average American witnessed daily in their living rooms. An award-winning sensation when it was released in Japan in 2008, this book has been completely recreated for an international audience. “Tony Hirashiki is an essential piece of the foundation on which ABC was built . . . Tony reported the news with his camera and in doing so, he brought the truth about the important events of our day to millions of Americans.” –David Westin, former President of ABC News

Việt Nam Hữu Ngọc, 2016 During his 20 years as a columnist for Việt Nam News, Huu Ngoc both charmed and educated an international readership with his simple but elegant glimpses into Vietnamese culture. These selections from his column are perfectly suited to students of Vietnamese history and culture and travelers seeking an introduction to the country and its people.

TV Brings Battle Into the Home with the Vietnam War Karen Latchana Kenney, 2018-08 On-point historical photographs combined with strong narration bring the battles and controversies surrounding the Vietnam War to life. People saw the battles in real time, on the nightly news, changing forever how people viewed war. Readers will see it as well, both in the text and in the accompanying video clips via the free Capstone 4D app, creating an augmented reality experience that brings the printed page to life--

Living Next to the Giant Le Hong Hiep, 2016-12-23 This book examines how the interaction between political and economic factors under Doi Moi has shaped Vietnam's China policy and bilateral relations since the late 1980s. After providing a historical background, the book examines the conflicting effects that Doi Moi has generated on bilateral relations. It demonstrates that Vietnam's economic considerations following the adoption of Doi Moi contributed decidedly to the Sino-Vietnamese normalization in 1991 as well as the continuous improvements in bilateral ties ever since. At the same time, Vietnam's economic activities in the South China Sea and China's responses have intensified bilateral rivalry and put their ties under considerable strains. The book goes on to argue that Doi Moi has indeed brought Vietnam newfound opportunities to develop a multi-level omni-directional hedging strategy against China. Finally, the book concludes by looking at the prospects of democratization in both countries and assessing the future trajectory of their relations under such circumstances. As the most comprehensive and up-to-date survey of Vietnam's relations with China over the past thirty years, the book is a useful reference source for academics, policymakers, students, and anyone interested in contemporary Vietnam foreign policy in general and Vietnam-China relations in particular.

Paper Soldiers Clarence R. Wyatt, 1995-03 Praised and condemned for its aggressive coverage of the Vietnam War, the American press has been both commended for breaking public support and bringing the war to an end and accused of misrepresenting the nature and progress of the war. While in-depth combat coverage and the instantaneous power of television were used to challenge the war, Clarence R. Wyatt demonstrates that, more often than not, the press reported official information, statements, and views. Examining the relationship between the press and the government, Wyatt looks at how difficult it was to obtain information outside official briefings, what sort

of professional constraints the press worked under, and what happened when reporters chose not to get on the team. Wyatt makes the Diem period in Saigon come to life—the primitive communications, the police crackdowns, the quarrels within the news organizations between the pessimists in Saigon and the optimists in Washington and New York.—Peter Braestrup, Washington Times

An important, readable study of the Vietnam press corps—the most maligned group of journalists in modern American history. Clarence Wyatt's insights and assessments are particularly valuable now that the media is rapidly growing in its influence on domestic and international affairs.—Peter Arnett, CNN foreign correspondent

Chicken of the Sea Viet Thanh Nguyen, 2019–11–26 A band of intrepid chickens leave behind the boredom of farm life, joining the crew of the pirate ship Pitiless to seek fortune and glory on the high seas. Led by a grizzled captain into the territory of the Dog Knights, they soon learn what it means to be courageous, merciful, and not seasick quite so much of the time. A whimsical and unexpected adventure tale, *Chicken of the Sea* originated in the five-year-old mind of Ellison Nguyen, son of Pulitzer Prize-winning novelist Viet Thanh Nguyen; father and son committed the story to the page, then enlisted the artistic talents of Caldecott Honor winner Thi Bui and her thirteen-year-old son, Hien Bui-Stafford, to illustrate it. This unique collaboration between two generations of artists and storytellers invites you aboard for adventure, even if you're chicken. Maybe especially if you're chicken.
