Viper - 25 Years of Hisstory Shawn Romig,2019-02-25 The complete history of the Dodge Viper automobile from the 1989 concept car to the final 2017 Gen V ACR. Covers all five generations with behind the scenes stories, original photography by the author who lived the experience first hand.

Dodge Vipers Bob Power,2011-08-01 The Dodge Viper was one of the first cars to use the powerful V-10 engine. Today, it's one of the fastest sports cars around. Including captivating photographs and fascinating information about the Viper's introduction in the 1990s, this book will appeal to all car enthusiasts who feel a need for speed.

SRT Viper Maurice Q. Liang,2013-01-28 The ashes of 1970s-era emissions restrictions and the subsequent gutting of American automotive performance arose a car that redefined American muscle and captured the imagination of gearheads around the world- the Viper ...

Dodge Viper David Zatz,2021-09-20 The Viper stunned Americans by showing that Dodge, whose cars were all front-wheel drive (and mostly powered by four-cylinder engines), could make a raw, brutal, V10-powered car that could run with the best. Team Viper went a step further at Le Mans, proving that an American car could handle turns, too; so well that it won its class, repeatedly, at a fraction of the cost of the cars it beat. This book covers the transition from a concept to a rough and brutal rocket to a world-class supercar, and includes every generation. The story also tells of the rough times when the entire Viper business could have been sold to the highest bidder, and considers alternative paths the 2013-17 Viper might have taken. This is not just a gushing tribute to the Dodge Viper, the author provides an objective view of the full story, using business, historical, and enthusiast perspectives. The book looks at the business case for each generation, the development stories and their outcomes, and describes some of the issues owners may have to watch out for, particularly in the early models.

The Vipers' Club John Hammond Richardson,1996 Peter James is a rising star of the academic film world, feted in obscurity, when one Max Fischer calls. Max is the biggest producer in Hollywood, the king of action flicks, and he wants Peter. So Peter burns his bridges all the way from New York to L.A., tossing out his tweeds and books and gleefully shopping for his new Left Coast lifestyle. It takes less than a week of running out at midnight to pick up pickles from Max's favorite deli for Peter to realize he's made a mistake. In this claustrophobic world of fast-paced cynicism and manipulation, Peter wants to be more than just a flunky. But soon it's not just errands that Peter must oversee. High in the Hollywood Hills, where reality and fantasy come dangerously close together, Max is accused of the sole crime that will forever destroy his most valuable asset - his reputation. It is Peter's job to deter the all too real police detectives who are after Max. And, if that's not enough, Peter is neck-deep in a secret relationship with the daughter of Max's worst enemy. The situation is primed to careen out of control.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Viper Pilot (Enhanced Edition) Dan Hampton,2012-10-02 Get inside the cockpit with Dan Hampton, the military's most decorated F-16 pilot, in this enhanced e-book edition of Viper Pilot. Exclusive to this edition are 11 video interviews, where Hampton talks candidly about his time as a Wild Weasel and about the fighter jet that kept him alive through so many dangerous skirmishes. In addition, an interactive "first-person" cockpit diagram lets you get deeper into the action, providing a visual companion to the book that leaves you feeling like you're sitting in the iconic F-16 itself. 151 combat missions 21 hard kills on surface-to-air-missile sites 4 Distinguished Flying Crosses with Valor 1 Purple Heart Sure to rank as one of the greatest aviation memoirs ever written, Viper Pilot is an Air Force legend's thrilling eyewitness account of modern air warfare. From 1986 to 2006, Lt. Col. Dan Hampton was a leading member of the Wild Weasels, the elite Air Force fighter squadrons whose mission is recognized as the most dangerous job in modern air combat. Weasels are the first planes sent into a war zone, flying deep behind enemy lines purposely seeking to draw fire from surface-to-air missiles and artillery. They must skillfully evade being shot down—and then return to destroy the threats, thereby making the skies safe for everyone else to follow. Today these vital missions are more hazardous than direct air-to-air engagement with enemy aircraft. Hampton's record number of strikes on high-value targets make him the most lethal F-16 Wild Weasel pilot in American history. This is his remarkable story. Taught to fly at an early age by his father, Hampton logged twenty years and 608 combat hours in the world's most iconic fighter jet: the F-16 Fighting Falcon, or Viper as its pilots call it. Hampton spearheaded the 2003 invasion of Iraq, leading the first flight of fighters over the border en route to strike Baghdad. In the war that followed, he engaged in a series of brilliantly executed missions that earned him three Distinguished Flying Crosses with Valor; he notably saved a U.S. Marine unit from certain death by taking out the surrounding enemy forces near Nasiriyah. Two years earlier, on 9/11, Hampton's father was inside the Pentagon when it was attacked; with his dad's fate unknown, Hampton was scrambled into American skies and given the unprecedented orders to shoot down any unidentified aircraft. Hampton also flew critical missions in the first Gulf War, served on the Air Combat Command staff during the Kosovo War, and was injured in the 1996 Khobar Towers terrorist attack. With manned missions rapidly giving way to remote-controlled UAV drones, Viper Pilot may be the last memoir by a true hero of the skies. Gripping and irreverently humorous, it is an unforgettable look into the closed world of fighter pilots and modern air combat. Please note that due to the large file size of these

special features this enhanced e-book may take longer to download than a standard e-book.

We Were The Ramchargers David G. Rockwell,2023-07-24 With over 200 new images, the new edition of *We Were the Ramchargers* is perfect for drag racing enthusiasts. This book takes readers behind the scenes with the group of Chrysler engineers who, from the 1950s through the 1970s, became one of the most successful and influential drag racing teams of all time. The only team of engineers from an automobile manufacturer to drag race successfully, the Ramchargers broke the most time barriers in drag racing history and earned the most National Hot Rod Association (NHRA) Super Stock titles during the sport's golden era of factory competition. Author Dave Rockwell, a Ramcharger himself, interviewed more than 40 team members, competitors, and track operators for *We Were the Ramchargers*, making it the first and only book to provide inside details on all elements of the Ramchargers story. In addition to chronicling the races they won and legendary cars they developed (including the High and Mighty, 426 Hemi, and first Funny Car), Rockwell opens corporate and personal files to take readers behind the doors at Chrysler (showing, among other things, how the Ramchargers helped pioneer the platform team concept), while revealing the personalities of the men who made it all happen. Viper Rum Mary Karr,2001-09-01 In her third collection of poetry, *Viper Rum*, Mary Karr delves into autobiographical subject matter; various beloveds are birthed and buried in these touching lyrics, some of which, as the title suggests, deal with drink: I cast back to those last years I drank, alone nights at the kitchen sink, bathrobed, my head hatching snakes, while my baby slept in his upstairs cage and my marriage choked to death. Precise and surprising, Karr's poems take on the bedevilmments of fate and grief with a diabolical edge of their own (Poetry). Also included is Karr's controversial and prize-winning essay *Against Decoration*, in which she took aim against the verbal ornaments that too often pass for poetry these days-the new formalism that elevates form to an end itself.

Viper Matthew L. Stone,

Last Night at the Viper Room Gavin Edwards,2013-10-22 In *Last Night at the Viper Room*, acclaimed author and journalist Gavin Edwards vividly recounts the life and tragic death of acclaimed actor River Phoenix—a teen idol on the fast track to Hollywood royalty who died of a drug overdose in front of West Hollywood's storied club, the Viper Room, at the age of 23. *Last Night at the Viper Room* explores the young star's life, including his childhood in Venezuela growing up under the aegis of the cultish Children of God. Putting him at the center of a new generation of leading men emerging in the early 1990s— including Johnny Depp, Keanu Reeves, Brad Pitt, Nicolas Cage, and Leonardo DiCaprio—Gavin Edwards traces the Academy Award nominee's meteoric rise, couches him in an examination of the 1990s, and illuminates his lasting legacy on Hollywood and popular culture itself.
