Reflective Practice as Professional Development Atsuko Watanabe,2016-12-07 This book presents a researcher's work on reflective practice with a group of high school teachers of English in Japan. Both an in-depth examination of reflective practice in the context of Japanese cultural conventions and a narrative account of the researcher's reflexivity in her engagement with the study, the book introduces the concept of 'the reflective continuum' – a non-linear journey that mirrors the way reflection develops in unpredictable and individual ways.
