Voodoo Doll Drac Von Stoller,2013-03-21 Dr. Phillips was an archaeologist who had a hunger for finding the big one. Meaning a dig that would put him in history books, but Dr. Phillips wasn't a very patient man and if anyone got in his way of finding something worth celebrating they were a dead man. One night while Dr. Phillips was reading his newspaper and smoking his pipe he came across an interesting article that said there was a dig deep in the jungles of Africa, but no one has been able to recover the artifacts only to die trying. Being that Dr. Phillips's ego and temper were so big he wasn't afraid of anything, knowing that if he were to bring ancient artifacts back to the U.S., he would get his wish of being famous and in history books. So, Dr. Phillips chartered a plane and brought two of his closest colleagues along with him, Dr. Reeves and Dr. Smith. Dr. Phillips only brought his colleagues along in case they were to discover the artifacts first only to be shot in the back and left in the jungle for the wild animals to have a feast on. Dr. Phillips and his colleagues arrived late afternoon at the dig site just to survey the area before the dig in the morning. Dr. Phillips could hardly sleep that night knowing in the morning the dig would begin and hopefully not take a week to find the ancient artifacts

that would bring fame and fortune his way. Dr. Phillips paced back and forth outside the tent and decided to load his pistol and make sure he had enough ammo on him to stop anyone that got in his way. Morning finally arrived and Dr. Reeves and Dr. Smith shared a pot of coffee on their portable stove outside their tent with Dr. Phillips before starting their dig. Dr. Reeves said, Dr. Phillips do you think we'll find anything worth bringing back to the States? Dr. Phillips replied, I didn't come all this way for a weekend getaway and spend thousands of dollars for just the heck of it. You better believe we're not coming back home empty-handed. Dr. Smith chimed in and said, I've known Dr. Phillips many years and I've never known him to play around when it comes to something as serious as this. Okay, Dr. Reeves and Dr. Smith are we ready to make history? They said, You bet we are! The three Doctors set off into the jungle to start the dig. Dr. Reeves asked, Who is that man over there? Dr. Phillips replied he's probably trying to steal the ancient artifacts out of that cave. What are we going to do? exclaimed Dr. Smith. I tell you what we're going to do. I'm going to tell him to get off this property because I paid a lot of money securing this site, said an angry Dr. Phillips. Dr. Phillips approached the man who was wearing a headdress and said Excuse me, sir! But you're going to have to leave because my colleagues and I have a lot of work to do, and I don't need anyone snooping around or disturbing this dig site. I'm only going to ask you nicely one time, if you don't leave this moment, I will be forced to shoot you and let the wild animals dispose of your body. The old man replied, I'm not going anywhere, You and your friends are the ones who will have to leave because this is my ancestor's sacred ground, not yours. Dr. Phillips pulled his gun out of his holster pointed the gun at the old man's head and said I'll give you two seconds to leave If you don't you're a dead man. The old man laughed and pulled out a doll that looked exactly like Dr. Phillips and took out a needle then poked it in the side of the doll's neck and Dr. Phillips dropped to the ground.

The Voodoo Doll Sylvia A. Witmore, 2009-09-30 The beautiful Carolina coast is the setting for this novel. Kimberly Marshall's life was one most women would envy. She was sincere, beautiful and was married to a very rich older man who worshipped her. Her world came crashing down around her the day she discovered a Voodoo Doll in the bottom drawer of her husband's desk. The doll was made into the exact image of Kimberly, wearing a yellow dress identical to one of hers. She was shocked to discover the top of the dress was smeared with blood and long straight pins pierced through the chest straight into the back. Then, the threats began.....someone connected to her household was trying to kill her and each attempt became worse than the last one. Kim enlists the help of a handsome neighbor to come to her rescue and help her solve the mystery and stop the killing before both of them become

victims themselves. Kim has a very hard time believing that her husband or anyone in his family is trying to murder her, but she discovers that only the persons in her household would have direct contact with her; the house is too well guarded for an outsider to be able to get that close to her. Mystery, mayhem, romance and an unusual secret are combined in this book and will keep the reader guessing until the very end.

Broken Voodoo Doll Camile Velez,2018-07-24 And it continues...

Do You Do Voodoo? Shannon R. Turlington,1999 By investigating how stories about zombies and voodoo dolls began, Turlington dispels the myth popularized by movies and books that Voodoo is the secret practice of mysterious sinister island magic and instead reveals that it is a legitimate religion which is very much alive today. 4 photos. 6 illustrations.

Broken Voodoo Doll Camile Velez,2014-02-04 For her entire life, Cecilia Pino has been raised around the mysterious world of Santeria. The Cuban-American girl, affectionately known as Sky, has faced far too many troubles for someone her age—and the struggles aren't just physical, but spiritual as well. As the granddaughter of the most recognized Santera, in Havana, Cuba, it is no wonder that spirits are always going out of their way to communicate with her—although she considers it less of a blessing and more of a curse. Sky, is known for her naturally free-spirited and mischievous personality, but her home situation has left her broken. Her mother Lucia is controlling, taking out her frustrations on her through violent beatings well into her adolescence. But now, Lucia is married to a police officer named Andre, and the abuse stops. Still, Sky is haunted by the events of her earlier childhood, and as a teenager realizes she is harboring an undeniable feeling of resentment toward both her mother and new stepfather. In order to cope, she spends time wandering some of the rougher neighborhoods of Boston against the advice of Andre, and in doing so, finds trouble. She makes a close-knit group of friends, and even comes across some who share the same traditions she has. After discovering the gift of dreams and becoming a 911 operator, Sky is finally in a place where she can say things are turning around. But a family scandal suddenly threatens to shatter the very foundation that took years to build, and a disappearance leaves her abandoned and hurt. Alone, she finds herself without any real sense of direction—until she gets wind of some information that just might lead her where she needs to go. But how much is she willing to risk fixing something that may not ever have been completely right in the first place? Enthralling and drama-filled from beginning to end, *Broken Voodoo Doll* combines the supernatural and physical realms for a unique tale involving struggle, redemption, fate, and the power of dreams. It is one injured girl's journey through a childhood fraught with abuse into eventual self-discovery, and her effort to pick up the pieces along the way. Peppered with glimpses of authentic Santeria practice, this dark and unusual piece of fiction is a must read for anyone who has faced their own difficulties in life, those looking for a captivating thriller, or anyone who is enchanted by the fascinating pursuits of real-life magical practices.

A Bad Day for Voodoo Jeff Strand, 2012-06-05 When your best friend is just a tiny bit psychotic, you should never actually believe him when he says, Trust me. This is gonna be awesome. Of course, you probably wouldn't believe a voodoo doll could work either. Or that it could cause someone's leg to blow clean off with one quick prick. But I've seen it. It can happen. And when there's suddenly a doll of YOU floating around out there—a doll that could be snatched by a Rottweiler and torn to shreds, or a gang of thugs ready to torch it, or any random family of cannibals (really, do you need the danger here spelled out for you?)—well, you know that's just gonna be a really bad day ... Jeff Strand is hilariously funny and truly deranged. —Christopher Golden, author of *When Rose Wakes*
