Androids Chet Haase,2022-07-12 The fascinating inside story of how the Android operating system came to be. In 2004, Android was two people who wanted to build camera software but couldn't get investors interested. Today, Android is a large team at Google, delivering an operating system (including camera software) to over 3 billion devices worldwide. This is the inside story, told by the people who made it happen. Androids: The Team that Built the Android Operating System is a first-hand chronological account of how the startup began, how the team came together, and how they all built an operating system from the kernel level to its applications and everything in between. It describes the tenuous beginnings of this ambitious project as a tiny startup, then as a small acquisition by Google that took on an industry with strong, entrenched competition. Author Chet Haase joined the Android team at Google in May 2010 and later recorded conversations with team members to preserve the early days of Android's history leading to the launch of 1.0. This engaging and accessible book captures the developers' stories in their own voices to answer the question: How did Android succeed?

Star Wars: Battlefront II: Inferno Squad Christie Golden,2017-07-27 Set in the aftermath of Rogue One: A Star Wars Story, this action-packed prequel to the hotly anticipated videogame Battlefront II introduces the Empire's elite force: Inferno Squad. After the humiliating theft of the Death Star plans and the destruction of the battle station, the Empire is on the defensive. But not for long. In retaliation, the elite Imperial soldiers of Inferno Squad have been called in for the crucial mission of infiltrating and eliminating the Partisans—the rebel faction once led by notorious Republic freedom fighter Saw Gerrera. Following the death of their leader, the Partisans have carried on his extremist legacy, determined to thwart the Empire—no matter the cost. Now Inferno Squad must prove its status as the best of the best and take down the Partisans from within. But the growing threat of being discovered in their enemy's midst turns an already dangerous operation into a do-or-die acid test they dare not fail. To protect and preserve the Empire, to what lengths will Inferno Squad go . . . and how far beyond them? The Rebellion may have heroes like Jyn Erso and Luke Skywalker. But the Empire has Inferno Squad.
