Managing Nonprofit Organizations Mary Tschirhart, Wolfgang Bielefeld, 2012-07-11 MANAGING NONPROFIT ORGANIZATIONS This essential resource offers an overall understanding of nonprofits based on both the academic literature and practitioner experience. It shows how to lead, manage, govern, and structure effective and ethical nonprofit organizations. *Managing Nonprofit Organizations* reveals what it takes to be entrepreneurial and collaborative, formulate successful strategies, assess performance, manage change, acquire resources, be a responsible financial steward, and design and implement solid marketing and communication plans. *Managing Nonprofit Organizations* is the only introductory text on this subject that manages to do three critical things equally well: It's comprehensive, covering all the key topics leaders of NPOs need to know about; it's practical, providing lots of examples, case incidents, and experiential exercises that connect the content to the real world; and, best of all (and most unique compared to others), it's research-based, drawing on the latest and best empirical studies that look into what works and doesn't work in the world of nonprofit management. —Vic Murray, professor, School of Public Administration, University of Victoria This book is a rarity—a text that can be used both as the focus for academic study and as a source of stimulating ideas for those practitioners who want to explore theories about management and how they can be applied so they can do a better job. Tschirhart and Bielefeld have explained all aspects of nonprofit management and leadership in a way that will stimulate as well as inform. —Richard Brewster, executive director, National Center on Nonprofit Enterprise, Virginia Tech University *Managing Nonprofit Organizations* presents a comprehensive treatment of this important topic. The book satisfies the competencies and curriculum guidelines developed by NASPAA and by NACC and would be ideal for instruction. The book maintains its commitment to informing management and leadership throughout the nonprofit sector. —Jeffrey L. Brudney, Albert A. Levin Chair of Urban Studies and Public Service, Cleveland State University This is an important book, written by two of the leading scholars in the nonprofit studies field. Nonprofit managers, board members, funders, educators, and others will find *Managing Nonprofit Organizations* extremely valuable. —Michael O' Neill, professor of nonprofit management, University of San Francisco Here's the book that my students have been asking for—just the right mix of theory presentation, research findings, and practical suggestions to serve the thoughtful nonprofit management practitioner. It will inform, instruct, and ultimately, inspire. —Rikki Abzug, professor of management, Anisfield School of Business, Ramapo College

Five Life Stages of Nonprofit Organizations Judith Sharken Simon, J. Terence Donovan, 2001

Nonprofits and Advocacy Robert J. Pekkanen, Steven Rathgeb Smith, Yutaka Tsujinaka, 2014-07 Does nonprofit mean nonpolitical? When the Susan G. Komen foundation pulled funding for Planned Parenthood's breast exam program, the public uproar brought new focus to the high political and economic stakes faced by nonprofit organizations. The missions of 501(c)(3) and 501(c)(4) organizations, political action committees, and now Super PACs have become blurred as issues of advocacy and political influence have become increasingly entangled. Questions abound: Should a nonprofit advocate for its mission and its constituents with a goal of affecting public policy? What are the limits of such advocacy work? Will such efforts fundamentally jeopardize nonprofit work? What can studies of nonprofit advocacy efforts reveal? Editors Robert J. Pekkanen, Steven Rathgeb Smith, and Yutaka Tsujinaka recognize the urgent need for relevant research and insight into these issues as direct and indirect government services are squeezed by federal cutbacks. *Nonprofits and Advocacy* defines advocacy and clarifies the differences among advocacy, lobbying, political activity, and education, as well as advocacy measurements. Providing original empirical data and innovative theoretical arguments, this comparative study is organized into two parts. The first part focuses on local and national dimensions of nonprofit advocacy, and the second part looks at organizational politics and strategies. The conclusion considers basic questions about nonprofit advocacy and seeks to draw lessons from research efforts and practice. Providing a critical look at the multidimensional roles and advocacy efforts of nonprofits, this volume will be valued by scholars, students, leaders, and activists—many of whom advocate for the interests of their organizations while delivering services to their organizations' constituents. The research is also relevant for policymakers involved in cross-sector public policy initiatives as they strive to provide more efficient public-private solutions to challenging governance issues.

The Wilder Nonprofit Field Guide to Crafting Effective Mission and Vision Statements Emil Angelica, 2001 Bring focus and direction to your work Too often, if you ask four people in a nonprofit what their organization's mission is, you'll get four different answers. Organizations without clearly defined and agreed-to mission and vision statements frequently find themselves adrift at sea, in real financial trouble, and unable to make an ongoing, positive impact on the community. But an effective mission and vision statement can help an organization unify services and create a consistent approach to new program development. *Crafting Effective Mission and Vision Statements* will help your organization develop (or revise) mission and vision statements that bring focus and direction to your work. With orderly, easy-to-follow steps, this engaging guide helps you: Build ownership for the mission and vision statements among board and staff Create a common understanding of your organization's goals Understand how mission and vision statements differ and how to use both for greatest benefit Develop a mission statement that captures exactly what your organization does Create a vision statement based on stakeholders' ideas and the organization's history, capacity for growth, and fundraising potential Use this guide to create mission and vision statements that help your organization stay focused and keep it moving toward a positive future.

Shared Space and the New Nonprofit Workplace China Brotsky, Sarah M. Eisinger, Diane Vinokur-Kaplan, 2019-05-31 While the economy has boomed since the Great Recession, so too have real estate rents and gentrification in cities across North America; nonprofits priced out of formerly affordable neighborhoods lack adequate workplaces to meet their missions. *Shared Space and the New Nonprofit Workplace* presents a comprehensive overview of shared space as an innovative model and effective long-term solution for nonprofit organizations' need for stable and affordable office and program space. In particular, it focuses on co-locating multiple nonprofits in shared spaces, often called nonprofit centers, with shared services and a collaborative culture. This comprehensive resource provides a practical road map to develop new workspaces; documents benefits for nonprofit staff, organizations, and their communities; presents challenges and solutions from successful nonprofit shared spaces; and considers nonprofit centers' history and future trends. Further, it offers nonprofits an opportunity to engage in forward-thinking practices, such as collaborative service delivery, green building operations, and cross-sector alliances. The book will be useful to nonprofit executives, staff and board members, foundations, philanthropists, real estate and urban planning professionals interested in creating these projects, and researchers and students of the nonprofit sector.
