Jill P. Weber

The FIAF Cataloguing Rules for Film Archives Harriet Harrison,1991 This manual consists of a set of rules for cataloguing materials held in moving image archives.

Special Topics in Multimedia, IoT and Web Technologies Valter Roesler,Eduardo Barrére,Roberto Willrich,2021-03-03 This book presents a set of recent advances that involve the areas of multimedia, IoT, and web technologies. These advances incorporate aspects of clouds, artificial intelligence, data analysis, user experience, and games. In this context, the work will bring the reader the opportunity to understand new possibilities of use and research in these areas. We think that this book is suitable for students (postgraduates and undergraduates) and lecturers on these specific topics. Professionals can also benefit from the book since some chapters work with practical aspects relevant to the industry.

Georg Simmel and the Disciplinary Imaginary Elizabeth S. Goodstein,2017-01-04 An internationally famous philosopher and best-selling author during his lifetime, Georg Simmel has been marginalized in contemporary intellectual and cultural history. This neglect belies his pathbreaking role in revealing the theoretical significance of phenomena—including money, gender, urban life, and technology—that subsequently became established arenas of inquiry in cultural theory. It further ignores his philosophical impact on thinkers as diverse as Benjamin, Musil, and Heidegger. Integrating intellectual biography, philosophical interpretation, and a critical examination of the history of academic disciplines, this book restores Simmel to his rightful place as a major figure and challenges the frameworks through which his contributions to modern thought have been at once remembered and forgotten.

Rousseau Between Nature and Culture Anne Deneys-Tunney,Yves Charles Zarka,2016-03-07 Rousseau has been seen as the inventor of the concept of nature; in this collective volume philosophers and literary specialists from France and the United States examine how Rousseau's philosophy can be reinterpreted from the point of view of a constant dialectical debate between nature and culture. In this, Rousseau is our true contemporary.

A Political Theory of Territory Margaret Moore,2015-03-30 Our world is currently divided into territorial states that resist all attempts to change their borders. But what entitles a state, or the people it represents, to assume monopoly control over a particular piece of the Earth's surface? Why are they allowed to prevent others from entering? What if two or more states, or two or more groups of people, claim the same piece of land? Political philosophy, which has had a great deal to say about the relationship between state and citizen, has largely ignored these questions about territory. This book provides answers. It justifies the idea of territory itself in terms of the moral value of political self-determination; it also justifies, within limits, those elements that we normally associate with territorial rights: rights of jurisdiction, rights over resources, right to control borders and so on. The book offers normative guidance over a number of important issues facing us today, all of which involve territory and territorial rights, but which are currently dealt with by ad hoc reasoning: disputes over resources; disputes over boundaries, oceans, unoccupied islands, and the frozen Arctic; disputes rooted in historical injustices with regard to land; secessionist conflicts; and irredentist conflicts. In a world in which there is continued pressure on borders and control over resources, from prospective migrants and from the desperate poor, and no coherent theory of territory to think through these problems, this book offers an original, systematic, and sophisticated theory of why territory matters, who has rights over territory, and the scope and limits of these rights.

Onde está você - Entrelinhas - vol. 2 Tammara Webber,2016-04-15 O segundo volume da série Entrelinhas de Tammara Webber.

Embarque em mais esta história arrebatadora, que vai deixar você querendo muito mais! Quando conheceu Emma Pierce no set de filmagem de seu último longa-metragem, Graham Douglas ficou imediatamente encantado, mas Emma era o objeto de desejo do superastro Reid Alexander. Graham fez o possível para não se apaixonar por ela, até que um encontro em Nova York dá a ele mais uma chance, e dessa vez ele decide arriscar. Emma sacrificou uma carreira promissora em Hollywood para levar uma vida comum. Ela acreditava já ter superado o que sentia pelos dois caras que disputavam seu coração na filmagem de seu último trabalho, até que o destino coloca Emma em uma cafeteria no meio de Manhattan com aquele de quem ela ainda sente saudade. Brooke Cameron sobreviveu aos três meses no set de filmagem com seu belo e arrogante ex-namorado, o garoto de ouro de Hollywood. Mais velha e sábia, ela agora põs os olhos em Graham, um grande amigo, e só há uma coisa em seu caminho: Emma, a garota que ele não consegue esquecer. Reid Alexander é capaz de resumir a própria vida em uma única palavra: tédio. Ele não tem muito o que fazer além de entrevistas, sessões de fotos e o lançamento de seu último filme. Em busca de diversão, a última coisa que ele espera é se juntar à sua ressentida ex-namorada para atingir um objetivo comum: separar Graham e Emma. O jogo começou.

Will Grayson, Will Grayson John Green, David Levithan, 2010-04-06 Two award-winning and New York Times–bestselling author join forces for a collaborative novel of awesome proportions. One cold night, in a most unlikely corner of Chicago, two teens—both named Will Grayson—are about to cross paths. As their worlds collide and intertwine, the Will Graysons find their lives going in new and unexpected directions, building toward romantic turns-of-heart and the epic production of history’s most fabulous high school musical. Hilarious, poignant, and deeply insightful, John Green and David Levithan’s collaborative novel is brimming with a double helping of the heart and humor that have won them both legions of faithful fans. A New York Times Book Review Editor’s Choice An ALA Stonewall Honor Book “Will Grayson, Will Grayson is a complete romp. [It is] so funny, rude and original that by the time flowers hit the stage, even the musical-averse will cheer.” —The New York Times Book Review □ “Will have readers simultaneously laughing, crying and singing at the top of their lungs.” —Kirkus Reviews, starred review “It is such a good book. [Green and Levithan] are two of the best writers writing today.” —NPR’s The Roundtable

Having Sex, Wanting Intimacy Jill P. Weber, 2014 This book is directed at those women, including high school and college students, who use sex as a means to achieving intimacy, and who fail to do so by using this method. It shows them how to recognize signs that their relationships are based on physical activities rather than emotional connections, and guides readers to finding a better way.

Hitchcock Francois Truffaut, 2015-12-04 Iconic, groundbreaking interviews of Alfred Hitchcock by film critic François Truffaut—providing insight into the cinematic method, the history of film, and one of the greatest directors of all time. In *Hitchcock*, film critic François Truffaut presents fifty hours of interviews with Alfred Hitchcock about the whole of his vast directorial career, from his silent movies in Great Britain to his color films in Hollywood. The result is a portrait of one of the greatest directors the world has ever known, an all-round specialist who masterminded everything, from the screenplay and the photography to the editing and the soundtrack. Hitchcock discusses the inspiration behind his films and the art of creating fear and suspense, as well as giving strikingly honest assessments of his achievements and failures, his doubts and hopes. This peek into the brain of one of cinema’s greats is a must-read for all film aficionados.

Model Municipal Traffic Ordinance , 1930

Social Theory Today Anthony Giddens,1987 Social theory has undergone dramatic changes over the past fifteen years. The aim of this book is to provide a comprehensive survey of those changes, and an authoritative statement on current trends of development in social thought. The contents of the book range in a systematic way across the major traditions of social theory prominent today. Among the topics covered are the relationships between modern social theory and the 'classics' of the late eighteenth and nineteenth centuries; the connections between social theory and mathematical social science; and the logical status of generalizations in the social sciences. Traditions of thought discussed include: behaviourism; symbolic interactionism; Parsonian theory; analytical theory; structuralism and post-structuralism; ethnomethodology; structuration theory; world systems theory; Marxism and critical theory.

Stand-Up Comedy Judy Carter,2010-03-03 If you think you're funny, buy this book! Whether you dream of becoming a star . . . A better public speaker . . . A more effective communicator . . . A funnier, happier human being . . . You can learn to leave 'em laughing! David Letterman learned to do it. Jay Leno learned to do it. Roseanne Barr learned to do it. So can you! Now successful stand-up comic Judy Carter—who went from teaching high school to performing in Las Vegas, Atlantic City, Lake Tahoe, and on over 45 major TV shows—gives you the same hands-on, step-by-step instruction she's taught to students in her comedy workshops. She shows you how to do it: create an act, perform it, make money with it, or apply it to everyday life. Discover: • The formulas for creating comedy material • How to find your own style • The three steps to putting your act together • Rehearsal do's and don'ts • What to do if you bomb • Ways to punch up your everyday life with humor

Lois Weber Martin F. Norden,2019-01-25 Lois Weber (1879–1939) was one of early Hollywood's most successful screenwriter-directors. A one-time Church Army worker who preached from street corners, Weber began working in the American film industry as an actress around 1908 but quickly ascended to the positions of screenwriter and director. She wrote, directed, starred in, edited, and titled hundreds of movies during her career and is believed to be the first woman to direct a feature film. At the height of her influence, Weber used her medium to address pressing social issues such as birth control, abortion, capital punishment, poverty, and drug abuse. She gained international fame in 1915 with her controversial *Hypocrites*, a complex film that featured full female nudity as part of its important moral lesson. Her most famous film, *Where Are My Children?*, was the Universal studio's biggest box-office hit the following year and played to enthusiastic audiences around the globe. These productions and many others contributed to her standing as a truly world-class filmmaker. Despite her many successes, Weber was pushed out of the business in the 1930s as a result of Hollywood's institutionalized sexism. Shoved into the corners of film history, she remained a largely forgotten figure for decades. *Lois Weber: Interviews* restores her long-muted voice by reprinting more than sixty items in which she expressed her views on a range of filmic subjects. The volume includes interviews, articles that Weber wrote, the text of a speech she gave, and reconstructed conversations with her Hollywood coworkers. *Lois Weber: Interviews* provides key insights into one of our first great writer-directors, her many films, and the changing business in which she worked.

The Film Archipelago Antonio Gómez,Francisco-J. Hernández Adrián,2021-12-16 How do the islands and archipelagos of the New World figure in Latin American cinema? Comprising 15 essays and a critical introduction, *The Film Archipelago: Islands in Latin American Cinema* addresses this question by examining a series of intersections between insular spaces and filmmaking in Latin America. The volume brings together international scholars and filmmakers to consider a diverse corpus of films about islands, films that take place on islands, films produced in islands, and films that problematise islands. The book explores a diverse range of films

that extend from the Chilean documentaries of Patricio Guzmán to work on the Malvinas/Falkland Islands, and films by Argentine directors Gustavo Fontán and Lucrecia Martel. Chapters focus on Rapa Nui (Easter Island), the Mexican Islas Marías, and the Panamanian Caribbean; on ecocritical, environmental and film historical aspects of Brazilian and Argentine river islands; and on Cuban, Guadeloupean, Haitian, and Puerto Rican contexts. The Film Archipelago argues that the islands and archipelagos of Latin American cinema constitute a critically interesting, analytically complex, and historically suggestive angle to explore issues of marginality and peripherality, remoteness and isolation, and fragility and dependency. As a whole, the collection demonstrates to what extent the combined insular and archipelagic lens can re-frame and re-figure both longstanding and recent discussions on the spaces of Latin American cinema.

A Companion to Aristotle Georgios Anagnostopoulos, 2013-03-05 The Blackwell Companion to Aristotle provides in-depth studies of the main themes of Aristotle's thought, from art to zoology. The most comprehensive single volume survey of the life and work of Aristotle. Comprised of 40 newly commissioned essays from leading experts. Covers the full range of Aristotle's work, from his 'theoretical' inquiries into metaphysics, physics, psychology, and biology, to the practical and productive sciences such as ethics, politics, rhetoric, and art.

Nature, Justice, and Rights in Aristotle's Politics Fred D. Miller, 1995-06-01 In this landmark study of Aristotle's Politics Fred Miller argues that nature, justice, and rights are central to Aristotle's political thought. Miller challenges the widely held view that the concept of rights is alien to Aristotle's thought, and marshals evidence for talk of rights in Aristotle's writings, arguing further that Aristotle's theory of justice supports claims of individual rights, which are political and based in nature. He also considers the relation of Aristotle's politics to other parts of philosophy, in particular to the teleological view of nature in the Physics and the theory of justice in the Nicomachean Ethics. Professor Miller examines in detail the constitutional applications of Aristotle's theory, including the correct constitutions of kingship, aristocracy, and polity (based in the common advantage), and the deviant constitutions of democracy, oligarchy, and tyranny (based in the advantage of the rulers). Aristotle's treatments of revolution and property rights are also covered, and the major presuppositions of his political theory are critically examined and related to current issues including the liberalism-communitarianism debate. This stimulating treatment of the Politics sheds new light on Aristotle's relation to modern political philosophy, in particular to natural rights theorists such as Hobbes and Locke. It will be of value to philosophers, political scientists, classical scholars, and anyone interested in the theoretical foundations of human rights.

It Stephen King, 2017-09-05 Includes a selection from *Sleeping Beauties* by Stephen and Owen King after page 1157 (to be published in Sept. 2017).

100 Years Since the Russian Revolution LEON. TROTSKY, Ahmed Shawki, 2018-01-04 In 1932, despite being forced into exile and harried by the regime brought to power in its wake, Leon Trotsky delivered a rousing defense of the Russian Revolution to an audience of social-democratic students. In 2017, Ahmed Shawki undertakes the same task, with a similar audience in mind. This stirring book combines these two defenses of the revolution for its centenary. Ahmed Shawki is on the editorial board of the *International Socialist Review* and is the author of *Black Liberation and Socialism*. Leon Trotsky (1879-1940) was a key leader of the Russian Revolution.

Enzo Ferrari Brock Yates, 2019-11-14 Ferrari means red. It means racing. Excellence, luxury, and performance. Less well-known

is the man behind the brand. For nearly seventy years, Enzo Ferrari dominated a motor-sports empire that defined the world of high-performance cars. Next to the Pope, Ferrari was the most revered man in Italy. But was he the benign padrone portrayed by an adoring world press at the time, or was he a ruthless despot, who drove his staff to the edge of madness, and his racing drivers even further? Brock Yates's definitive biography penetrated Ferrari's elaborately constructed veneer and uncovered the truth behind Ferrari's bizarre relationships, his work with Mussolini's fascists, and his fanatical obsession with speed. A fascinating and provocative book The Observer.

Affect, Gender and Sexuality in Latin America Cecilia Macón,Mariela Solana,Nayla Luz Vacarezza,2021-03-27 This book emphasizes the significance of affects, feelings and emotions in how we think about politics, gender and sexuality in Latin America. Considering the complex and even contradictory social processes that the region is experiencing today, many Latin American authors are turning to affect to find a key to understand our present situation, to revisit our history, and to imagine new possibilities for the future. This tendency has shown such a specificity and sometimes departure from northern productions that it compels us to focus more deeply on its own arguments, methods, and critical contributions. This volume features essays that explore the particularities of Latin American ways of thinking about affect and how they can shed new light into our understanding of, gender, sexuality and politics.

Wabbers Trnsito Agora Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has are more evident than ever. They have the capacity to inspire, provoke, and ignite change.
