From Bottom to Top Tier in a Decade Norman R. Smith, 2010-09-02 From Bottom to Top Tier in a Decade: The Wagner College Turnaround Years is a memoir recounting one of the most remarkable turnaround stories in American higher education, as recalled by the president who led a fourteen-year campaign bringing this financially troubled, under-enrolled, bottom-ranked college from disrepair and impending closure to wide regard as one of the top small, residential private colleges in the east. By the time Norman Smith departed in 2002, the college was ranked top tier, was full to capacity, and was cited as one of America's most beautiful college campuses. Located on a hilltop overlooking Manhattan that had once been Vanderbilt and Cunard estates, Wagner College should never have gotten into trouble. This recounting is not only an engaging human story of the many trustees, benefactors, faculty, and staff who were key to the turnaround, but also represents a case study template of what must happen for any college to survive and ultimately flourish in these competitive times for private higher education.

Basketball in the SEC (Southeastern Conference) Greg Roza, 2008-01-15 Describes the history, key people, teams, important games, and mascots of the Southeastern Conference of NCAA basketball.

All Guts and No Glory Bill Elder,2007-01-01 As the recent film *Glory Road* reminded, the early desegregation of college sports often was neither easy nor pleasant. Here Bill Elder recalls how he and a courageous group of white and black student-athletes broke racial barriers at a small college in northeast Alabama in the early 1970s. The setting was Sand Mountain, an area which four decades earlier had given rise to the Scottsboro Boys case, and where racial attitudes for some had not changed much. Elder has recently retired from a successful career as a college sports administrator, but here he shows vividly why he sometimes wondered whether he and his players would live through their experience. Abandoned by their school officials, the players faced constant threats and harassment and occasional violence. But they kept playing and winning games and forging bonds between themselves that lasted long after that first season was over. Through it all, Elder, an Alabama native and lifelong Baptist, watches his community with both a loving and an objective eye. His brief eyewitness account of both the worst and best elements of Southerners during this tumultuous era is compelling testimony.

Maroon & Gold Bob Eger,2001-09-01 In *Maroon & Gold: A History of Sun Devil Athletics*, veteran sportswriter Bob Eger recounts not only the most celebrated moments but many little-known items from the university's colorful sports history. From turn-of-the-century football legend Charlie Haigler to the electrifying Whizzer White to latterday star Jake Plummer, the rich football lineage is well documented. But this is much more than a football book. Who could forget coach Ned Wulk's great basketball teams of the early 1960s or the five national basketball titles? It's a little-known fact that women were participating in an early form of aerobics on campus as early as 1891 and playing basketball in 1898, though the school didn't begin attracting national attention for women's athletics until golfer JoAnne Gunderson and diver Patsy Willard began to dominate their sports in the late 1950s and early 1960s. *Maroon & Gold: A History of Sun Devil Athletics* is must reading for any true Sun Devil fan from any generation.

Cinderella Ball Bob Kuska,2008 For most of the twentieth century, West Virginia was a college basketball hotbed. Its major programs were a success, but perhaps even more successful was the West Virginia Intercollegiate Athletic Conference, composed of fifteen schools that rarely earned headlines but set many records and became an identifiable part of small town culture and a source of state pride. This ethos exists today in small town Kentucky and Indiana but struggles to survive in West Virginia. Part of the reason is the state's population decline since the 1950s. That, author Bob Kuska argues, along with the rise of cabl.

On Wisconsin! Includes a complete listing of Wisconsin's nearly 10,000 letter winners and a detailed history of coaches and administrators behind the scenes.

Making March Madness Chad Carlson, 2017-08-15 Throughout the NCAA Tournament's history, underdogs, Cinderella stories, and upsets have captured the attention and imagination of fans. Making March Madness is the story of this premiere tournament, from its early days in Kansas City, to its move to Madison Square Garden, to its surviving a point-shaving scandal in New York and taking its games to different sites across the country. Chad Carlson's analysis places college basketball in historical context and connects it to larger issues in sport and American society, providing fresh insights on a host of topics that readers will find interesting, illuminating, and thought provoking.

The Blue Book of College Athletics, 1948

Light Blue Reign Art Chansky, 2009-10-27 The 09'-10' NCAA college basketball season marks the 100th anniversary of North Carolina basketball. The Tar Heels have earned top-five rankings in preseason polls four of the last five years, twice at #1. But they weren't always seen as a power - house team. Their strength has been decades in the making. Light Blue Reign documents the building of a program, a behind-the-scenes, far-reaching, wide-angle perspective on one of the most formidable college basketball teams in the country. Art Chansky, a sportswriter who has covered basketball on Tobacco Road

for more than 30 years, uses first-hand accounts from interviews with people who were present during the fifty-year dynasty to construct an intimate, detailed narrative of what it was like to play and work for the three Hall of Fame coaches who defined this era of success.

Fightin' Words Joe Cox, Ryan Clark, 2016-10-11 The long-standing rivalry between the Kentucky Wildcats and the Louisville Cardinals is one of the most heated in college basketball. Facing off against each other on the court for over a century, the intrastate rivalry became red-hot over thirty years ago when the two faced each other in 1983 NCAA tournament, and Louisville narrowly edged out the Wildcats to advance to the Elite Eight. The heat hasn't died down since '83; in fact, the animosity between the two has only gotten stronger, with numerous face-offs—both on and off the court. In *Fightin' Words*, Joe Cox and Ryan Clark expertly narrate the blow-by-blows of all the most important moments in the history of the Kentucky-Louisville rivalry. *Fightin' Words*, first published in 2014 and now newly updated in paperback, covers the hundred-plus year span of the feud. From the twelve games played prior to the fated 1983 meeting, to the Wildcat-Cardinal meet-up in the Final Four round of 2014 NCAA tournament, and every game in between through the 2014-15 season, all the games covered include insightful pregame evaluation, commentary on the games' most important plays, and expert postgame analysis, along with interviews from key players. From off the court, read how Louisville coach Denny Crum craftily out-recruited Kentucky coach Joe Hall or the athletes in inner-city Louisville; discover a blow-by-blow of Hall of Fame coach Rick Pitino's move from the Wildcats to the Cardinals; and learn how John Calipari transformed a losing Kentucky team into NCAA Champions. With individual chapters chronicling every meet-up, *Fightin' Words*
