Navy Department Communiques United States. Navy Department,1943

History of United States Naval Operations in World War II Samuel Eliot Morison,2002-02-05 This final narrative volume of Morison's history recounts the infamous campaigns for Iwo Jima and Okinawa, two of the most bitterly contested campaigns of the war. When the U.S. Marines landed on Iwo Jima, they expected to secure it within a few days. No one had anticipated Japan's determination to defend the island to the last man. Morison describes the Japanese defense system of camouflaged rifle pits and fortified gunning positions that held the Allies at bay and the heavy and continuous cover of naval gunfire that prevented even greater losses. As it was, the securing of Iwo Jima cost the United States more casualties than had been incurred in taking any other island in the Pacific. On Okinawa, the conflict stretched over six long, bloody months. As land forces struggled for every inch they took on the islands, the U.S. Navy faced the desperate fury of the kamikaze corps and its harvest of flaming terror: explosions, burning and flooded ships, searing injuries and death. Fierce weather, logistical complexities, Japanese submarines, and the unexpected death of President Roosevelt also took their toll. Morison concludes his epic account with the final skirmishes of the war, the fateful decision to drop the atomic bomb, and the delicate negotiations leading to Japanese surrender.

History of United States Naval Operations in World War II: The rising sun in the Pacific, 1931-April 1942 Samuel Eliot Morison,2001 Volume III: The Rising Sun in the Pacific, 1931-April 1942 chronicles the difficult early months of the campaign in the Pacific, detailing the navy's reverses at Wake Island, in the Philippines, and along the Malay Barrier.

Warhol-isms Andy Warhol,2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well. I went to [a psychiatrist] once, and he never called me back. They always say that time changes things, but you actually have to change them yourself. I've never met a person I couldn't call a beauty. New things are always better than old things. I'm still a commercial artist. I was always a commercial artist.

The Official Chronology of the U.S. Navy in World War II Robert J Cressman,2016-10-15 Ten years after the close of World War II, the U.S. Navy published a chronology of its operations in the war. Long out of print, the work focused on what were then defined as critical and decisive events. It ignored a multitude of combat actions as well as the loss or damage of many types of U.S. ships and craft—particularly auxiliaries, amphibious ships, and district craft—and entirely omitted the U.S. submarine campaign against Japanese shipping. This greatly expanded and updated study, now available in paperback with an index, goes far beyond the original work, drawing on information from more than forty additional years of historical research and writing. Massive, but well organized, it addresses operational aspects of the U.S. Navy's war in every theater.

Military Innovation in the Interwar Period Williamson R. Murray, Allan R. Millett,1998-08-13 A study of major military innovations in the 1920s and 1930s.

Mud, Blood and Poppycock Gordon Corrigan,2012-12-20 The true story of how Britain won the First World War. The popular view of the First World War remains that of BLACKADDER: incompetent generals sending brave soldiers to their deaths. Alan Clark quoted a German general's remark that the British soldiers were 'lions led by donkeys'. But he made it up. Indeed, many established 'facts' about 1914-18 turn out to be myths woven in the 1960s by young historians on the make. Gordon Corrigan's brilliant, witty history reveals how out of touch we have become with the soldiers of 1914-18. They simply would not recognize the way their generation is depicted on TV or in Pat Barker's novels. Laced with dry humour, this will overturn everything you thought you knew about Britain and the First World War. Gordon Corrigan reveals how the British embraced technology, and developed the weapons and tactics to break through the enemy trenches.

A War To Be Won Williamson Murray, Allan Reed Millett,2009-06-30 Chronicles the military operations and tactics of World War II in both the European and Pacific theaters from the Sino-Japanese War in 1937 to the surrender of Japan in 1945.

The Campaign in German South West Africa, 1914-1915 John Johnston Collyer,1937

The South Africans with General Smuts in German East Africa, 1916 John Johnston Collyer,2004 Originally published in 1939 as a South African official history for their forces in World War I, this book covers the period from February 1916 to January 1917. There are chapters on the situation in German East Africa prior to the arrival of General Smuts, the occupation of the Kilimanjaro area, operations of the 1st Division in a number of battles and the operations of General van Deventer.

Springboks On The Somme - South Africa in the Great War 1914 - 1918 Bill Nasson,2012-10-02 The Great War of 1914-18 was a conflict which engulfed the whole world, directly or indirectly. It was an imperialist world war that tugged the new Union of South Africa and its people into a series of separate but connected conflicts - from the domestic Afrikaner Rebellion on the highveld, through the sands of German South West Africa, the steamy bush of German East Africa, and on to the mud and blood of France and Flanders. This book is the first general study of the complex ways in which South Africans experienced the impact of the First World War, and responded to its demands, burdens and opportunities. Told with his customary narrative energy and ironic style, Bill Nasson's new history is a lively account not only of how South Africa fought the war, but also of the miscalculations and illusions that surrounded its involvement, and of how South African society came to imagine and remember that great and terrible conflict.

The Ballets Russes and Its World Lynn Garafola,Nancy Van Norman Baer,Nancy Baer,1999-01-01 The dance, art, music, and cultural worlds of the Ballets Russes--a dance company which helped define the avant-garde in the early part of this century--are surveyed in this book, which begins with Serge Diaghilev's influence. 200+ illustrations.

Rude Mechanicals A. J. Smithers,1989-01-26 In this sequel to *An New Excalibur*, which examined the development of the tank during World War I and after, Smithers examines the role played by tanks in World War II. At the beginning of the war only the Germans and the Russians had realized the full power of the tank. The British and the Americans were forced to try to catch up. One difficulty was fundamentally a matter of finding the right tool for the right job. In the last year of the war, the Germans relied on the immense King Tigers, which lacked speed and manoeuvrability; while the Allies were confined to Shermans, Cromwells and Churchills, which were incapable of making a heavyweight impact. Each side had some envy for the other.

De Basil's Ballets Russes Kathrine Sorley Walker,2010 The author details the story of Colonel W. de Basil's company of Russian ballet dancers who kept alive the heritage of the Russian ballet for 20 years.
