Going Home Again Adam Lucas, 2005-11-01 Roy Williams is awesome, baby, with a capital 'A.' - Dick Vitale As he traveled across the state of North Carolina in the summer of 2003, Roy Williams delivered a repetitive refrain to the thousands of University of North Carolina basketball fans who

packed his public appearances: Ol' Roy ain't that good. Carolina fans didn't care to hear it, because they firmly believed that ol' Roy was, indeed, more than good--he was great. He was the prodigal son who served as Dean Smith's assistant coach, turned down the Carolina job in 2000, and finally accepted it in April of 2003. Williams became the Tar Heels's head coach after fifteen spectacular years at Kansas, and the immediate expectation was that he would find similar success in Chapel Hill, a once-proud program that had stumbled under former head coach Matt Doherty. But Williams knew something that it would take casual fans months to realize: Teaching the team of moody basketball players to play winning basketball would be about much more than simply what happened on the court. Williams had established a successful program at Kansas by connecting with the players he had recruited over their four-year careers. At Carolina, he had less than twelve months to turn a group of talented individuals into a basketball team that could function at the highest level of NCAA competition--the Atlantic Coast Conference. *Going Home Again* is the story of Roy Williams's first season as North Carolina's head basketball coach. Author Adam Lucas takes you inside the locker room and behind the scenes with the nation's most revered basketball program, providing a rare glimpse into the inner workings of one of the country's most secretive college sports dynasties.

Then a chance encounter with a stranger from the other side of the galaxy threatens to derail what remains of Scout's life. The entire galaxy awaits her, if she survives the next four days. In Quaking Hills Scout just wants to find the man who conned her mentor and leave her home world for good. Alas, the long-threatened war draws nearer and Scout finds herself caught in the middle, surrounded by rebels and bandits. Worse, she carries a pocketful of dangerous secrets with no one to entrust them to. And the hills keep shaking. Something lurks deep underground. Something massive. Something world-destroying. Scout leaves in three days. If she lives that long. Among Treacherous Stars Scout wants nothing more than to leave her home. She makes it as far as

her own planet's orbit before the snares of bureaucracy close around her, trapping her on a space station populated by her people's oldest foe. Then her rescuer, her only friend in the galaxy, disappears, abducted by a group of strangers the moment he steps off his ship. Alone in a strange place, surrounded by the old enemies she knows and new enemies just making themselves known, Scout faces a challenge like none before. But with her dogs at her side, Scout stands prepared for anything. Against Impassable Barriers Caught between two factions of a powerful trade dynasty, Scout fights to remain free and to protect her friends. But the people trying to make her their pawn barely seem human to her eyes. Fight them? She can barely understand them. With friends on both sides of the planetary blockade, Scout just needs to find a way to get her friends stuck on the inside to those waiting for them on the outside. But foes also lurk on both sides. And they hide among her friends. How to tell friend from foe? Scout better learn before the enemies close in around her. Over Freezing Altitudes Having escaped yet another closing trap, Scout finds herself on a snowbound mountaintop far from civilization. With assassins eager to kill her, laying low on an alien world is the smartest play. But wherever Scout goes, trouble follows. And a hamlet in the mountains gets far more remote when girl assassins destroy the only means back to civilization. Now Scout and her dogs face a long, cold climb back to the frozen star port city, her only guide, a girl whose sister Scout killed when fighting for her life. Can she get to safety before the girl learns the truth about Scout? And what secrets of her own is this strange girl keeping? At Galactic Central Galactic Central, a collection of floating cities in a vast, manmade, planetless cloud. Scout longed to see it since she first heard of it. This place long represented her shining future. But in her less shiny present, she reaches it by smuggling herself aboard a cargo ship and hides in the lower sewer-like levels of the most opulent of the floating cities. Teams of girl assassins still hunt her. Worse, her

friends are in danger and don't even know. Scout has to save her friends, because saving her friends means saving her entire planet from enslavement to the Tajaki trade dynasty. Caught between two sides of that dynasty, with a mysterious third party desperate to remove her from the galaxy, Scout is in way over her head. But with her friends, she just might see a path to victory for all of them.
