Mr. Standfast John Buchan,1921 “Mr Standfast” is a spy novel featuring Richard Hannay, written by John Buchan and published in 1919 by Hodder & Stoughton. Richard Hannay is recalled from the Western Front by his good friend Bullivant in order to be assigned a new mission. As always, the whole action revolves around identifying a master German spy who operates in Britain along with his agents. In order to find him out, he must adopt a disguise he truly dislikes, the one of a pacifist. He then travels to the Cotswolds as Cornelius Brand, a South African war objector, in order to penetrate a group of war-hating intellectuals. He falls in love with a young woman called Mary who is also part of the group. John Buchan is the inventor of the modern British spy novel.

Sheathed in shadows, vulnerable only to light, they are Taken. Wake's journey will lead him to the very edge of madness, and deep within the dark woods, he will come face-to-face with a story he has no recollection of ever writing.

**Warhol-isms** Andy Warhol,2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—“In the future, everyone will be world-famous for 15 minutes.” Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well.I went to [a psychiatrist] once, and he never called me back.They always say that time

changes things, but you actually have to change them yourself.I've never met a person I couldn't call a beauty.New things are always better than old things.I'm still a commercial artist. I was always a commercial artist.

**House of Leaves** Mark Z. Danielewski,2000-03-07 "A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

The Thirty-Nine Steps John Buchan,2020-04-13 Famous as the basis for several films, including the brilliant 1935 version directed by Alfred Hitchcock, The Thirty-Nine Steps is a classic of early twentieth-century popular literature. Richard Hannay has just returned to England after years in South Africa and is thoroughly bored with his life in London. But then a murder is committed in his flat, just days after a chance encounter with an American who had told him about an assassination plot that could have dire international consequences. An obvious suspect for the police and an easy target for the killers, Hannay goes on the run in his native Scotland where he will need all his courage and ingenuity to stay one step ahead of his pursuers.
