What Color Is Your Wallpaper? Steven C. Macon, 2012-07-01 Look around you. See beyond your noses! What color is your wallpaper? Yes, that's right, what color is your wallpaper? If I was to ask you right now, without looking, could you tell me what color your wallpaper is? What kind of design it has on it? Wait a minute, you say that's not fair! You might shout back, "Who cares what color my wallpaper is?" That's precisely the point. Nobody really cares but you. After all, you or your spouse picked it out. You might have remembered what it looked like the day you picked it out. But what about now, one month later, or perhaps ten years later? How well do you see your surroundings?

The Art of Wallpaper Victoria & Albert Museum, 2018-01-16 Color, complete, and create wallpaper patterns inspired by a dazzling range of historical designs The choice of wallpaper—an intricate floral motif, a complex repeat pattern, or a bold abstract design—can transform a room. The Art of Wallpaper showcases inspirational wallpapers from the V&A's outstanding collection, from intricate hand-drawn designs to bold, woodblocked prints, and invites readers to create designs of their own. The book begins with a brief history of wallpaper manufacture and design. The activities are divided into four sections, becoming progressively more difficult: Experiment with Color, Complete the Repeat, Fill in the Gaps, and Create Your Own. Thumbnails at the

end of the book identify all the featured designs. Wallpaper's ubiquity and versatility have allowed designers to innovate and experiment with color, technique, and style. The Art of Wallpaper encourages readers to explore the endless variety of this medium and provides inspiration for new designs.

Wallpapers in Historic Preservation Catherine Lynn,1977 The papered and bordered wall was an important feature of American interiors during the 18th, 19th, and early 20th centuries. Paper hangings, both imported and of domestic manufacture, were more widely used than many of our restored buildings might lead us to believe. This book attempts to catalog and describe the variety, as well as accounting for restoration and preservation of pieces as part of the historical record. --Amazon.

The Yellow Wallpaper Charlotte Gilman, 2015-07-15

Unabridged & Original version with all 50 pages The Yellow Wallpaper (original title: The Yellow Wallpaper. A Story) is a 6,000-word short story by the American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine. It is regarded as an important early work of American feminist literature, illustrating attitudes in the 19th century toward women's health, both physical and mental. Presented in the first person, the story is a collection of journal entries written by a woman whose physician husband (John) has rented an old mansion for the summer. Foregoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment she is forbidden from working, and is encouraged to eat well and get plenty of exercise and air, so she can recuperate from what he calls a temporary nervous depression - a slight hysterical tendency, a diagnosis common to women in that period. She hides her journal from her husband and his sister the housekeeper, fearful of being reproached for overworking herself. Because it's a nursery the room's windows are barred, to prevent children from climbing through them, and there is a gate across the top of the stairs, though she and her husband have access to the rest of the house and its adjoining estate. The story depicts the effect of understimulation on the narrator's mental health and her descent

into psychosis. With nothing to stimulate her, she becomes obsessed by the pattern and color of the wallpaper. It is the strangest yellow, that wall-paper! It makes me think of all the yellow things I ever saw - not beautiful ones like buttercups, but old foul, bad yellow things. But there is something else about that paper - the smell! ... The only thing I can think of that it is like is the color of the paper! A yellow smell. In the end, she imagines there are women creeping around behind the patterns of the wallpaper and comes to believe she is one of them. She locks herself in the room, now the only place she feels safe, refusing to leave when the summer rental is up. For outside you have to creep on the ground, and everything is green instead of yellow. But here I can creep smoothly on the floor, and my shoulder just fits in that long smooch around the wall, so I cannot lose my way.
