Chinese Wallpaper in Britain and Ireland Emile de Bruijn,2019-02-12 Chinese wallpaper has been an important element of western interior decoration for three hundred years. As trade between Europe and China flourished in the seventeenth century, Europeans developed a strong taste for Chinese art and design. The stunningly beautiful wall coverings now known as 'Chinese wallpaper' were developed by Chinese painting workshops in response to western demand. In spite of their spectacular beauty, Chinese wallpapers have not been studied in any depth until relatively recently. This book provides an overview of some of the most significant Chinese wallpapers surviving in the British Isles. Sumptuously illustrated, it shows how these wallpapers became a staple ingredient of high-end interiors while always retaining a touch of the exotic.

The Design, Production and Reception of Eighteenth-Century Wallpaper in Britain Clare Taylor,2018-06-12 Wallpaper's spread across trades, class and gender is charted in this first full-length study of the material's use in Britain during the long eighteenth century. It examines the types of wallpaper that were designed and produced and the interior spaces it occupied, from the country house to the homes of prosperous townsfolk and gentry, showing that wallpaper was hung by Earls and merchants as well as by aristocratic women. Drawing on a wide range of little known examples of interior schemes and surviving wallpapers, together with unpublished evidence from archives including letters and bills, it charts wallpaper's evolution across the century from cheap textile imitation to innovative new decorative material. Wallpaper's growth is considered not in terms of chronology, but rather alongside the categories used by eighteenth-century tradesmen and consumers, from plains to flocks, from China papers to papier mâché and from stucco papers to materials for creating print rooms. It ends by assessing the ways in which eighteenth-century wallpaper was used to create historicist interiors in the twentieth century. Including a wide range of illustrations, many in colour, the book will be of interest to historians of material culture and design, scholars of art and architectural history as well as practicing designers and those interested in the historic interior.

Wallpaper Zoë Hendon,2018-09-20 We agonise and argue when choosing it; we admire, compliment and criticise it (or keep politely quiet about it); and the rest of the time we don't even notice it. Wallpaper has been the backdrop to our homes for hundreds of years. It can make a house feel cosy or trendy, modern or traditional, and it is one of the key elements of home décor through which to express personal taste. Despite the threat from plain-painted minimalism, wallpaper maintains a strong presence in modern domestic decoration. Zoë Hendon traces the history of wallpaper in Britain and its foremost designers, examining how social mobility and new technologies have influenced design trends. From early Chinoiserie, through William Morris and on to the 'feature wall', this book looks at wallpaper's surprisingly controversial place in shaping our sense of home.

Wallpaper Brenda Greysmith,1976 First ever historical survey of the design and production of wallpaper throughout Europe and America. This book traces the evolution of wallpaper from the early days of wall coverings, to the latest developments in popular taste and production techniques.

The East India Company at Home, 1757-1857 Margot Finn,Kate Smith,2018-02-15 The East India Company at Home, 1757–1857 explores how empire in Asia shaped British country houses, their interiors and the lives of their residents. It includes chapters from researchers based in a wide range of settings such as archives and libraries, museums, heritage organisations, the community of family historians and universities. It moves beyond conventional academic narratives and makes an important contribution to ongoing debates around how empire impacted Britain. The volume focuses on the propertied families of the East India Company at the height of Company rule. From the Battle of Plassey in 1757 to the outbreak of the Indian Uprising in 1857, objects, people and wealth flowed to Britain from Asia. As men in Company service increasingly shifted their activities from trade to military expansion and political administration, a new population of civil servants, army officers, surveyors and surgeons journeyed to India to make their fortunes. These Company men and their families acquired wealth, tastes and identities in India, which travelled home with them to Britain. Their stories, the biographies of their Indian possessions and the narratives of the stately homes in Britain that came to house them, frame our explorations of imperial culture and its British legacies.

Conceptual Performance Nick Kaye,2023-12-22 Conceptual Performance explores how the radical visual art that challenged material aesthetics in the 1960s and 1970s tested and extended the limits, character and concept of performance. Conceptual Performance sets out the history, theoretical basis, and character of this genre of work through a wide range of case studies. The volume considers how and why principal modes and agendas in Conceptual art in the 1960s and 1970s necessitated new engagements with performance, as well as expanded notions of theatricality. In doing so, this book reviews and challenges prevailing histories of Conceptual art through critical frameworks of performativity and performance. It also considers how Conceptual art adopted and redefined terms and tropes of theatre and performance: including score, document, embodiment, documentation, relic, remains, and the narrative recuperation of ephemeral work. While showing how performance has been integral to Conceptual art's critiques of prevailing assumptions about art's form, purpose, and meaning, this volume also considers the reach and influence of Conceptual performance into recent thinking and practice. This book will be of interest to scholars and students of theatre, performance, contemporary art, and art history.

The Yellow Wall-Paper Charlotte Perkins Gilman,2015-02-26 'The color is hideous enough, and unreliable enough, and infuriating enough, but the pattern is torturing.' Written with barely controlled fury after she was confined to her room for 'nerves' and forbidden to write, Gilman's pioneering feminist horror story scandalized nineteenth-century readers with its portrayal of a woman who loses her mind because she has literally nothing to do. Introducing Little Black Classics: 80 books for Penguin's 80th birthday. Little Black Classics celebrate the huge range and diversity of Penguin Classics, with books from around the world and across many centuries. They take us from a balloon ride over Victorian London to a garden of blossom in Japan, from Tierra del Fuego to 16th-century

California and the Russian steppe. Here are stories lyrical and savage; poems epic and intimate; essays satirical and inspirational; and ideas that have shaped the lives of millions. Charlotte Perkins Gilman (1860-1935). Gilman's work is available in Penguin Classics in *The Yellow Wall-Paper*, *Herland* and *Selected Writings*.

Jewish Ireland Ray Rivlin, 2011-06-01 *Jewish Ireland: A Social History* is an engaging and thoroughly researched panorama of Irish Jewry. Based on library and archival material, private memoirs and oral testimony, it traces Irish-Jewish life from the 1880s when Orthodox Russian Jews, forced to flee Tsarist persecution, began arriving in Ireland without any means of support, little secular education and no understanding of English. Overcoming poverty and antipathy, they established Jewish enclaves around the South Circular Road in Dublin and in townships and cities throughout Ireland, educated themselves from peddlers to professionals and entrepreneurs, took an active part in the Irish civil war and other major conflicts, engaged in national politics and sport and achieved acclaim in literature, art and music. This insightful and often humorous portrayal of a people underlines the contribution made to Ireland by its Jewish citizens and gives an invaluable understanding of the Jewish way of life to the wider community.

The Art of David Ireland Karen Tsujimoto, Jennifer R. Gross, 2003-12-15 Widely recognized as one of the West Coast's most important and critically acclaimed practitioners of conceptual and installation art, David Ireland (born 1930) has taken the concept of art itself as one of his subjects. A self-described post-discipline artist, guided by Zen thought and postmodern aesthetics, Ireland moves fluidly from making small drawings to creating sculptures as large as houses. Freely incorporating anything within his conceptual or physical reach—dirt, concrete, wire, and other everyday materials—his work is subtle, puzzling, and witty, and consistently challenges traditional definitions of art. In this book accompanying the first full-scale retrospective of Ireland's work, curator and author Karen Tsujimoto provides an insightful overview of more than thirty years of the artist's accomplishments, from his drawings, sculptures, and site-specific installations to his remarkable series of architectural transformations, including his well-known house at 500 Capp Street in San Francisco. Chronicling Ireland's circuitous route to his calling, Tsujimoto explores how key life experiences have influenced his artistic perspective—from his early art-student days, through his years as an African importer and safari guide, to his long-standing interest in Eastern, and particularly Zen, philosophy and his deep connections with the San Francisco Bay Area conceptual art community. An illuminating essay by art historian and curator Jennifer R. Gross also considers Ireland's art in terms of historical materialism—assessing his use of neglected materials and artifacts as a process of cultural preservation.

The First Irish Cities David Dickson, 2021-06-08 The untold story of a group of Irish cities and their remarkable development before the age of industrialization A backward corner of Europe in 1600, Ireland was transformed during the following centuries. This was most evident in the rise of its cities, notably Dublin and Cork. David Dickson explores ten urban centers and their patterns of physical, social, and cultural evolution, relating this to the legacies of a violent past, and he reflects on their subsequent partial eclipse. Beautifully illustrated, this account reveals how the country's cities were distinctive and—through the Irish diaspora—influential beyond Ireland's shores.

Full Irish Sarah A. Lappin, 2009-09-23 From Georgian cities to modernist masterpieces, architecture in Ireland has a long history of excellence. The last fifteen years, however, witnessed more social, economic, and cultural change than any previous period on the island, leaving a dramatic mark on the country's architecture. A new commitment to design quality by developers and a series of government-sponsored competitions to design new civic buildings enabled Ireland to become for the first time a net importer of architectural talent. These architects, from disparate cultures and design backgrounds, filled Ireland's landscape with modern architectural masterworks, from small private homes to large community centers. In *Full Irish* author Sarah A. Lappin examines the nature of twenty-first-century Irish architectural identity as it develops its own progressive, contemporary idiom. Illustrated with color photographs and drawings, *Full Irish* includes more than seventy projects from Ireland's leading firms as well as its up-and-coming designers: Boyd Cody, Alan Jones, de Blacam and Meagher, Bucholz McEvoy, de Paor Architects, FKL Architects, Dominic Stevens, Grafton Architects, Henchion+Reuter, Hackett Hall McKnight, Heneghan.Peng, McCullough Mulvin, Hassett + Ducatez, MacGabhann Architects, O'Donnell + Tuomey, and ODOS Architects.

A Post-Nationalist History of Television in Ireland Edward Brennan, 2019-01-25 This book explores the question of how society has changed with the introduction of private screens. Taking the history of television in Ireland as a case study due to its position at the intersection of British and American media influences, this work argues that, internationally, the transnational nature of television has been obscured by a reliance on institutional historical sources. This has, in turn, muted the diversity of audience experiences in terms of class, gender and geography. By shifting the focus away from the default national lens and instead turning to audience memories as a key source, *A Post-Nationalist History of Television in Ireland* defies the notion of a homogenous national television experience and embraces the diverse and transnational nature of watching television. Turning to people's memories of past media, this study ultimately suggests that the arrival of the television in Ireland, and elsewhere, was part of a long-term, incremental change where the domestic and the intimate became increasingly fused with the global.
