*Rule #1* Phil Town, 2006-03-21 #1 NEW YORK TIMES BESTSELLER • “The clearest and best book out there to get you on the path to riches. This one’s special!”—Jim Cramer, host of CNBC’s *Mad Money* “Great tools for anyone wanting to dabble in the stock market.”—USA Today Phil Town is a very wealthy man, but he wasn’t always. In fact, he was living on a salary of \$4,000 a year when some well-timed advice launched him down a highway of investing self-education that revealed what the true “rules” are and how to make them work in one’s favor. Chief among them, of course, is Rule #1: “Don’t lose money.” In this updated

edition to the #1 national bestseller, you'll learn more of Phil's fresh, think-outside-the-box rules, including: • Don't diversify • Only buy a stock when it's on sale • Think long term—but act short term to maximize your return • And most of all, beat the big investors at their own game by using the tools designed for them! As Phil demonstrates in these pages, giant mutual funds can't help but regress to the mean—and as we've all learned in recent years, that mean could be very disappointing indeed. Fortunately, Rule #1 takes readers step-by-step through a do-it-yourself process, equipping even the biggest investing-phobes with the tools they need to make quantum leaps toward financial security—regardless of where the market is headed.

**The Tao of Warren Buffett** Mary Buffett, David Clark, 2006-11-21 A collection of the inspiring words and wisdom from America's favorite businessman that reveal his

secrets of success from the bestselling authors of Buffettology and The New Buffettology. Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In The Tao of Warren Buffett, Mary Buffett—author of three books on Warren Buffett's investment methods—joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor—large or small—and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: You should invest in a business that even a fool can run, because someday a fool will. No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant. Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do. The Tao of Warren Buffett inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to

become a classic.

**Secret Millionaires Club** Andy Heyward,Amy Heyward,2013-07-24 Priceless finance advice everyone can relate to from one of the world's most respected businessmen and the most successful investor of all time Of course you know who Warren Buffett is; he's the most successful investor in the world—maybe of all times. Written in conjunction with the hit television series, Secret Millionaire Club and with Buffett's input and full support, this book makes Buffett's financial philosophy and homespun life lessons available to everyone outside his Secret Club. Warren Buffet's goal in spearheading this book was to share lessons about personal finance he has learned and that he hopes will benefit you (and your kids) for a lifetime You'll learn the fundamentals of personal finance by reading Warren Buffett's war stories and personal reflections on money, life, business, ethics and more All of the finance principles covered in the book were personally approved by Warren Buffett as those which he himself follows Unforgettable Buffett quotes include: Price is what you pay. Value is what you get; Risk comes from not knowing what you're doing; and Profit from folly rather than participate in it.

"Spend each day trying to be a little wiser than you were when you woke up," Charles T. Munger advises in Poor Charlie's Almanack. Originally published in 2005, this compendium of eleven talks delivered by the legendary Berkshire Hathaway vice-chairman between 1986 and 2007 has become a touchstone for a generation of investors and entrepreneurs seeking to absorb the enduring wit and wisdom of one of the great minds of the 20th and 21st centuries. **Warren Buffett** Richard Borrows, 2015-07-11 The stock market has developed a reputation among the people of the

world as a mystical entity. It has become a realm with the top closed in on Wall Street with a circle of seemingly impenetrable suits even though the reality is that anyone can become an investor. Although the average Joe might be at an immediate disadvantage in terms of safety funds and insider knowledge on the best deals and short term fluctuations of a stock, there are most definitely options such as mutual funds like index funds that are easy to use and relatively safe in comparison to filling a portfolio with a narrow range of risky securities. Warren Buffett is known today as a massively successful entrepreneur and investor. However, all successful people had to make their way from the beginning, Warren Buffett included. It is often both inspiring and a key to understanding to look at a successful person's journey to success, and so in this book I cover Warren Buffett's success story, the Warren Buffett Way, his portfolio and stocks, quotes, and tips. I hope that with this book, you will not only learn to be a smart investor, but become successful in more ways than one while gaining insight into the business world as a whole. Specific topics covered in this book include:- Warren Buffett's Road to Success- The Warren Buffett Way- The Warren Buffett Portfolio- The Warren Buffett Stocks- Motivational Warren Buffett Quotes- Final Warren Buffett Investing Tips

**The Oracle Speaks: Warren Buffett In His Own Words** David Andrews, 2012-11-19 From his office in Omaha, Nebraska, without even the benefit of a computer,

Warren Buffett has racked up an investment record that far surpasses his counterparts on Wall Street—or anyone else in the world, for that matter. While traditionally stock exchanges have returned about 11 percent annually in the past half century, Buffett's investments have by nearly 29 percent a year, solidifying Buffett's conglomerate holding company, Berkshire Hathaway, as the eighth-largest business in the world and netting him \$44 billion along the way. Despite this tremendous success, “the Oracle of Omaha” remains modest. He acknowledges that he has a unique ability to evaluate businesses, but he doesn't feel entitled to the vast wealth that ability has earned him. Instead, he likes to say that he was born at the right place and time. This humility in the face of proven talent and innumerable wealth is part of what makes Buffett universally popular—he is one of the world's wealthiest men and yet he is still personable and relatable. For the first time, the most thought-provoking and inspiring quotes from Buffett are now compiled in a single book. *The Oracle Speaks: Warren Buffett in His Own Words* is a comprehensive guidebook to the inner workings of the Berkshire Hathaway chairman. Hundreds of Buffett's best quotes, comprising thoughts on investing, Wall Street, business, politics, taxes, and life lessons, will provide the most intimate and direct look into the mind of a modern business icon and give readers enough counsel to last a lifetime. Media outlets, financial advisers, politicians, and Americans from Main Street to Wall Street hang on every word Buffett speaks, hoping to gain valuable insight into Buffett's investments and successes. There is possibly no greater stamp of approval in the business world than to have Buffett invest in a company, and few leaders in the course of history have commanded such universally agreed-upon respect. Even beyond his business savvy, Buffett is

influential as a progressive thinker and active philanthropist, having pledged to give most of his money to charity through the Bill and Melinda Gates Foundation as well as foundations run by his three children. It is this humility that consistently draws people to Buffett, and will draw people to *The Oracle Speaks*. Most recently, inspired by Buffett's New York Times editorial in which he claimed he paid too little in taxes, President Barack Obama and Congress have named a series of tax reforms after Buffett. While the political implications have been controversial, Buffett has retained his reputation as an outspoken and successful business leader. *The Oracle Speaks* draws from decades of interviews, editorials, and annual shareholder reports, amassing the most complete outline of how Buffett believes a good business is run and a good life is led. It's advice that Buffett has successfully adhered to throughout his 80-plus years, and it is advice now available in the succinct, poignant, gift-friendly package of *The Oracle Speaks*.

Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it *The Indefensible*.
